horses had been much troubled by large swellings,
or tumors on the fetlocks; they had grown larger than hen's eggs. Besides being disfigured
by these appendages, the limbs and joints apperred quite, sittened, swollen and lame. We
had tried many Linments and other remedies,
but nothing appeared to produce any effect upon
them. We would willingly HAVE GIVEN

Our hostler obtained some of your Liniment, and applied it without knowledge. A few days age he called our attention to the horse, and to our surprise and gratification, his legs were perfectly smooth, THE TUMORS HAVING ENTIRELY DISAPPEARED! We asked him by what magic he had effected such a remarkable cure? His reply, was that he had been using the MUSTANG LINIMENT on them about ten days, and the result was the entire removal of the tumors without producting any soreness or leaving ors without producing any soreness or leaving

Since the above certifier's was given, Messrs Kinsley & Co have informed us that one of his divers was thrown from his wagon in the upper part of the city, and very badly bruised, the wagon passing over his bady. He was taken into a Dector's office close by, and THE PHYSIC-IAN TOLD HIM TO UE THE MUSTANG LINIMENT; as he had recently tried it in a similar case with great success. He did so, and all the soreness, lameness, and stiffness was removed, so that the next day he was about his business as usual.

"We take great pleasure in recommending the MEXICAN MUSTANG LINIMENT to all our friends and customers, as the best article we have ever used for sores, bruises, sprains, or galds in horses. We have used it extensively and always effectually. Some of our men have also used it for severe bruises and sores, as well as rheumatic pains, and they all say it acts like magne—we can only say that we have abandoned the use of any other Liniment,

Dr Ayer: In the month of July last! was attacked by a violent diarrhoa in the mines of California. I returned to San Francisco in hope of receiving benefit from a change of climate and diet. My diarrhoa ceased, but was sollowed by a severe cough, and much soreness. I finally started for home, but received no benefit from the voyage. My cough continued to grow worse, and when I arrived at New York, I was at once marked by my acquaintances as a victim of consumption. I must confess that I saw no sufficient reason to doubt what my friends all believed. At this doubt what my friends all believeds. At this time I commenced taking your truly invaluable medicine with little expectation of deriving any benefit from its use. You would not receive these lines did I not regard it my duty to state to the afflicted, through you, that my health, in the space of eight months, is fully restored. I attribute it to the use of your CHERRY PECTORAL. Yours truly,
