क व व MEXICAN MUSTANG LINIMENT.

Through by Express.

MESSRS, A: G. BRAGG & CO.—GERTLE-MEN: We have been using your MEXICAN MUSTANG LINIMENT with the most perfect success. One of our most valuable Express horses had been much troubled by large swellings or tumors on the fetlocks; they had grown larger than hen's eggs. Besides being disfigured by these appendages, the limbs and joints appeared quite: stiftened, swellen and lame. We had tried many Limments and other remedles, but nothing appeared to produce any effect upon them. We would willingly HAVE GIVEN TWENTY-FIVE DOLLARS to have had them removed, and the horse restored to soundness. Our hostler obtained some of your Limment, and applied it-without knowledge. A few days ago he called our attention to the horse, and to our surprise and gratification, his legs were perfectly smooth. THE TUMORS HAVING ENTIRELY DISAPPEARED! We asked him by what Music Books, &c. surprise and gratification, his legs were purely to a sked him by what magic he had effected such a remarkable cure? His reply was that he had been using the MUSTANG LINIMENT on them, about ten days, and the result was the entire removal of the tumors without producing any soreness or leaving a sear.

Take the result was the entire removal of the tumors without producing any soreness or leaving a sear.

when the state of Since the above certificate was given, Messrs Kinsley & Co have informed us that one of his divers was thrown from his wagon in the upper part of the city, and very badly bruised, the wagon pussing over his body. He was taken into a Dector's office close by, and I'HE PHYSIC-IAN TOLD HIM TO U.E THE MUSTANG LINIMENT, as he had recently tried it in a similar case with great success. He did so, and all the soreness, lameness, and stiffness was removed, so that the next day he was about his business as usual. usiness as usual.

"We take great pleasure in recommending the MEXICAN MUSTANG LINIMENT to all our friends and customers, as the best article we have ever used for sorces, bruises, sprains, or galds in horses. We have used it extensively and always effectually. Some of our men have also used it for severe bruises and sorce, as well as rheumatic pains, and they, all say it acts like magro—we can only say that we have abandoned the use of any other Liniment, J. "PANKORITE."

MYERS' EXTRACT OF ROCK ROSE, An Invalvable Remedy for all Scrofulous Dis-eases, Indigestion, Salt Rheum, Sick Head-ache, Cancer, Nursing Sore Mouth, and General Debility, and as a Purifier of the Blood it is Unequalled.

The Rock Rose has gained a reputation at home and abroad, which no other medicine has ever doing in the same length of time. According to the opinions of eminent Physi-cians, the Rock Rose Plant is unequalled in Curing Scrofula in its Various Forms!

STATEMENT OF REV. E. R. WARREN, (Pastor of the 2d Baptist Church, New London, Ct.) relative to Myers' Extract Rose.

To The American Public.

As my name has been used in connection with recommendations of Mr. Myers' Rock Rose Syrup, in various advertisements by the manufacturer, I beg leave to make the following statement with reference to my acquaint. ance with the remedy and tests to which I have subjected it, and the reasons for having introduced it to the notice of private friends in the commentity in which I reside, long before the modicine was advertised. I make this statement with reference to my acquaint, withleld my name from all patent medicines, and sedulously abstanced from recommending them to the public, believing them frequently the spown of quackery and humbug, and as leading to melease, instend of lessening human does and suffering. Such, I fear, is the emurated of this medicine making age. "Their name is legion," and from their influence, sa from the demoniacal spirite, we have reason to pray for a safe deliverance.

The First Tat.—I had myself suffered oc-

The First Test .- I had myself suffered oc-The First T:st.—I had myself suffered occasionally with sudden attacks of Sick Headache, and Billious Diarrhea, and I had sought a great variety of curative agents to but little purpose; and suffering from this disease (diarrhea) at this time, I determined to test the new Syrup first upon myself. The results were beyond my expectations. It was a powerful alterative, and the morbif action of the extern was changed, and the functions of secretion were restored to a healthy state. It gave tone and elustricity to my system, and corrected the derangement of the digestive organs, and gave me that inostimable blessing—health. possessed specific powers for Secolal us hu-mors. I then tested it in cases of Cutaneous Eruptions, in Measles, Chicken Pox, Cancer, Bruptions, in Measles, Chicken Pox, Cancer, Sure Mouth, Erysipelas, Salt Rhenun, Piles, &c. In all these cases with perfect success. After testing this Syrup for more than a year, I wrote Mr. Myers (October 7th, 1850) enthusiastically, not expecting my letter—would—be published, that his Syrup was a "Pankorite," all healing, and I gave him the result of its operations in several instances. I stated in that letter that "it was invaluable as a remedy in Culaneous Eruptions, Erysipelas, Salt Rheum, and other disorders, included in the varied family of diseases known as Scrofula, &c.: that in Dyspepsia it acted with wonderful efficacy." My opinion of its value for the above named diseases, remain unchanged, and the same na when I wrote Mr Myers in Oct. 1850. I do not recommend it for all the ills of our suffering humanity; but I unhesitatingly say, that as a remedy for Scrofulous affections I believe it superior to any-known enrative agent.

It has been sufficiently tested by domestic practice to establish its adaption to extensive usefulness in mitigating human suffering and

But What is the Rock Rose? The following history of the Rock Rose plant and its medicinal properties, we take from the New Haven Palladium, March 1852.

"The increased interest manifested in the Rock Rose plant, in consequence of the many wonderful cures offected by Myers' Compound Extract of Rock Rose,' calls for a brief history. of it, in order to correct any erroncous opin-ion that may have been entertained concern-ing it; and diso to set in a true light the na-ture of a plant which promises to be univer-sally beneficial.

"We are indebted to the United States Dis-

pensatory of 1847, for the following descrip-" It is entirely different from the cor

Rose. A is a red-stemmed, oblong leaf plant, having a bitter taste. In addition to remarkable peculiarity of the plant, of bearing two crops of flowers in one season, it also has another interesting and beautiful property.

Dr. Eufon says, that in the months of November and December, he has seen hundreds of these plants, sending out near their toots, broad, thin, curyed decervisals, about an inch of these plants, sending out near their roots, broad, thin, curved lee crystals, about an inch in breadth: which melted during the day, and wore renewed in the morning. For a more minute and authentical description of it, the reader is referred to Terrey and Gray's Botan. ical works.

Its Medical History and Properties Are far the most important, since upon these depends its value to the community. Dr. Lou-don says that in 1799, it was so valuable in England, that it was cultivated from seeds. Ever since 1806, Professor Ives of Yalo College, has habitually used it with great success n Scrofula and Chronic diseases, and through him its virtues were made known, until, as Dr. Tyler says, "it is now in this section (New ommon'article in domestic practic for the cure of Scrofula and Cutaneous discases.

Dr. Whitlaw, a Sco'ch Botanist of notoriety, while travelling in America in 1814, learned its use in Canada. Returning to England, he employed it in medicating his baths, which became greatly calcbrated for the cure of simi-lar discuses.

Dr. J. H. Thompson, of the same place, prescribed it in bud cases of Scrossous patients at Wills' Hospital. His success attracted the attention of senior physicians, He reports the following remarkable case of white swelling of the hip, in February, 1614.—The lad was seven years old, and had the disease three years. The bone was dislocated both upward end outward. There was a large opening in the hip leading to the hone; into which I could thrust my finger. I counted three ulcers. He had been under several physicians, who had given him up. I ordered a decoction of Reck Rose. In two days his night swents caused: I then ordered a teaspoonful of Rock Rose three times a day. Thirty nine days after the was entirely will.

Dr. Wehb, of Madison, Cl., testifies to the value of Rock Rose, as evineed in the ours of numerous cases of the Scrossla, especially in children.

many months. Since that time I have suffered but slightly from these derangements. My Sick Heudache is entirely Cured.

Other Tests.—Finding this medicine so useful to myself, I at once gave it to several invalid friends. About this time, I was earnestly solicited to give advice in reference to a child, some eight years of age. This child was severely afflicted with a Scrofulahumor, of a very severe type, the humor showing itself on all parts of the surface, and then suddenly disappearing. The child-was very sick, and it was thought doubtful whether she would live, The humor resembled black specks of mortified flesh. In addition to some other remedies, and she was restored to health. The family feel that they gove her life, with God's blessing, to my remedies.

This test satisfied me that the Rock Rose possessed specific powers for Scroful us humors. state to the afflicted, through you, that my health, in the space of eight months, is fully restored. I attribute it to the use of your CHERRY PECTORAL, Yours truly,

Dear sir.: Feeling that I have been spared from a premature grave, through your institumentalty by the providence of God, I will take the liberty to express my gratitude.

A cough and the alarming symptoms of Gonsumption had reduced me too low to leave me anything like hope, when my physician brought me a bottle of your Pectual. It seeked to afford immediate relief, and now in a few works time has restored me to sound health. If it will do for others what it has dones for me, you are certainly one of the benchetors of mankind.
