Mn. Shriner—At your request I have examined the composition of your "Balsamic Cough Syrup," and from my knowledge of the ingredients, and having winessed its good effects, I can recommend it to the public as a valuable compound for Coughs, Colds, and all chronic pulmonary affections.

LIBERTY Frederick Co Md. Mr Shriner—Dear Sir—I have been afflicted with a disease of the throat for a number of years, and for eighteen months past have been much troubled with a cough, during which time. I have tried many of the popular remetics for such diseases, without finding any lasting benefit. At your suggestion—I was induced to try your "Balsamic Cough Synup," and I am happy to inform you that I find it to be superior to any I have taken. From my knowledge of I's ingredient, and my experience of its differer, I ingredients, and my experience of its efficacy pleasure in recommending it to to the pu lic for the purposes specified in your

communication in due time after it was mailed and now take up my pen to reply to your enquiries in regard to the effects of your "Balsamic Cough Syrup."

For fifteen months previous to last March, I was troubled with an affection of the throat, andch originated from severe cold and cough, trie caused me much difficulty in speaking. I died several preparations professing to be remedies, but they all failed to produce the good desired. My throat grew worse and worse, so much so that my friends became alarmed, and I became fearful lest it should terminate in Bronchitis. While home last Spring in Triadelpnia, I heard of many astonishing cures performed by chitts. While home last Spring in Triadelpnia, i heard of many astonishing cures performed by the use of your "Balsamic Cough Syrup" and having overcome my prejudices against patent medicine, resolved to try it, and used two bottles; I found myself entirely cured. I feel prepared to say that I believe it to be a superior remedy to any before discovered: certain it is superior to any I have ever used.

Mr Editor—The unparalleled success which has attended the use of "Shrinor's ('ough-'Sprup'' in all cases that have come under my observation, and the very gratifying effects of its use in my own family induces me to offer this testimony in its favor.

About three months since Mrs Evans was taken with a very severe call, which in a short time settled on her breast, causting the most distressing cough, pain in the breast, &c. The usual remedies were made use of, but she continued to grow worse, until it was deemed prudent to call in the family physician, who attended her for some time without and apparent benefit-Finally through the persuasion of friends, we were induced to make a trial of "Shiner's Cough Syrup." I procured a bottle, and she commenced taking it on Sunday, and by Thursday was entirely relieved.

The bestierer of the case, and the proportions.

day was entirely relieved.

The obstinacy of the case, and the promptness of the relief afforded, causes me to think this one of the greatest remedies of the kind in use.
