Medicines,

"PANKORITE." MYERS' EXTRACT OF ROCK ROSE.

An Invaluable Remedy for all Scrofulous Discuss, Indigestion, Salt Rheum, Sick Headache, Cancer, Nursing Sore Mouth, and General Debility, and as a Purifier of the Blood it is Unequalted.

The Rock Rose has gained a reputation at home and cabroad, which no other medicine has ever done in the some length of time. According to the opinions of eminent Physicians, the Rock Rose Plint is unequalfed in Curing Scrofula in its Various Forms?

STATEMENT OF REV. E. R. WARREN. (Pastor of the 2d Baptist Church, New London Ct.,) relative to Myers' Extract Rose.

To The American Public. As my name has been used in connection ith recommendations of Mr. Myers' Reck to pray for a safe deliverance.

The First Test .- I had myself suffered of casionally with sudden attacks of Sick Head-ache, and Billions Diarrhea, and I had sought ache, and Billious Diarrhea, and I had sought a great variety of carative agents to but little purpose; and suffering from this disease (diarrhea) at this time, I determined to test the new Syrup first upon myself. The results were beyond my expectations. It was a powerful alterative, and the morbif action of the system was changed, and the functions of secretion were restored to a healthy state. It gave tone and elasticity to my system, and corrected the derangement of the digestive organs, and gave me that inestimable blessing—health. This test was not determined in a week, or a month; but, I took four or five buttles in perhaps as many months. Since that time I have suffered but slightly from these derangements. My Sick Headache is on 'irely Cured.

Other Tests:—Finding this medicine so use-

Other Tests.—Finding this medicine so useful to myself, I at once gave it to several invalid friends. About this time, I was cornestly solicited to give advice in reference to a child, some eight years of age. This child was severely afflicted with a Scrofula hungr, of a very severe type, the humor showing iffelion all parts of the surface, and then suddenly disappearing. The child was very sick, and it was thought doubt full whether the read line. was thought doubtful whether she would live The humor resembled black specks of mortified flesh. In addition to some other remedies, I gave the child this Syrup for about six weeks, when she had sufficient strength to go out to school occasionally. The swelling of her limbs ceased, and she was restored to health. The tanily fool that they are her figurity fool.

family feel that they owe her life, with God's blessing to my remedies.
This test satisfied me that the Rock Rose possessed specific powers for Seroful us humors. I then tested it in cases of Cutangons Eruptions, in Measles, Chicken Pox, Cancer, Sore Mouth, Erysipelas, Salt Rhenm, Piles, &c. In all these cases with perfect success. After testing this Syrup for more than a year, I wrote Mr. Myers (October 7th, 1850) enthusiastically, not expecting my letter would be published, that his Syrup was a "Packorite," all healing, and I gave him the result of its operations in several instances. I stated in that letter that "it was invaluable as a remedy that letter that "it was invaluable as a remedy in Cutaneous Eruptions, Erysipelas, Salt Rhoum, and other disorders, included in the varied family of diseases known as Scrotula, &o.: that in Dyspepsia it acted with wonderful efficacy." My opinion of its value for the above named diseases, remain unchanged, and the same as should write when the discount of the all the ills of our suffering humanity; but I unhesitatingly say, that as a remedy for Scrofulous affections I believe it superior to any known curative agent.

It has been sufficiently to ted by domestic usefulness in mitigating human suffering and removing diseases.

But What is the Rock Rose? The following history of the Rock Rose plant and its medicinal properties, we take from the New Haven Palladium, March 1852. "The increased interest manifested in the Rock Rose plant, in consequence of the many wonderful cures effected by Myers' Compound Extract of Rock Rose, ealls for a brief historyof it, in order to correct any erroneous opinion that may have been, entertained concern ing it; and also to set in a true light the n ture of a plant which promises to be universally beneficial.
"We are indebted to the United States Dis-

" It is entirely different from the common CHEMICAL AND DRUG STORE,
Rose. It is a red-stemmed, oblong leaf plant,
having a bitter taste. In addition to remarkable peculiarity of the plant, of bearing two
crops of flowers in one season, it also has another interesting and beautiful property.

Dr. Eaton supe, that in the months of Noromber and December, he has seen handreds
of these plants, sending out near their roots,
head this caveal inconstate should be received.

CHEMICAL AND DRUG STORE,

CHEMICAL AND DRUG STORE, broad, thin, curved ice-crystals, about an inch in breadth; which melted during the day, and were renewed in the morning. For a more minute and authentical description of it, the CONFECTIONARIES

minute and authentical description of it, the reader is referred to Torrey and Gray's Betanical works:

Its Medical History and Properties

Are far the most important, since upon these depends its value to the community. Dr. Loudon says that in 1799, it. was so valuable in England, that it was cultivated from seeds. Ever since 1806, Professor Ives of Yulo Col-

Haven) a common article in demostic practice for the cure of Scrofula and Cutaneous discusses."

Dr. Whitlaw, a Scooch Botanist of notoricity, while travelling in America in 1814, learned its use in Canada. Returning to England, he employed it in medicating his baths, which became greatly celebrated for the cure of similar diseases.

Dr. Isaac Parish, of Philadelphia, remarks that it has been successfully used in bad cases of Scrofulous diseases.

Dr. J. H. Thompson, of the same place, prescribed it in bud cases of Scrofulous nationals.

May 11. 1853.

Which will be felt to be important, in view of theresponsibilities which are known to devolve upon the druggist.

PHYSICIANS' PRESCRIPTIONS will be faithfully and proingily attended to—Orders from Physicians and Merchants in the country will be filled with cate, and at prices which must prove satisfactory.

N. B.—All officion preparations made in strict accordance with the directions of the U.

S. Pharmacopocia.

A libertal share of public patronage is respectfully solicited. Terms Cash.

May 11. 1853.

B. J. KIEFFER.

Dr. Isaac rarish, that it his been successfully used in dag case of Scrofolous diseases.

Dr. J. H. Thompson, of the same place, prescribed it in had cases of Scrofulous patients at Wills' Hospital. His success attracted the attention of senior physicians. He reports the following remarkable case of white swelling of the htp. in February, 1814:—The lad was serion years old, and had the disease three years. The bone was dislocated both upward end, outward. There was a large opening in the hip leading to the bone; into which I could the hip leading to the bone; into which I could the hip leading to the bone; into which I could threat my finger. I counted three ulcers. He condon World's Fair. Also a large supply of Country Hams, Bacon, Shoulders and Sides all of which will be sold very low for cash.

I man 21, 1853.

B. J. RICK.

May II. 1853.

B. CEVEVED the day, direct from Cincinnative debt in a full supply of the following celebratic debt in a ful the hip leading to the bone; into which I could be rust my finger. I combed throw vicers. He had been under several physicians, who had given him up. I ordered a decection of Reck Rose. In two days his night sweats ceased: I then ordered a teaspoonful of Rock Rose three times a day. Thirty nine days after he was entirely well.

Dr. Wohb, of Madison, Ct., testifies to the value of Rock Rose, as evinced in the cure of numerous cases of the Scrofula, especially in children.

GRAIN DRILLS FOR 1853.

As my name has been used in connection with recommendations of Mr. Myers' Reck Rose Syrup, in various advertisements by the matunfacturer, I beg leave to make the following statement with reference to my acquaintance with the remedy and tests to which I have subjected it, and the reasons for having introduced it to the notice of private friends in the community in which I reside, long before the modicine was advertised. I make this statement freely, because I have, as a principle, withheld my name from all patent, medicines, and seadulously abstanced from recommending them to the public, believing them frequently the spawn of quackery and humbug, and as tending to increase, instead of lessenting human disease and suffering. Such, I fear, is the character of alarge portion of the patent panaces of this medicine-making age. "Their mano, is legion," and trom their influence, as from the demoniacal spirits, we have reason to pray for a safe deliverance.

The Eight Test Lied marked the manufacture in the fact that in reference is a first fact. The first Test Lied marked the manufacture, in the connection of the patent panalises of this medicine-making age. "Their Test Lied marked the reason is effort, and the manufacture is a first and per connection, as sell as orders for machines, will be promptly attended to.

The manufactory bitherto under the firm of Lee, Pierce & Lee, has been changed, and is now conducted by LEE, PEIRCE & THOMPSON, to whom all orders chould be addressed.

HICKOK'S PATENT IMPROVED CIDER MILL.

Cylinder to break the apples, and then deliver them to the lower Cylinders to be reduced to pomace. By this arrangement the work is performed faster and with much less abor.

The Press is arranged with a much larger screw than formerly, and by a very incendua device the use of the lag is dispensed with and the Tab made to open at will to deliver the pomace, while at the same time the Cider is left clear and the work can be directly the companient of the companient of the class and the work can be directly and the whole work in them is arranged as a not to swell; and the whole work in them is arranged so as not to swell; and the whole work on the Mill and Press made in the very best manner and arranged with especial view to their durability and service. No Farmer who uses the Mill carefully and according to directions will be disapprointed, but on the other hand he will find this one of the most valuable and efficient machines on his figm.

The machine is made to run by horse, steam, or hand power, and when the apples are ground, a small boy of 14 years of age can press the pomace with all ease.

The all former times it was supposed that a large quantity of Gider could only be made by using a ponderous machine, that slowly created the applies without griding them all the statement of Cider. To obtain this unsatisfactory result the farmer had to take all his hands, and perhaps his six-borse team, and devote a whole day that could have been more profitably employed, to make from six to eight barrels of Cider. To obtain this firm. The apples are by this Machine has been invented, and the statement of a few facts will prove that it is not only the best Machine granted up into a fine pulp, se that it requires but a comparatively light pressure, and had but an if any intelligent part of fig. you will not be disappointed:

This man the analyse of this mality is apple than can be possibly done on the old-fashioned machines. On this press, owing to the compactness of the pomace in the tub, and the compactness of the poma

Quirnfents of the act of the Legislature of Pennsylvania, of the 20th day of April; 1853, cautious all persons against buying, selling or filling his bottles, under the penalty of tity cents, for each bottle-bought, seld, or filled, for the first offence; and \$5.00 for each bottle-bought, sald, or filled, for the 2d offence. I hereby amountee my determination to inforce the quality of the aforesaid acts, in all cases of its infringment. I find my bottles are becoming public property, greatly to the disadvantage of my business.

ol my business.

Description — Nos. 1. 2 and 3. Two hundred Gross Mineral and Ale bottles, green shade, Dyot eville make, with the name of G. W. Brandt, Carlisle, thereon.

Carlisle, July 27, 1853. 6t.

AHEAD OF ALL COMPE TITON

AFTER days and nights of unceasing toll and trouble I have succeeded in marking and arranging my new stock of HARD. WARE, and although there has been a tremendous rush of enstomort who know where to deal on reasonable terms, and who appreciate my old habit of selling cheap without making much fuss about the matter. I am constantly making room for new customers to drop in and examine what is undoubtedly the LARGEST AND BEST ever effered west of Phif delphis, and embracing everything usually lound in a flardward store, from a needle to an analysis of the best quality and will be sold at prices which caunci tailto give satisfaction.

TO CARPEN TERS & BUILDERS,
I would say that my stock of cross cut, hand, panel ripping and back saws, bright, black and blue augurs, chisels, planes, locks, hatchets, hinges, sorews, straight necked and bar volte, hroad, pointing and chapping axes, iron and steel squares, rules, tape messayers, levels &c. cannot lail to please the most lastidious.

FARMERS "Saxton Leads the Column."
