

SPECIAL OF EDWARD EVERETT.

From the Boston Transcript. We learn from the Boston Transcript that at the Municipal Celebration of the Fourth at Boston, the following sentiment was proposed in honor of the Federal Senate:

A. The Senate of the United States—When ever it (Everett) speaks dispassion and dispassion shall be the result. To this Mr. Everett replied as follows: Mr. Chairman and Gentlemen: I thank you for the toast which has just been given, and for the marked kindness with which it has been received by the assembly.

Mr. Chairman and Gentlemen: I thank you for the toast which has just been given, and for the marked kindness with which it has been received by the assembly. I am a native of the State of Massachusetts, and I have the honor to be present at this celebration of the Fourth of July.

Mr. Chairman and Gentlemen: I thank you for the toast which has just been given, and for the marked kindness with which it has been received by the assembly. I am a native of the State of Massachusetts, and I have the honor to be present at this celebration of the Fourth of July.

THE WORLD'S FAIR.

The New York Crystal Palace will be inaugurated on Thursday, the 14th inst., in the presence of the President of the United States and members of his Cabinet, the Governors and Commissioners from a number of the States, and the Foreign Commissioners.

The exhibition of the World's Industry, will undoubtedly far surpass all previous exhibitions in this country, even of American ones. The principal foreign nations will be represented as fully as the most expensive and costly private enterprises.

The main building covers 173,000 square feet, galleries included; and the additional building 38,000, being 206,000 in all. The additional building is composed of a first and a second story gallery, 21 feet broad and 450 feet long, with a side aisle 10 feet wide.

There seems to be a general scarcity of harvest hands all over the country this year, and the wages of the workmen have been increased in consequence. It is thought, from the difficulty experienced in housing the crops, that our farmers will be compelled very generally to introduce the new reaping and mowing machines, against which they have all along been somewhat prejudiced.

MR. EVERETT'S SPEECH. We give our readers a brilliant gem, this week, in the speech of the Hon. Edward Everett, of Massachusetts. We are confident our readers can read it without high satisfaction.

THE PRESIDENT'S TOUR. President Pierce, accompanied by Secretaries Guthrie, Davis and Cushing, left Washington on Monday morning for New York, where he is to participate in the ceremonies of opening the Crystal Palace.

REAPING AND MOWING MACHINES. A trial of reaping and mowing machines took place Thursday last, at the farm of Dr. James McCoy, in Montgomery county, Pa.

THE TORADO. Doleful accounts of the damage by the late torado continue to reach us in the papers of the interior. In Berks county great destruction was done in Lower Heidelberg, Spring, Currie, Exeter, Union, Amity, and other of the townships; barns, dwellings, mills, and all kinds of houses being unroofed, and otherwise injured, crops beaten down, etc.

RUMORS OF INDIAN FRAUDS. We learn from the Potomac papers, that rumors are rife in the Coal region of most gigantic frauds having been practiced for a series of years upon the Philadelphia and Reading Railroad Company, by a combination of certain extensive and highly respectable Coal operators, along the line of the Mine Hill and Schuylkill Haven Railroad, and an officer on that road, amounting in the aggregate, it is said, to over a quarter of a million of dollars!

REMARKABLE. It is somewhat remarkable that the Chinese Intelligence of the same date should be received by the European and California steamer, within one day of each other. We have by both arrivals the details of the operations of the rebels down to the 22d of April.

COUNTY AND COUNTY MATTERS.

DICKINSON COLLEGE. Society Exhibitions.—Commencement. This being "Commencement week" an unusual spirit of gaiety and animation pervades our ordinarily quiet borough.

The sixty-seventh anniversary of the Belles Lettres Society took place on Monday evening last, in the M. E. Church, President Collins presiding. The occasion attracted a brilliant audience of the youth and beauty of the town.

The Curse of Genius.—E. Bayly Seymour, Carlisle. The Prize of Scholarship.—Jonathan J. Melson, Worcester county, Md. Epitaphs on the Sands of Time.—James M. Shearer, Dillsburg.

The Belles Lettres Exhibition was followed on Tuesday evening by that of the Union Philosophical Society. An equally crowded and fashionable audience was present—beauty flashing its bright eye responsive to the words that burn! of eloquence!

The proceedings of yesterday (Wednesday) consisted of an address before the Belles Lettres Fellowship, at 11 o'clock, A. M., by the Rev. Edward Thompson, D. D.—President of Ohio Wesleyan University.—an address before the Alumni, at 5 o'clock, P. M., by Rev. H. M. Deason, and an address before the General Union Philosophical Society, at 8 o'clock in the evening, by Professor C. K. Traub, D. D., of Ohio Wesleyan University.

The ship Pathfinder arrived with Hong Kong (China) dates of April 27th, and Shanghai dates of April 15th. The capture of Nankin and subsequent defeat of the rebels is fully confirmed. The Hong Kong Herald gives the details of various cruelties practiced by the insurgents. They were making an indiscriminate slaughter of the Buddhist Priests as well as of the Manchows. At Nankin they cut off 7000 Manchow women into one building, and set fire to it, reducing the whole to ashes.

THE POST OFFICE. Mr. BRATTON charge of our borough Post Office, on the first inst., and has removed the office to the room occupied by it when kept by Capt. Sanders, on South Flanover street. Messrs. HENRY W. MATZKE and GEORGE McFARLANE have been appointed assistants in the office. The new P. M. pays a handsome compliment in the last Volunteer to his predecessor, Mr. HANCOCK, and his assistant, Mr. SEARIGHT.

DARING OUTRAGE. An attempt was made on Friday last, by two young swells to outrage the person of a small white girl, about 12 years of age, near Waggoner's Bridge, two miles north of this and on the banks of the child frightened by the black rascals, before their designs were accomplished. One of the offenders has been arrested, the other is still at large.

PHILADELPHIA, July 8.—Another frightful accident happened on the Baltimore Railroad this morning, at 2 o'clock. The freight train had just left Wilmington, and ran into a dam at the Brandywine creek bridge. The keeper says he gave the proper signal, but no attention was paid to it, and the locomotive, tender and two platform cars went into the creek. The engineer, driver, and the fireman, whose name is not known, were drowned. The bridge is just outside of Wilmington.
