THE proprietor of this place feeling highly gratified wich the success which has nuterioded his management of the above establishment during the past season, has turthed increased his efforts to reader the place and accommodations still more inviting and counfortable, by adding a new large Buth House, with Summer Houses, Nc.

These Springs are situated on the banks of Sherman's, and empty mus Sherman's Creek; a stream associated with the thrilling scenes between the early settlers of that part of Pennsylvania and Aborigines, whose hunting ground lay on its margin. The qualities of the water of the Warm Springs are most extraordinary; indeed, so much so, that none has ever been ascertained in the United States for the speed; and permanent cure of all eruptions of the skin, and every species of Cutaneous Diseases.
