MYERS' EXTRACT OF ROCK ROSE, An Invaluable Remedy for all Scrofulous Dis eases, Indigestion, Salt Rheum, Sick Head-ache, Cancer, Nursing Sore Mouth, and General Debility, and as a Purifier of the Blood it is "he subscriber, Executor of John Baker, will offer at public sale, on the premises able Farm, situated in Monroe township

AT PRIVATE SALE.

CONTAINING 128 ACRES

Unequalled. The Rock Rose has gained a reputation a

home and abroad, which no other medicine has ever done in the same length of time According to the opinions of eminent Physiciane, the Rock Rose Plant is unequalled in Curing Scrofula in its Various Formst STATEMENT OF REV. E. R. WARREN.

(Pastor of the 2d Baptist Church, New London Ct..) relative to Myers' Extract Roso.

To The American Public.

As my name has been used in connection with recommendations of Mr. Myers' Reck Rose Syrup, in various advertisements by the manufacturer; I beg leave to make the follow-ing statement with reference to make the follow-ance with the remedy and tests to which I have subjected it, and the reasons for having intro-duced it to the notice of private friends in the community in which I reside, long before the meet freely, because 1 have, as a principle. As my name has been used in connecton with recommendations of Mr. Myers' Rick Rose Syrup, in various advertisements by the manufacturer, I beg leave to make the follow-ing statement with reference to my acquaint-ance with the remedy and tegts to which I have subjected it, and the reasons for having intro-duced it to the notice of private friends in the community in which I reside, long before the medicine was advertised. I make this state-ment freely, because I have, as a principle, withheld my name from all patent medicines, and sedulously abstaned trem recommending them to the public, believing them frequently the spawn of quackery and humburg, and as discase and suffering. Such, I fear, is the character of a large portion of the patent pane. discase and suffering. Such , I fear, is the discase and suffering. Such, I fear, is the character of a large portion of the patent pana-ceas of this medicine-making age. "Their name is legion," and from their influence, as from the demoniacal spirits, we have reason to pray for a safe deliverance.-

The First T:st.-I had myself suffered oc-casionally with sudden attacks of Sick Head-ache, and Billious Diarrhea, and I had sought

a great variety of curative agents to but fittle purpose; and suffering from this disease (diar-rica) at this time, I determined to test the new Syrup first upon myself., The results were be-yond my expectations. It was a powerful alterative, and the morbid action of the system was changed, and the functions of secretion was changed, and the functions of sucretion were restored to a healthy state. It gave tone and elasticity to my system, and corrected the derangement of the digestive organs, and gave me that inestimable blessing—health. This test was not determined in a weak; or a month; but I took four or five bottles in perlaps as many months. Since that time I have suffer-ed but slightly from these derangements. My Sick Heudache is en irely Cured.

Other Tests .- Finding this medicine so useful to myself, I at once gave it to several inva-lid friends. About this time, I was carnestly 'solicited to give advice in reference to a child, some eight years of age. This child was severely afflicted with a Scrofula humor, of a very severe type, the humor showing itself on all parts of the surface, and then suddenly disappearing. The child was very sick, and it was thought doubtful whether she would live. The humor resembled black specks of mortified fiesh. In addition to some other remédies, I gave the child this Syrup-for about its weeks, when she had sufficient strength to go ont to school occasionally. The swelling of her limbs ccased, and she was restored to health family feel that they owe her life, with God's

blessing, to my remedies. This test satisfied me that the Rock Rose possessed specific powers for, Scrolul us hu-mors. I then tested it in cases of Cutancous Eruptions, in Measles, Chicken Pox, Cancer Sore Mouth, Erysipelas, Salt Rheam, Piles, &c. In all these cases with perfect success. After testing this Syrup for more thun a year, I wrote Mr. Myers (October 7th, 1850) enthusiastically, not expecting my letter would be published, that his Syrup was a "Parkorite," all heating, and I give him the result of its operations in several instances. I stated in operations in Asveral instances. I stated in that latter that "it was invaluable as a remedy in Cutancous Eruptions, Erysipelas, Suit Rhoum, and other disorders, included in the varied family of discases known is Serefula, &.c.: that in Dyspepsia it acted with wonder-ful efficacy." My opinion of its value for the above named discases, remain unchanged, and the same as when I wrote Nr Myers in Oct. the same as when I wrote Mr Alyers in Oct. 1850. I do not recommend it for all the itls of our suffering humanity; but I unhesituting-ly say, that as a remedy for Scrobiolos affec-tions I believe it superior to any known cura tive agent. It has been sufficiently to tod by domestic

practice to establish its adaption to extensive usefulness in mitigating human suffering and removing diseases.

But What is the Rock Rose?

The following history of the Rock Rose plant and its medicinal properties, we take from the New Haven Palladium, March 1859. "The increased interest manifested in the Rock Rose plant, in consequence of the many wonderful cures effected by Myers' Compound Extract of Rock Rose,' calls for a brief history of it, in order to correct any erroneous opin ion that may have been entertained concern ing it; and also to set in a true light the na-

sally beneficial. "We are indubted to the United States Dis-

"We are indebted to the United States Dis-pensatory of 1847, for the following descrip-tion of it:

tion of it :, -44 It is entirely different from the common Rose. It is a red stemmed, oblong leaf plant, having a bitter taste. In addition to remark-in duly use by physicians and families deter-orate hy are and exposure, great enrow will be orate by age and exposate, great care will be taken not to allow such articles to accumulate

ther interesting and beautiful property. Dr. Eaton says, that in the months of No-vember and December, he has seen hundreds of these plants, sending out near their roots, broad, thin, curved ico-crystals, about an inch in breadth: which melted during the day, and were renewed in the morning. For a more minute and authentical description of it, the reader is referred to Toricy and Gray's Botan-

ical works. Its Medical History and Properties Are far the most important, since upon these depends its value to the community. Dr. Loudon says that in 1799, it was so whather in the don says that in 1799, it was so whather in England, that it was coltivated from seeds, Ever since 1806, Professor Ives of Yale Col-

depends its value to the community. Dr. Lou. doubest that in 179, it was no valuable in England, that it was coltivated from seads. Ever since 1806, Professor Ives of Vale Col-lege, hus habiturelly used it with great success in Scrofula and Chronic diseases, and through him its virtues were made known, until, as Dr. Tyler says, "it is now in this section (New Haven) a common article in domestic practice for the cure of Scrafula and Cutaneous dis eases." Dr. Whitlaw, a Scotch Botanist of notoriety, whale travelling in America in 1814, learned its use in Canada. Returning to England, he employed it in medicating his baths, which ind classes. Dr. Jasse Parish, of Philadelphfa, remarks

employed it in medicating his baths, which became greatly celebrated for the cure of simi-lar discases. Dr. Isaac Parish, of Philadelphia, romarks

S. Pharmacopoeia. A liberal share of public patronage is res-

that it has been successfully used in bad cases of Scroublove discasses. Dr. J. H. Thompson, of the same place, pre-scribed it in hud cases of Scroublove patients at Wile' Hospital. His success attracted the attention of scnior physicians. He reports the following remarkable case of white swelling of the hue in February. 1514 - The law was

at Wile' Hospital. His success attracted the attention of senior physicians, HS reports the following remarkable case of white swelling of the hp, in February, 1814:-The lad was seven years old, and had the disease three years. The bone was dislocated both upward ond outward. There was a large opening in the hp leading to the bone; into which I could tirnst my finger. I counted three ulcers. He given him up, I ordered a desoction of Reck. Rose. In two days his night sweats ceased the was the success of the succ

hid been under several physicians, who hid given him up, I ordered a decoction of Reck Ress. In two days his night sweats ceased : I then ordered a tenspoonful of Reck Rese three times a day. Thirty nine days after he was entirely work. Dr. Wehb, of Madison, Ct., testifies to the value of Ruck Rese, as evinced in the cure of numerous cases of the Sorofala, especially in childron.
