THE LARGEL . AND CHEAPEST NEWSPAPER IN CUMBERLAND COUNTY!

-Two Dollars a year, or One Dollar and Fifty Cents, if paid punctually in Advance. \$1,75 if paid within the year.

JUDICIAL ELECTION.—Hon. James M. Por ter, the Independent candidate, has been elec ted President Judge of the District composed of Carbon, Monroe, Pike and Wayne countys, by about 400 majority over Hon. M. M. Dimmick, the regular Democratic nominee.

Discusting .- A band of men it is said, appeared at one of the election districts with bottles slung around their necks, as a manifes tation of their anti-prohibition feelings. Mon may differ about the propriety of a prohibi tory law, as many temperance men-even do, but such a public exhibition of devotion to the bottle only shows moral degradation.

THE WHIG PROSPECT IN NEW YORK .- Th N. V. Commercial says that the general approve with which the Whig Press has received the ticket put forth by the State convention is mos gratifying, and without a parallel. Almos universally the ticket has been received without any qualifications, and there appears n obstacle in the way of the triumphant election of every gentleman named upon it, if only the Whigs exercise ordinary vigilance and effort.

THE OFFICIAL VOTE.

We present to-day the official returns of the recent election in Cumberland county. With one of the best and most popular local tickets we have had in the field for many years, we are beaten by unprecedented majorities. This disastrous result is ascribed by our friends chiefly to the introduction of the Prohibition question, with which our candidates for Assembly were identified-Mr. Cathcart by his own avowal and Mr. Koontz by adoption on the part of the Prohibition men. The reports we have from various quarters since the election leave no room to doubt that this has magnified our defeat. To this cause the immense falling off of the Whig vote (nearly one thousand as compared with former elections,) is ascribedhundreds of anti-prohibitory Whigs preferring to stay away from the election rather than vote against their own nominations. And in some districts we understand large numbers of Whigs manifested their bitter hostility to the prohibitory law, by actually voting the whole locofoco ticket. The result, as we remarked last week, and as the official return confirms, is neither a test of political or persona strength. The Prohibition question was the only question of any material interest in the canvass, and the bitter, fierce and determined hostility it has excited, swept every thing before it. The agricultural interest has shown itself decidedly opposed to a prohibitory law. It is to be hoped the question will not remain longer in the field as a football between parties. Let the law itself be submitted to the people at a special election, and the question settled This seems to be the general desire.

BALTIMORE ELECTION .-- On Wednesday as election was held in Baltimore for members of the City Councils, which resulted in the choice of nine Whigs, one Independent, and ten Dem ocrats. A vote was also taken on the question as to whether a further supply of water shall be provided by the Councils, which resulted in 9738 votes for, and 294 against the measure.

THE CLAY MONUMENT.-It is said there wil be a noble monument creeted to the memory of Henry Clay in Kentucky, the State of his home and adoption. In Ohio, there has been two subscriptions of \$1,000 each, by two citizens of that State, and \$500 by a citizen of Mississippi, who refused to give his name.-Fayette county, Ky., has subscribed \$15,000; Bourbon, \$5,000; Franklin more than this sum, and others in proportion.

PROTESTANT MOVEMENT IN IRELAND.-In concluding a lecture on the new reformation in Ireland, the Rev. Dr. Tung, of New York, who has had the advantage of personal observation during a recent visit to that country, remarked that he had left it with the belief that "if there be a few people in England and America madly going into Rome, there are thousands in Ireland, as well as on the Continent of Europe, daily rescued from it."

DISCHARGE OF DR. STEINER .- The charge against Dr. Steiner, United States Army, for killing Major Arnold, United States Army, was investigated by C. N. Brooks, Esq., Justice o the Peace for Hill county, Texas, on the 16th of Sept., who, after hearing the evidence relative thereto, discharged Dr. Steiner on the ground that the homicide was committed in self defence.

Mar Anago, the celebrated astronomer and member of the Academy of Sciences, died at Paris on the 2d inst., at eight o' clock in the evening. He had been ill for a long time, and his death was not unexpected, but a void has been created in the scientific world which will not soon befilled. The name of Francois Domnique Arage will long be remembered by the votaries of science.

NEW JERSEY WHIG CONVENTION .-- On Wednesday the Whigs of New Jersey held their State Convention. They adopted as their candidate for Governor, Jose HAYWOOD, of Ocean county, the nominee of the Americans and of the friends of Prohibition. He is a meghanic, has served in the State Legislature;

PROVIDENCE, R. I., Oct. 18 .- The Hon. Tristram Burgess, for many years U. S. Senator from Bhode Island, and a man of great ability as an orator, died in this city this morning, in the 84th year of his age.

The returns of the election indicate the success of the entire Locofoco State ticket by masuperior strength of the opposition.

ty in the city, but is defeated in the district by Col. J. K. Murphy, Dem. by 888 majority. Wm. B. Reed, Esq., Whig, is re-elected Dis trict Attorney by a majority of 1475. The Whigs have also elected the County Treasurer and Auditor, while the Democrats elect the Prothonotary and Commissioner. In the city Whig, the Locofoco and a Reform ticket, comthe Reform candidate for Senator, Eli K. Price. of the Whig candidates, George II. Hart and Henry K. Strong are elected, with M. W. Baldwin, whig, and W. C. Patterson, Dem. both of whom were on the Reform ticket. Mr. Flanigen, editor of the Daily News, and William R. Morris are the two defeated Whig candidates. In Philadelphia county four democrats are elected to the Assembly, and seven Whigs and

Natives favorable to the prohibitory liquor law. In DAUPHIN county the returns show considerable confusion of parties. An exclusive Prohibitory ticket was run, which polled about 1400 votes. As a consequence one of the Whig condidates for the Legislature was defeated -Hummel, Whig, and Sallade, Loco, are elected. The Whigs elected their Prosecuting Attorney but lost their County Commissioner.

In LANCASTER county the contest was between the regular Whig ticket and a Prohibitory ticket composed of Whigs. The whole Whig county ticket was elected by a large majority, although the Prohibitory men polled about 4000 votes. Additional excitement was given to the contest by a division among the Whigs on the election of a County Treasurer. Reinhold was the regular candidate, but a large number of Whigs appear to have been dissatisfied with the manner in which the nomination was effected, and accordingly they ran an independent candidate, Charles Boughter. In the city of Lancaster, the latter received 1299 over Reinhold. The rural districts of the county, however, went strong for Rein-

hold and his majority is about 800. In Beaks county, although the State ticket has the usual majority, Charles Van Reed, the Whig candidate for County Treasurer, is elec- auxious desire to preserve peace, but mainted by some six hundred majority over the Democratic candidate. There were only two candidates up for the office, and the Democratic derstood, will again propose the sending of a nomination proved entirely unsatisfactory to Reading Adier openly opposed it.

OHIO ELECTION.

Despatches from Ohio state that the Locos have swept almost everything. Meade is elected Governor by a handsome majority over both Barrere, Whig, and Lewis, Free Soil. Lester Bliss is also chosen Lieut Governor over Isaac Allen, Whig, and Thomas Bartly, Supreme Judge, over Backus and Hitchcook, Whig and Free Soil.

Another despatch says, returns of the recent election indicate the defeat of the Temperance party. In the northern portion of the State 'the Maine law ticket was carried, but the Southern portion of the State gave a large majority against it. The decision of the majority intoxicating liquor. The impression is that the Whigs did not elect more than twelve out of all the candidates for the Legislature.

BRUTAL PRIZE FIGHT.

We learn from the New York papers that the ougilistic contest between Yankee Sullivan and John Morrissey, which has long been talked of, came off on Wednesday afternoon at Boston Four Corners. The spot selected for the fight, was a large open lot in the County of Putnam, which is situated on land that seemed to be disputed territory, between that State and Mas suchusetts, as persons residing in both States claim to be the owners. This being a nice point, it was taken into due consideration by the pugilists and their friends, and accordingly taken advantage of. The fight lasted 55 minutes, during which 37 rounds were fought, at the expiration of which Morrissey, who had been punished severely at nearly every round, was in a shocking condition, his nose being completely flattened and his face cut frightful- All the members of the Cabinet with whom he ly, from which the blood flowed profusely. At had had an apportunity of communicating, enring, and during the noise and confusion which ensued, time was called, but Sullivan not hearing it, did not appear. The backers of Morrissey therefore declared him the victor, which was also pronounced by the judges. It is said that by this accident or oversight, and this only on the part of Sullivan, he lost the battle. Morrissey, although he exhibited good pluck, sadly disappointed his friends, as he showed but a small degree of skill. Nearly three Commissioner, Col. Marshall, has taken a thousand people were on the ground to witness very decided step in reference to the contest the fight, which was not the least interrupted by the authorities of that vicinity. It is said the American policy is opposed to the spirit of liberal and free institutions, the Commissioner nearly all the farmers and citizens of that re-

It is stated that the Ulemans had presented a threatening address to the Sultan, calling on him to declare war against the Russians, or to resign. Inquiry has proved that the Ulemans in this matter-were acting at the instigation of the political war party, at the head of whom is Mehmeet Ali, the Sultan's brother-in-law. They persist, however, that war was demanded three legislative tickets were in the field—the by the Koran, and by the circumstance of the Empire. The Sultan refused to sign the war prising all Whigs but one. The result is that declaration they declared against Russia, and there was a possibility of a riot; the French Whig, is elected. The ntelligence received by telegraph at Liverpool, ust before the departure of the steamer from ienna, forwarded advices from Constantinople o the 27th Sept. to the effect that the Divan nt a Grand Council held that day, had resolved ipon a declaration of war, against Russia, and that such step was decidedly against the advice of the Four Powers. It is added that a cumor was prevalent of the actual commence nent of hestilities.

On the morning of the 26th September, the Emperor of Austria suddenly left Vienna for Warsaw, with the Prince of Prussia, where it said the King of Prussia will meet them. Accounts from Olmutz of the 29th, state

Strong hopes of a pacific solution of the Eastern question were ien entertained in diplomatic circles. Advices from Vienna state that the interview

IMPRISONMENT FOR CIRCULATING THE BIBLE.

The attention of the British public has been now gain one in the Cambria district, another arrested by the news of the arrest in the city in the Allegheny, and another in the Mercer of Lucea, in Tuscany, of Miss Cunninghame district, giving them two majority. In the a young Scotch lady, for giving away a Rible House the democrats have gained six or eight and a copy of Bunyan's Pilgrim's Progress, in members which will increase their last year's Italian, to a peasant. The British Minister at Florence, after using every effort for the liberation of the lady, was unsuccessful with the Grand Duke, and it was likely Miss Cunninghame would be imprisoned five years for the offence, unless strong measures were adopted by the British Government. We learn from the London Times that on the 29th ult., a deputation from the Protestant Alliance had an interview with Lord Clarendon at the Foreign Office, in reference to the case. The deputation consisted of the Earl of Shaftesbury, Col Alexan ler, Mr. Wilebraham Taylor, Rev. Dr. Beecham, Mr. J. Cook Evans, Rev. W. H. Rule, Mr. T. Kamilton, and Capt. Giberne, and was received in the most courteous manner by th

Foreign Secretary. The Earl of Shaftsbury briefly explained that the object of the deputation was to lay here appears to be in favor of free trade in before his Lordship the case of Miss M Cunninghame, and to solicit the intervention of Her Majesty's Government to procure the lady's liberation from prison. His Lordship after some remarks upon the case itself, prooceded to express himself in the strongest man ner upon the barbarous nature of the law under which Miss Cunninghame was arrested; and indulged a hope that the most carnest efforts of the Government would be used to rescue British subject from the indignity thus offered

o her. The Earl of Clarendon said he entirely concurred in the opinion expressed by Lord Shaftesbury as to the character of the law in question, which was not only contrary to the principles of the Gospel, but to the spirit of the age. His Lordship said he was quite familiar with the facts of the case, having received a dispatch from Mr. Scarlett on the subject, and that he had lost no time in forwarding his directions to that gentleman. Mr. Scarlett has acted with the greatest zent in the matter, and tirely agreed with him in the view he took of the case, and he felt that it was one in which no exertion should be spared on his part to se

uro Miss Cunningham's release.

OUR COMMISSIONER TO CHINA. A correspondent of the London News writing from Hong Kong, under date Aug. 7th says, "it is earnestly reported that the American nearly all the farmers and citizens of that region were present to witness the disgraceful exhibition. As a natural consequence the Tribune says, "on Wednesday night the rum holes of the city were thronged with anxious persons in search of news, and all manner of etories were told; but the above seemed to be the nearest approximation to the truth. However, it is no consequence to respectable people, for no one with the common feelings of a man can read the revolting details of such an infernal exhibition without feeling a sense of degradation for, any such ridiculous rumors as to ton that such creatures wear the human form.

Nunsing Sone Mouth.—There are few if any more troublesome and annoying complaints that Mothers are subject to, than Nursing Sore Mouth, and none probably, that is thought so lightly of by physicians. The patient is allowed to suffer from day to day, and week to week; without any remedy. Myers' Extract of Rock Rose is a speedy and certain cure, as the following certificate will abundantly prove.

Rev. A. B. L. Myers—Dear Sir—You have asked my opinion of the influences of your Rock Rose Syvup, in any instance of Nursing Sore Mouth which may have come under my notice. A lady in this city, severely afflicted with this painful disease, and much prostration, a few weeks after confinement with twins, commenced using the Rock Rose, under my advice, and received immediate relief. She had proviously soffered, much from this disease, and the balance on the 1st of April, 1864, when possession will be given, and the balance vice, and received immediate relief. She had proviously suffered much from this disease, with her other children, and was generally, for a long time, in a delicate state of health, and suffered greatly from canter. The Rock Rose begins an invaluable blessing to her and her babes, who still live, and I trust may be reared by this remedy.
