TWO ACRES.

Deficiencies des

The Farmer.

The twenty sixth meeting of the Ger-ntown (near Philadelphia) Farmers, ib was holden at the house of Philip Freas, on the 23d Nov. He is the tor of the Germaniown Telegraph, a rm and active friend of agriculture, ticulture, &c., and the originator of club. "Though his whole plot of und comprises less than two acres and ose who are sighing for more land I do well to read his statement carely, and enquire whether it would not wise to cultivate their present acres ter, than to add to their number. The orter at the meeting states in the Telaph that during the present year there s cut two tons and a quarter of prime y; there were patches of turnips, turos, carrots, parsnips, beets, cabbages, ree kinds) onions, peas, frejole and if a dozen other kinds of beans; sal y, lettuce. okra, corn, (Stowell's Sur, and Adams'); pointoes, pumpkins, ree varieties,) squashes, tomatoes, egg ints, asparagus in abundance, celery, splendid quality,) together with al-ost every other kind of vegetable to be ind in the catalogue. His fruit cont of melons, six kinds of cherries, five ads of plums, peaches; twenty-eight rieties of select pears; twelve varie. s of apples; red, white and black curits; gooseberries, blackberries, and ir varieties of raspberries, grapes, &c., . In the garden and mansion yard, ere was a very choice collection of wers, among them many select roses 1 rare vines. The ornamental-trees asist of five varieties of the fir; the ponica cryptomeria, the Deodar cedar, Irish yew, and the American arbor

r; the European linder, the sugar silver maples, the English and untain ash, &., &c. In addition to these, there was a numof beautiful Polish Fowls-black; ite and spangled-ind pea fowls in. barn-yard-a fish pond in the gar-

a-and a large number of choice fancy rooms at the house. In all this there in excellent taste displayed. We noed that they house and offices were hted with gas, warmed with a heater, -d-supplied-with-water from the public Baths, hot and cold, have for orks. ars been supplied by a reservoir on an evated back-building, holding some fifen hundred-gallons, which has also rnished pure, soft rain water for vari-

is parts of the buildings. In the garden is a small green house xcavated in the ground, say to the depth I three or four feet, framed up at the ides, raised a couple of feet above round, and covered with glass. In this enclosure or pit, the usual shelves are arranged to receive the pots; and we are ssured by Maj. Freas, that it is the best possible provision for flowers and almost very description of plants in the winter Roses, particularly, flourish in much reater perfection. During the whole of ie last unusually severe, winter, but a ngle delicate night blooming jessamine as at all injured by the frost

This green-house requires no artificial at. In the hot-beds, we found cucung, a spring radishes full grown. We ly truly say, in regard to the "Tele iph Farm," that it is a farm in miniae; but in comfort, convenience, and ic, without any large pretension to re costly elegance, it is a pattern lantation," and would, in the fullwing season, afford compensation for isit from any of our ponderous farm-In a word, it is in the strict sense he word, A HOME.

Miscellancous.= STEAM SAW MILL. STERATO SALVE avenue a large Steam Saw Mill, recouly built, on an improved plan, with a circular saw capable of sawing with great rapidity, located three miles west of Pá-portown, Camberland county, at the base of the South Moantain, on Spruce, Run, and having in possession near one thousand acres of the best timber land, in the Southern part of Penn-velania: are now wrenared in cava and furnish sylvanis; are now prepared to saw and furnish lumber to order, at the shortest notice of the various descriptions used for mechanical pur-poses. They can furnish frame staff for barns various descriptions used for meenances pur-poses. They can furnish frame stuff for barns and houses of any longth and size that may be required, weather-bearding, fluoring, and tea-cing boards, poplar and oak boards and plank, shingles and plastering laths, oak und chesnut shingles, coeper staff, pitch place poils, and chestuut ráils and posts. They have now on hand several thousand feet of lumber, chesnut rails and posts for fence, oak and plank, and several thousand feet of lumber, chesnut rails and posts for fence, oak and pine wood by the cord, and can engage to be delivered in its season several hundred cords of chesnut oak bark for tanning purposes. The proprietors having availed themselves of the natural advantages of their location, which abounds, in a variety of the finest timber, and having also a practical knewledge of the business, are enabled to furnish lumber lower to the elitzens of Cumberland county-than can be dowe by any similar establishment —and as they wish and expect to do a large business, will sparo no pains to accommodate the public at the shortest notice. The various descriptions of lumber will be delivered in for the shortest notice.

Time Jable at the shortest notice. The various descriptions of lumber will be delivered in Carlisle or elsewhere as may be desired. All orders addressed to the proprie-tors, Diven & Haskell, living in Papertown, or to Wm. D. Seymour, jr. in Carlisle, will secure prompt attention. DiVEN, HASKELL & SEYMCUR.
