Doad! and all his wealth not sufficient to bury him with proper decency. Died, doubting to the last, poor old gray headed Atheist! Years ago his home was a palace. Ili daugtersh were beautiful; his sons stately and noble. He cloried in his unbelief. "His ever stood out with fatness." It seemed hard to the poor Christians, and one was tempted to say,

good." But by these wet clods; on which the rai. drops dismally, lies his pine coffin. The sex ton strikes it with his shovel, and coarse jests profane the "garden of God."

"It is better with the wicked than with the

"Poor old Atheist!" One daughter lies bro ken hearted in an early grave. One in a for eign land wanders under the weight of his curso The joungest son, the "old man's darling," rots in jail; the other died drunken.

All were Atheists! Prosperity kept then company long. Their orchards were never blighted. Sickness thinted not their beauty oare and disapointment left their hearts alone But to-day where are they, with the wealth an I glory of prosperity?

Aye! is it trus? The mill of God grinds Late-but it grinds to

A TRUTH FOR PARENTS.

The Rev. Dr Duff, a man of eminent practi nal wisdom, as well as of eminent piety, says "I am prepared from experience to say, that in nine cases out of ten the heards of accumu lated money given to children, by whom they were never carned, and who acquired no habits of industry, or thrift, or laboriousness, prove in point of fact, rather a curse than u blessing. I am prepared to substantiate that, as a matter of fact, not merely from my own knowledge of the subject, but from the statements of men who have been of watchful and observant hab its, cultivated not only in Great Britain, but 'n America. But it is a melancholy fact that so little do parents know of the mass of misery they are accumulating for their children, in heaping up these heards for them-so little do they think how big with misery these heards

THE SABBATH.

"The rest of the Sabbath is as necessary after the engagement of the week, as is the night's rest after the work of the day. To the one we go instinctively, forced by fatigue It is well if we observe the other, impelled by moral consideration, before suffering the penalty attached to its violation; of which no instincr gives us warning. After six days of labor out strained muscles need a season to renew their elasticity-our irritable nerves to recover their moral state—our fettered spirits to resoue their equalimity."

Opposition,-"A certain amount of opposition," says John Neal, "is a great help to a man. Kites rise against and not with the wind. Even a head wind is better than none. No man ever worked his passage anywhere in a dead calm. Let no man wax pale, therefore because of opposition. Opposition is what he wants, and must have to be good for anything. "Hardship is the native soil of manhood and self-reliance. He that cannot abide the storm without flinching or quailing, strips himself in the sunshine, oand lays down by the wayside, to be overlooked and forgotten. He who but braces himself to the struggle when the wind blows, gives up when they have done, and falls asleep in the stillness that follows.

HARDWARE--FRESH ARRIVAL! HENRY SAXTON.

THE subscriber having returned from the city would call the attention of his friends and the public generally to the large and well become assertment of Hardware which he has just received, consisting in part of BUILDING MATERIALS.

HICKOK'S PATENT IMPROVED CIDER MILL.

HICKOK'S PATENT IMPROVED CIDER MILL.

In the present arrangement of this highly approved and duable Mill, the labor is divided by arranging a cutting rinder to break the apples, and then doiver them to the ly wer Cylinders to be reduced to pontace. By this arrangement the work is performed faster and with much less labor. The Press is arranged with a much larger screw than remerly, and by a very ingonious device the use of the bag dispensed with and the Tub made to open at will to devert the pounace, while at the same time the Cider is left ear and the work can be done with much less labor than y, the old method. The Cylinders are covered with much less labor than y, the old method. The Cylinders are covered with had the very best manner and rranged with each to their peripherics and ends; the wood i them is arranged so as not to swell; and the whole work on them is arranged so as not to swell; and the whole work on the Mill and Press nade in the very best manner and rranged with especial view to their durability and service. No Farmer who uses the Mill carefully and according directions will be disappointed, but on the other and he will find this one of the most valuable and efficient suchines on his farm.

The machine is made to run by horse, steam, or handower, and when the apples are ground, a small boy of 14 ears of age can press the ponnace with all eace.

In all former times it was supposed that a large quantity folder could only be made by using a penderous machine, had slowly crushed the apples without grinding them. Since the machine and the will like the apples are considerable quantity being absorbed by the straw and the mass of ponnace; and to obtain this invasitated to reconsiderable quantity being absorbed by the straw and the mass of ponnace; and to obtain this invasitated to reconsiderable quantity being absorbed in the statement of a few fields with the condition of the Cider a considerable quantity being absorbed invented, and the statement of a few fields with the cident by the straw and the Armers have hereiofore labored under, this Machine has seen invented, and the statement of a few facts will prove that it is not only the best Machine of the kind in existence, but it is not only the best Machine of the kind in existence, but it is not only the best Machine of the kind in existence, but it is the most profitable that a man can have on his farm. The apples are by this Machine graded up into a fine pulp, so that it requires but a comparatively light pressure, and that but a minute or two, to extract all the Cider, it being ascertained by practical experiment that One-Fourth more juice can be obtained than by the old process. Besides this, it only requires two hands to grind up and make this (the first into Cider a larger quantity of apples than can be possibly done on the old-babloned machines. On this press, owing to the compactness of the pomace in the tub, and the complete manner in which it is ground, a pressure of from 3 to to to tons—that can easily be old/adued—will produce a more favorable result than fifty tons pressure on the ordinary [All orders and will grind done by horse-power from 100 to 300 bushes for the compactness of the pomace in the tub, and the complete manner in which it is ground, a pressure of from 3 to to see that can easily be old/adued—will produce a more favorable result than fifty tons pressure on the ordinary [All orders and will grind done by horse-power from 100 to 300 bushes [All orders and will grind done by horse-power from 100 to 300 bushes [All orders and will grind done by horse-power from 100 to 300 bushes [All orders and will grind done by horse-power from 100 to 300 bushes [All orders and will grind done by horse-power from 100 to 300 bushes [All orders and will grind done by horse-power from 100 to 300 bushes [All orders and will grind done by horse-power from 100 to 300 bushes [All orders and will grind done by horse-power from 100 to 300 bushes [All orders and will grind done by horse-power from 100 to 300 bushes [All orders and will grind done by hors

April 1 3, 1853.-1v PRESERVE YOUR TEETH BY USING

Zermans Celebrated Tooth Wash. THIS valuable preparation has long been used in New York and Philadelphia, where it has attained an immense popularity, for cleansing.

preserving and brautifying the teeth. It is an excellent remedy for sore, soft or bleeding Gums It also imparts a delightful freshness to the mouth and agreeable odor to the breath.

Read the following from Dr. Murray. Read the following from Dr. Marray.

"I can, with the atmost confidence, recommend to the public Zerman's Anti-Scribtute Tooth Wash as the best in use. In my practice me last five years, and have found it to give sat isfaction in every instance, as the-Wash does no contain acid, or anything injurious to the teeth o gums; but, on the contrary, is the best antiscpi a the practice, and therefore, would recommen he use of it, not only to those who wish to preservetheir teeth and gums, and have a wholesom ibreath, but also to those who have diseased gun

ibreath, but also to those who have diseased gums tor teeth. The use of the Wash, for a short-time, will insure a return to their healthy state.

GEORGE E MURRAY, Dentist, No 61.8. Eleventh st., below Chestant Phil'a.

Dr. Hendel, of Carlisle, say: — Mr. Zerman, I am well pleased with your Tooth Wash; it not only cleanses and whitens the teeth without tighting them, but it enressore or bleeding gums. I cheerfully recommend it to the profession and public, as the very best preparation that can be used for cleansing and preserving the teeth, healing the gums, and giving sweetness to the breath.

JOHN W, HENDEL, Surgeon Dentist. JOHN W. HENDEL, Surgeon Demai.
Price 25 cents per bottle. Prepared only

Medicine,

LIVER COMPLAINT. DYSPEPSIA, JAUNDICE, CHRONIC OF NERVOUS DEBILITY, DIS

EASE OF THE KIDNEYS, AND A DISPASES ARISING FROM A DISORDERED LIVER OR STOMACH.

Such as Constitution, hward piles, fulness of blood to the head, acidity of the stomach, nausen, heartburn, disgust for food, fulness or weight in the stomach, sour cructations, sinking of fluttering at the pit of the stomach; swimming of the head, hurried and difficult breathing fluttering at the head, hurried and difficult breathing flutterings the head, source the stomach; breathing, fluttering at the heart, choking or sufficienting sensations when in a lying posture, dimness of vision, detator webs before the sight, fever and dull pain in the head, deficiency of perspiration, yellowness of the skin and eyes, pats in the side, back, chest, limbs, &c., sudden flushes of heat, burning in the flesh, constant imaginings of evil, and great

depression of spirits, CAN BE EFFECTUALLY CURED BY DR. HOOFLAND'S CELEBRATED GERMAN BITTERS,

DR, C. M. JACKSON, No. 120 Arch Street, Philadelphia. Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the cures attest, in many cases after ski ful physicians had failed.
These Ritters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Laver and lesser glands, exercising the most scarching powers in weakness and affections of the digestive organs, they are withal safe, certain and pleas.

READ AND BE CONVINCED. Testimony of the highest character! HON. GEO. STROOP, Judge of the District Court in Perry county, Pa., Nov. 18th, 1852 said: "your 'Hooffund's German Bitters' has been in use in our place over a year past, and to the astonishment of many has performed wonders. We may notice a few instances that have come under own immediate notice:—almost every person who has stopped at the hotel of Wm. Lackey, one year since, predicted from his cmaciated countenance and debility, that he could not live much longer. He was unable to attend to his buinces, and for the greater part of the time confined to his room. We recimmended him to try the German Bitters: he did; and to the surprise of all his friends he is now able to attend to his usual business and perform manual labor. The case of Henry Asper a stone mason, whom no one supposed would ever recover from the debility of his system, but was looke I upon as fast approaching the grave, took eight or nine bottles of the Bitters during the last winter, and this summer he has been [to the surprise of all who knew his case] following his trade. The case of William Marching has been statistically of William Murphy is no less astonishing.—
He too was so far reduced as to induce the general belief that the grave alone would be his only remedy. Mr. Lackey recommended him to try the Hoofland's German Briters; he is tow anarchilly a well man and able to deis now apparently a well man, and able to do a hard day's work. We could mention many other cases of a similar character, if it were necessary. I myself derived much benefit from their use. I have given considerable of it atheir use. I have given considerable of it asuffering humanity, and let me assure you I am pleased to see the happy result. To the afflicted we say, try them fairly and I will warrant relief."

These Bitters are worthy the attention of invalids, possessing great power in the restoration of a healthy action of the liver and the lesser glands, giving tone to the stomach and nervous system, and bringing the system gen crally to a high state o, health. Far sale by S. W. Haverstick and S. Elliott; Carlisle; Ira Day, Mechanicsburg; J. II. Herron, Newyille; J. S. Altic, Shippensburg, and by dealers in medicin a every where.

NEW DRUG STORE!!! South Hanover Street, Near the Court House. B. J. KIEFFER, druggist, would respect fully inform the citizens of Carlisle and vicinity that he has opened a new

MYERS' EXTRACT OF BOCK ROSE, An Invaluable Remedy for all Scrafulous Diseases, Indigestion, Sult Rheum, Siek Headache, Cancer, Nursing Sore Mouth, and General Debility, and as a Purifier of the Blood it is

Unequalled. The Rock Rose has gained a reputation at home and abroad, which no other medicine has ever done in the same length of time. According to the opinions of eminent Physicians, the Rock Rose Plant is unequalled in Curing Scrofula in its Various Forms

STATEMENT OF REV. E. R. WARREN

To The American Public.

*As my name has been used in connection with recommendations of Mr. Myers' Reck Rose Syrup, in various advertisements by the manufacturer, I beg leave to make the following statement with reference to my acquaint ance with the remedy and tests to which I have subjected it, and the reasons for having introduced it to the notice of private friends in the community in which I reside, long before the medicine was advertised. I make this statement freely, because I have, as a principle, withheld my name from all patent medicines. withheld my name from all patent medicines, and redulously abstanted from recommending them to the public, believing them frequently the spown of quarkery and humbug, and at tunding to photonese, instead of lessening human disease and suffering. Such, I lear, is the character of a large portion of the patent panaceas of this medicine making are a Their ceases.

disease and suffering. Such, I lear, is the character of a large portion of the patent principles of this medicine making age. "Their name is legion," and from their influence, as from the demonitical spirits, we have reason to pray for a safe deliverance.

The First Test. I had myself suffered occasionally with sudden attacks of Sick Headache ache, and Billious Diarrhea, and I had sought a great variety of curative agents to but little purpose; and suffering from this disease (diarrhea) at this time, I determined to test the new Syrup first upon myself. The results were beyond my expectations. It was a powerful alterative, and the morbir action of the system was changed, and the functions of secretion were restored to a healthy state. It gave tone and elasticity to my system, and corrected the derangement of the digestive organs, and gave me that inestimable blessing—health. This fest was not determined in a week, or a month; but I took four or five bottles in perhaps as many months. Since that time I have suffered but slightly from these derangements. My Sick Headache is en'irely Cured.

Other Tests.—Finding this medicine so useful to myself. I have cover it to the surface of the survey of the surve

Other Tests.—Finding this medicine so useful to mysell, I at once gave it to several invalid triends. About this time, I was carneally solicited to give advice in reterence to a child, some eight years of age. This child was severely afflicted with a Scrofula humor, of a very saver time the humor about the life. very severe type, the humor showing itself on all parts of the surface, and then suddenly dis-appearing. The child was very sick, and it was thought doubtful whether she would live, The humor resembled black specks of mortified flesh. In addition to some other remedies, a gave the child this Syrup for about six weeks when she had sufficient strength to go out to school occasionally. The swelling of her limbs ceased, and she was restored to health. The family feel that they owe her life, with G.d's blessing, to my remedies.

This test satisfied me that the Rock Roze possessed specific powers for Scrofulous imnors. I then tested it in cases of Cutanen;

possess of specific powers for Scrofolous inmors. I then texted it in cases of Cutaneo's Eruptions, in Measles, Chicken Pox, Caneby, Sore Mouth, Erysipelas, Salt Rhenm, Piles, 80. In all these cases with perfect success. After lesting this Syrup for more than a year, I wrote Mr. Myers (October 7th, 1850) enthusiastically, not expecting my letter would be published, that his Syrup was a "Pankorite," all héaling, and I gave him the result of its operations in several instances. I stated in that letter that "it was invaluable as a remedy in Cutaneous Eruptions, Erysipelas, Salt Rheum, and other disorders, included in the varied family of diseases known as Scrofula, &c.: that in Dyspepsia it acted with wonderful efficacy." My opinion of its value for the ab we named diseases, remain unchanged, and the same as when I wrote Mr Myers in Oct. 1850. I do not recommend it for all the tills of our suffering humanity; but I unhesitatingly say, that as a remedy for Scrofolious, affections I believe it superior to any known entrative agent.

It has been sufficiently tested by domestic practice to establish its adaption to extensive usefulness in mittgating human suffering and removing diseases.

But What is the Rock Rose?

The following history of the Rock Rose plant and its medicinal properties, we take from the New Haven Paladium, March 1852.

"The precased interest manifested in the Rock Rose plant, in consequence of the many wonderful corresteffected by Myers' Companid mors. I then tested it in cases of Cutanen's Eruptions, in Measles, Chicken Pox, Cancor, Sore Mouth, Erysipelas, Salt Rheum, Piles, So. In all these cases with perfect success. After testing this Syrup for more than a year, I wrote Mr. Myers (October 7th, 1850) enthusia asteally, not expecting my letter would be published, that his Syrup was a "Pankorite," all héaling, and I gave him the result of its operations in several instances. I stated in that letter that "it was invaluable as a remedy in Cutaneous Eruptions, Erysipelas, Salt Rheum, and other disorders, included in the varied family of diseases known as Scrofula, ded

Rock Rose plant, in consequence of the many wonderful cures effected by Myers' Compound Extract of Rock Rose,' calls for a brief history of it, in order to correct any errone vis opin-ion that may have been entertained oncern-ing it; and also to set in a true light the na-ture of a plant which promises to be univer-

sally beneficial. "We are indebted to the United States Dis pensatory of 1847, for the following description of it:

" It is entirely different from the common Rose. It is a red-stemmed, oblong leat plant, having a bitter taste. In addition to remarkable peculiarity of the plant, of hearing two crops of flowers in one season, it also has and ther interesting and beautiful property.

Dr. Euton says, that in the months of Nos vember and December, he has seen hundredof these plants, sending out near their roots, broad, thin, curved ice-crystals, about an inch in breadth: which melted during the day, and were renewed in the morning. For a more minute and authentical description of it, the

reader is referred to Torrey and Gray's Butan-Its Medical History and Properties Are far the most important, since upon these depends its value to the community. Dr. London says that in 1799, it was so valuable in England, that it was cultivated from seeds. Ever since 1896, Professor Ives of Yule College, has habitually used it with groat success n Scrofula and Chronic diseases, and through him its virtues were made known, until, as Dr.

Tyler says, "it is now in this section (New Haven) a common article in domestic practice Haven) a common article in domestic practice for the cure of Scrofula and Cutaneous dis-Dr. Whitlaw, a Sco'ch Botanist of notoricty, while travelling in America in 1814, learned its use in Canada. Returning to England, he employed it in medicating his baths, which became greatly celebrated for the cure of simi-

Dr. J. II. Thompson, of the same place, prescribed it in bad cases of Scrofulous patients at Wilis' Hospital. His success attracted the attention of senior physicians. He reports the following remarkable case of white swelling of tollowing remarkable case of white swelling of the hyp, in February, 1814:—The lad was seven years old, and had the disease three years. The hone was dislocated both upward end outward. There was a large opening in the hip leading to the bone; into which I could thrust my finger. I counted three ulcors. He thrust my finger. I counted three ulcers. Ho had been under several physicians, who had given him up. I ordered a decoction of Reck Rose. In two days his night sweats ceased I then ordered a teaspoonful of Rock Rose three times a day. Thirty-nine days after he was entirely well.

Dr. Wehl, of Madison, Ct., testifies to the value of Rock Rose, as evinced in the cure of numerous cases of the Scrofula, especially in children.

late of Conneaut; C.

CONNEAUT, Feb. 5, 1853.

Mr. Z. LAKE—Sir: Please tend me anotherical without it en hand. When I comment of giving the medicine to my soft Edga, the had from one to three fits per day. He has now taken the medicine over five months, and has had, I think, but two fits in that time, and those very light. His body and mind are very much improved; and by the plessing of God, I feel that the medicine will restore his body and mind to their wonted activity. He is 28 years old, and has had fits over 12 years, which have been very frequent, and very destructive to his constitution and mind. Hundreds of tolking have been expended for medicine to "cure first," but nothing has relieved him until he used your medicine. Respectfully yours, POLLY BROOKS.

From Judson Landon, County Superintendent of
