READ AND BE CONVINCED. Testimony of the highest-character! HON, GEO STROOP, Judge of the District Court in Perry county, Pa., Nov. 18th, 1852 said: "poor 'Hoofland's German Bitters' has been in use in our place over a year past, and to the astonish ment of many has performed wonders. We may notice a few instances that have come under own immediate notice:—almost every person who has stapped at the hotel of Wm. Lackey, one year since, predicted from his e-maciated countenance and debility, that he could not live much longer. He was unable to attend to his buinces, and for the greater part of the time confined to his room. We rec-ommended him to try the German Bitters, he did and to the surroys of all his friends he is did, and to the surprise of all his friends he is now able to attend to his usual business and perform manual labor. The case of Henry Asper a stone mason, whom no one supposed would ever recover from the debility of his system, but was looked upon as fast approach ing the grave, took eight or nine bottles of the Bitters during the last winter, and this sem mer he has been for the surprise of all who knew his case] following his trade. The case of William Murphy is no less astonishing. of William Murphy is no less astonishing.—
He too was so far reduced as to induce the general belief that the grave alone would be his only remedy. Mr. Lackey recommended him to try the Hoofland's German Bitters; he is now apparently a well man, and able to do a hard, day's work. We could mention many other warmen of a circular property. other cases of a similar character, if it were necessary. I myself derived much benefit from their use. I have given considerable of it away, not for your benefit alone, but to relieve suffering humanity, and let me assure you I am pleased to see the happy result. To the

afflicted we say, try them fairly and I will warrant relief." These Bitters are worthy the attention of it valids, passessing great power in the resto-ration of a healthy action of the liver and the lesser glands, giving tone to the stomach and nervous system, and bringing the system generally to a high state o, health. Medicines,

"PANKORITE." MYERS' EXTRACT OF ROCK ROSE,

An Invaluable Remedy for all Scrofulous Dis-eases, Indigestion, Salt Rheum, Sick Headuche, Cancer, Nursing Sore Mouth, and General Debility, and as a Purifier of the Blood it is

Unequalled, The Rock Rose has gained a reputation at me and abroad, which no other medicin According to the opinions of eminent Physicians, the Rock Rose Plant is unequalled in Curing Scrofula in its Various Forms!

STATEMENT OF REV. E. R. WARREN (Pastor of the 2d Baptist Church, New London Ct..) relative to Myers' Extract Rose.

As my name has been used in connection with recommendations of Mr. Myers' Rock Rose Syrup, in various advertisements by the manufacturer, I beg leave to make the following statement with reference to my ocquaint. nce with the remedy and tests to which I have subjected it, and the reasons for having intro-duced it to the notice of private friends in the community in which I reside, long before the modicine was advertised. I make this statement freely, because I have, as a principle, withheld my name from all patent medicines, and sedulously abstanced from recommending them to the public, believing them frequently the spawn of quackery and humbug, and as

Sick Hendache is entirely Cured.

Other Tests .- I'inding this medicine so use ful to myself, I at once gave it to several inva-lid friends. About this time, I was carnestly solicited to give advice in reference to a child, some eight years of age. This child was severely afflicted with a Scrofula haraor, of a very severe type, the humor showing itself on all parts of the surface, and then suddenly dis-appearing. The child was very sick, and it was thought doubtful whether she would live, The humor resembled black specks of mortified flesh. In addition to some other remedies, a gave the child this Serve for short, in who gave the child this Syrup for about six weeks, when she had sufficient strength to go out to school occasionally. The swelling of her limbs ceased, and she was restored to health. The family feel that they owe her life, with Gud's essing, to my remedies.
This test satisfied me that the Rock Ruse

ossessed specific powers for Serofolous hu-iors. I then tested it in cases of Cutane 1:8 Eruptions, in Measles, Chicken Pox. Canc P. Sore Mouth, Erysinelas, Salt Rhenm, Piles, &0 In all these cases with perfect success. After testing this Syrup for more than a year, I wrote Mr. Myers (October 7th, 1850) enthusiwrote Mr. Myers (October 7th, 1850) enthusically not expecting my letter would be poblished, that his Syrup was a "Pankorite" all healing, and I gave him the result of its operations in several instances. I stated in that letter that "it was invaluable as a remedy in Cutaneous Eruptions, Erysipelas, Sult Rheim, and other disorders, included in the varied family of diseases known as Scrofula, see that in Dyspensia it acted with wonder— Ac.: that in Dyspepsia it acted with wonderful efficacy." My opinion of its value for the above named diseases, remain unchanged, and the same as when I wrote Mr Myers in Oct. 1850. I do not recommend it for all the ills of our suffering humanity; but I unhesitating.

" It is entirely different from the common Rose. It is a red-stommed, oblong leat plant, having a bitter taste. In addition to remarkable peculiarity of the plant, of bearing two crops of flowers in one season, it also has another interesting and benutiful property.

Dr. Euton says, that in the months of Ness vember and December, he has seen hundred of these plants, sending out near their roots, broad, thin, curved ice-crystals, about an inch in breudth; which melted during the day, and were renewed in the morning. For a more minute and authentical description of it, the

reader is referred to Toricy and Gray's Bytanical works:

Are far the most important, since upon these depends its value to the community. Dr. Loudon says that in 1799, it was so valuable in England, that it was cultivated from seeds, Even since 1806, Professor Ives of Yalo College, has habitually used it with great success on Serofula and Chronic diseases, and through him its virtues were made known; until, as Dr. Tyler says, "it is now in this section (New Huven) a common article in domestic practice for the cure of Screfula and Cutaneous disfor the cure of Scrofula and Cutaneous di-

The bone was dislocated both upward end outward. There was a large opening in the hip leading to the bone; into which I could thrust my finger. I counted three alcores. He had been under several physicians, who had given him up. I ordered a decoction of Reck. Ross. In two days his hight swents ceased I then ordered a tenspoonful of Rock Ross three times a day. the spawn of quackery and humbug, and as tending to increase, instead of lessening human disease, and suffering. Such, I fear, is the character of a large portion of the patent punceus of this medicine making age. "Their name is legion," and from their influence, sa from the demoniacal spirits, we have reason to pray for a wafe deliverance.

The First Test.—I had myself suffered occasionally with sudden attacks of Sick Headsche, and Billious Diarrhea, and I had sought a great variety of curative agents to but little purpose; and suffering from this disease (diarrhea) at this time, I determined to test the new Syrup first upon myself. The results were beyond my expectations. It was a powerful alterative, and the morbit action of the system was changed, and the functions of secretion were restored to a healthy state. It gave tone and elasticity to my system, and corrected the derangement of the digestive organs, and gave me that inestimable blessing—health. This test was not determined in a week, or a month; but I took four or five bottles in perhaps as many months. Since that time I have soffered but slightly from these derangements. My Sick Headache is entirely Cured.

It has been sufficiently tested by domestic practice to establish its adaption to extensive usefulness in mitigating human suffering and removing diseases.

But What is the Rock Rose?

The following history of the Rock Rose plant and its inedicinal properties, we take from the New Haven Palladium, March 1852, "The increased interest manifested in the Rock Rose plant, in emsequence of the many wonderful cures effected by Myers' Compound Extract of Rock Rose, 'calls for a brief history of it, in order to correct any errone is opinion that may have been entertained uncerning it; and also to set in a true light the nature of a plant which promises to be univer-

paid.
