MYERS? EXTRACT OF ROCK ROSE, An Invaluable Remedy for all Scrofulous Dis-cases, Indigestion, Salt Rheum, Sick Head-ache, Cancer, Nursing Sore Mouth, and General Debility, and as a Purifier of the Blood it is Unequalled,

The Rock Rose has gained a reputation at some and abroad, which no other medicine has ever done in the same length of time. According to the opinions of eminent Physi-mans, the Rock Rose Plant is unequalled in Curing Scrofula in its Various Forms!

STATEMENT OF REV. E. R. WARREN, Pastor of the 2d Baptist Church, New London, Ct.,) relative to Mycre' Extract Rose.

To The American Public. As my name has been used in connection with recommendations of Mr. Myers' Roc with recommendations of Mr. Myors' Reck Rose Syrup, in garious advertisements by the manufacturer, I beg leave to make the following statement with reference to my acquaintance with the remedy, and test to which I have subjected it, and the reasons for having introduced it to the notice of private friends in the community in which I reside, long before the medicine was advertised. I make this statement freally because have ment freely, because I have, as a principle, withheld my name from all patent medicines, and sedulously abstanted from recommending them to the public, believing thom frequently the spawn of quackery and humbug, and as tending to increase, instead of lessening human discase and suffering. Such, I four, is the character of a large parties of the preter season. discuss and suffering. Such, I four, 18 the character of a large portion of the patent pana-ceas of this medicine-making age. "Their name is legion," and from their influence, sa from the demoniacal spirits, we have reason

to pray for a safe deliverance. The First Test.—I had myself suffered oc-The Pirst 12st.—I had mysolf suffered occ-casionally with sudden attacks of Sick Head-ache, and Billious Diarrhea, and I had sought a great variety of curative agents to but little purpose; and suffering from this disease (diar-rhea) at this time, I determined to test the new Syrup first upon myself. The results were bo-yond my expectations. It was a powerful alterative, and the myshid action of the system. alterative, and the morbid action of the system was changed, and the functions of secretion were restored to a healthy state. It gave tone and clasticity to my system, and corrected the derangement of the digestive organs, and gave me that inestimable blessing—health. This test was not determined in a week, or a month: but I took four or five bottles in perhaps as many months. Since that time I have suffer-ed but slightly from these derangements. My Sick Hendache is entirely Cured

Other Tests .- Finding this medicine so use-Other Tests.—Finding this medicine so useful to myself, I at once gave it to several invalid friends. About this time, I was carnestly solicited to give advice in reference to a child, some eight years of age. This child was severely afflicted with a Scroula humor, of a very severe type, the humor showing itself on all parts of the surface, and then suddenly disponential. The child was reversible well. appearing. The child was very sick, and it was thought doubtful whether she would live, The humor resembled black specks of mortified flesh. In addition to some other remedies, I gave the child this Syrup for about six weeks, when she had sufficient strength to go out to school occasionally. The swelling of her limbs ceased, and she was restored to health. The mily feel that they owe her life, with God's lessing, to my remedies.

This test satisfied me that the Rock Rose possessed specific powers for Scrofulous lumors. I then tested it in cases of Cutaneous Eruptions, in Measles, Chicken Pox, Cancer, Sore Mouth, Erysipelas, Salt Rheum, Piles, &c. In all these cases with perfect success. After testing this Syrup for more than a year, I wrote Mr. Myers (October 7th, 1650) enthusiastically, not expecting my letter would be published, that his Syrup was a "Pankorite," all heating, and I gave him the result of its operations in several instances. I stated in that igter that "it was invaluable as a remedy in Cutaneous Eruptions, Erysipelas, Salt Rheum, and other disorders, included in the varied family of diseases known as Scrofula, &c.: that in Dyspepsia it acted with wonderful efficacy." My opinion of its value for the above named diseases, remain unchanged, and This test satisfied me that the Rock Rose above named discases, remain unchanged, and the same as when I wrote Mr diyers in Oct. 1850. I do not recommend it for all the illa-of our suffering humanity; but I unhositutingly say, that as a remedy for Scrofulous affections, I believe it superior to any known curative score.

ve agent. It has been sufficiently tested by domestic practice to establish its adaption to extensive efulness in mitigating human suffering and emoving diseases.

But What is the Rock The following history of the Rock Rose plant and its medicinal properties, we take from the New Haven Palladium, March 1852. "The increased interest manifested in the Rock Rose plant, in consequence of the many wonderful cures effected by Myers' Compound Extract of Rock Rose,' calls for a brief history f it, in order to correct any erronéous opin on that may have been entertained concerning it; and also to set in a true light the na-ture of a plant which promises to be univer-

sally beneficial.
"We are indebted to the United States Disensatory of 1847, for the following descrip-

selt is entirely different from the common Rose. A is a red-stemmed, oblong leaf plant, having a bitter taste. In addition to remarkable peculiarity of the plant, of bearing two crops of flowers in one season, it also has ano crops of flowers in one season, it also has another interesting and beautiful, property.

Dr. Eston says, that in the months of November and December, he has seen hundreds of these plants, sending out near their roots, broad, thin, curved ice-crystals, about an inch in breadth: which melted during the day, and were renewed in the morning. For a more minute and authentical description of it, the condex is effected to Torray and Grant, Between cader is referred to Torrey and Gray's Botan

Its Medical History and Properties Are fir the most important, since upon these depends its value to the community. Dr. Louon says that in 1799, it was so valuable in England, that it was collivated from seeds, Ever since 1806, Professor Ives of Yale Col-lege, has habitually used it with great success an Scrofula and Chronic diseases, and through him its virtues were made known, until, as Dr. Tyler says, "it is now in this section (Now Haven) a common article in domestic practice

or the cure of Scrafula and Cutancous onees,"

Dr. Whitlaw, a Sco'ch Butanist of notoricty, while travelling in America in 1814, learned its use in Canada. Returning to England, he employed it in medicating his baths, which ccame greatly celebrated for the cure of simi-

Dr. J. H. Thompson, of the same place, pre-scribed it in bad cases of Scrofulous patients at Wills Hospital. His success attracted the attention of senior physicians. He roports the following remarkable case of white swelling of the hip, in February, 1814:—The lad was seven years old, and had the disease three years. The bone was dislocated both upward-nd outward. There was a large opening in the hip leading to the hone; into which I could thrust my finger. I counted three ulcers. He thrust my miger reversal physicians, who had been under several physicians, who had given him up. I ordered a decoction of Reck. Rose. In two days his night sweats cassed: I then ordered a teaspoonful of Rock Rose three immess day. Thirty nine days after he was entirely well.

Dr. Wehb, of Madlson, Ct., testifies to the relace of Rock Rose, as evinced in the cycles.
