I then tested it in cases of Cutaneous Eruptions, in Measles, Chicken Pox, Cancor, Sure Mouth, Erysipelas, Satt Rheum, Piles, Ko. In all these cases with perfect success. After testing this Syrup for more than a year, I wrote Mr. Myers (October 7th, 1850) enthusi-astically, not expecting my letter would be published, that his Syrup was a "Pankorite," all heating, and I gave, him the result of its operations in several instances. I stated in that letter that "it was invaluable as a remedy in Cutaneous Eruptions, Erysipelas, Sult Rheum, and other disorders, included in the varied family of diseases known as Scrofula, &c.: that in Dyspessia it acted with wonder-ful efficacy." severely afflicted with a Scrofula humor, of a very severe type, the humor showing itself on all parts of the surface, and then suddenly dis-appearing. The child was very sick, and it was thought doubtful whether she would live, The humor resembled black specks of mortified flesh. In addition to some other remedies, gave the child this Sy up for about six weeks, whan she had sufficient strength to go ont to school occasionally. The swelling of her limbs ceased, and sho was restored to health. This blessing, to my remedies. This test satisfied me that the Rock Rose possessed specifie powers for Scrofel us htty mors. I then tested it in cases of Cutaneous Eruptions, in Measles, Chicken Pox, Cancory, Sufe Mouth, Erysielas, Satt Rhoum, Piles, & C.

testing this Syrup for more than a year, wrote Mr. Myers (October 7th, 1850) enthusi-natically, not expecting my latter would be poblished, that his Syrup wasa "Pankorito," all.healing, and I gave, him the result of its operations in several instances. I stated in that letter that "it was invaluable as a remedy in Cutaneous Eruptions," Erysipelas, Suft Rheum, and other disorders, included in the varied family of diseases known as Scrofula, &c. : that in Dyspopsia it acted with wonder-ful effices." My opinion of its value for the abeve named diseases, remain unchanged, and the same as when I wrote Mr Myers in Oct 1850., "I do not recommend it for all the illt of our suffering humanity ; but I unhesitating-ly soy, that as a remedy for Scrofulous affec-tions I believe it superior to any known curi-tive agent. It has been sufficiently tested by domestic practice to establish its adaption to extensive softmers of Merch Myers, soil-tary habits of youth, are faithally described, and all the recepts given in plain language. became greatly celebrated for the cure of sinch lar diseases. Dr. J. H. Thompson, of the same place, pro-scribed it in bad cases of Scrofulous patients at Wille' Hospital. His success attracted the attention of senior physicians, Ho roports the following remarkable case of White swelling of the hip) in February, 1514 := The lad was seven years old, and had the disease three years. The bone was dislocated both upward end outward. There was a large opening in the hip leading to the bone; into which I could thrust my finger. I counted three ulcers. He had been under several physicians, who had given him up, I ordered a decoction of Reck. Rose. In two days his night sweats ceased: i then a day. Thirty sine days after he was entirely well. Dr. Webb, of Madison, Ct., testifies to the value of Ruck Rose, as evinced in the cure of numerous chases of the Sorofula, especially in childrent. Manutactured by W'm Franklin & Co., New
