Tired of Farming.

A few months ago, a man who had been a farmer from his early life, came to the city to buy stoves to sell again.— Said he to the stove dealer, "the weevi begins to infest the wheat, and all things considered. I am tired of farming,' and so have sold my farm." The stove deal er remarked, that he thought within himself, that just as like as not the discor tented Jarmer would find a weevil in th heart of the new business-and so proved, for when the day arrived of vhich the note matured, given for the sloves, the old farmer, now turned trades man, confessed that he had not been a bie to sell his stoves—that he had most o them on hand:

"Tired of farming," the most inde pendent busidess a man can engage in because, forsooth, there are disappoint ments, and perplexities, and trials, and vexations attending it. Remember, you who are tillers of the soil, that your cares and troubles and anxieties are few and far between, compared with those suffered by commercial men. If your chances to become rich are not 'so inviting and profitable, as those of the tradesman, bear n mind that the dangers of being very poor and destitute are far less. Famine ind abject poverty seldom overtake the farmer, or haunt him in their ghostly visits. He lives on the high table-land of promise, rising far above the murky region of want and destitution. His children can say there's bread enough in our father's house, and a piece to spare to the hungry of less fortunate callings.

"Tired of farming!" Supposing you are. What is to be done in such a case? Do you expect to find an employmen without trials and perplexities? If so, you are doomed to disappointment. There is no vocation in this world that will exempt those who engage therein from cares and fears and vexations. So if you are ured of farming, the best way is to get rested just as soon as you can. and prosecute anew the business for which you were early trained, and for which, it diligently followed, will yield a good supply of all the necessaries and -comforts of life, together with opportunities for mental and moral culture. व व व MEXICAN MUSTANG LINIMENT Through by Express,

Through by Express,

MESSRS, A G BRAGG & CO.—GENTLERENE: We have been using your MEXICAN MUSTANG LINIMENT with the most perfect success. One of our most valiable Express horses had been much troubled by large swellings for tumors on the fettocks; they had grown larger than hen's eggs. Besides being disfigured by these appendages, the limbs and joints appered quite stitlened, swollen and lame. We had tried many Liniments and other remedies, but nothing appeared to produce any effect upon them. We would, willingly HAVE GIVEN TVENTY-FIVE DOLLARS to have had them removed, and the horse-restored to soundness. Our hostler obtained some of your Liniment; and applied it without knowledge. A few days ago he called our attention to the horse, and to our surprise and gratification, his legs were perfectly smooth, THE TUMORS HAVING ENTIRE-LY DISAPPEARED! We asked him by what magic he, had effected such a remarkable cure! His reply was that he had been using the MUSTANG LINIMENT on them about ten days, and the result was the entire removal of the tumors without producing any soreness or leaving usear.

we therefore take great pleasure in recommending the Limiment, and shall continue to use it whenever occasion requires, in preference to any other preparation, so long usit produces such remarkable results.

Southern and Eastern express, No1 Wall'st., corner of Broadway, New York.

Since the above certificate was given, Messrs Kinsley & Co have informed us that one of his drivers was thrown from his wagon in the upper part of the city, and very badly braised, the wagon passing over his body. He was taken into a Dector's office close by, and THE PHYSICIAN TOLD HIM TO USE THE MUSTANG LINIMENT, as he had recently tried it in a similar case with great success. He did so, and all the soreness, lameness, and stiffness was removed, so that the next day he was about his business as usual.

business as usual.

"We take great pleasure in recommending the MEXIGAN MUSTANG LINIMENT to all our friends and customers, as the best article we have ever used for sores, bruises, sprains, or galds in horses. We have used it extensively and always effectually. Some of our men have also used it for severe bruises and sores, as well as rheumatic pains, and they all say it acts like magic—we can only say that we have abandoned the use of any other Liniment,

Another circumstance which 1 noticed a few
day ago, I thou, ht spoke highly of the virtues
of the Mustang. Being in the office of a Physician of high standing, I noticed as he opened a
door of his book-case, several bottles of Mustang alongside of which was an engry Mustang
bottle, and a two ounce prescription vial FILLED
WITH MUSTANG LINIMENT, on which
was the following digestions: "Rub the throat
well night and morning with the Liniment, and

O.K.Chamberlinis COMMERCIAL COLLEGE. ocated No 127 Baltimore Street, Baltimore, Md

The ostensible object of this Institution is to place in the reach of individuals proper facilities for obtaining a thorough and precised Mercantile Education. Nothing indeed has been omitted that is calculated to produce the desired result.

Mercantile Education. Nothing indeed has been omitted that is calculated to produce the desired result.

The rooms of the College are well fitted up, conveniently arranged, and situated in the niost desirable part of the City. Connected thereto is a Commercial Library, and this, in connection with familiar Lectures on Commercial Law and Mercantile Science, is a matter of the highest importance to all who desire to become Accountariles of the first order, and occupy stations of profit and responsibility. A young man can here obtain a more correct knowledge of general business matters in a few weeks than can be acquired in as many years in any one Counting Room.

The course of study embraces Double Entry Book keeping, and its adaptation to various departments of Commerce and Trade, Moreautile calculations taught according to the most apprived methods. Practical Penmanship, combining rapidity of execution with beauty of construction. Lectures on Mércantile Law, upon various important Mercantile, subjects baside many other points necessary for a book-keeper or business man to understand. The time necessary for an industrious student to complete the course varios from 5 to 8 weeks. There being no vacation, applicants can enter at any line and attend both day and evening, Examiniations are held at stated periods and Diplomas awarded to those who graduate.—For terms, &c., write and have a Circular forwarded by mail.

Vegetable Cattle Powder. Prepared by Breinig, Kronefield, & Co.

TTE discovery of BREINIG, FRONEFIELD, & A. Co's CELEBRATED CATTLE POWDER, has eet the whole community alive to a new fact in regard to feeding of Cattle, both for the purpose of maintaining health and increasing the production of Fat, Butter and Milk. The effect of their Powder has astonished every one that has used 11, and the demand has been so large that the proprictors could scarcely manufacture

sufficiently fest for their sales. The immense popularity it has obtained from farmers. Dairymen and Horsemen, and the confidence and success with which they have sed it have set the heads of other Druggists at work to make an article professing to be of equal merits, thinking to take advantage of our Powder's popularity, and by these means intro-duce other articles into the market, which duce other articles into the market, which have no affinity to our preparation whatever. Every person knows, who has read anything of-Agricultural Chemistry, that no powder-possessing such qualities as that, which we prepare was ever known in any part of Germany, Europe or America. We advise all persons, to read Prof. Leibies's works, and see for themread Prof. Leibigs's works and see for them-
