Ashes for Corn. A farmer in the Rural New Yorker recom mens ashes for corn plants, in preference to plaster. He says, "I had a few bushels of plaster which I put upon the corn as far as it would go. I then skipped a few rows, and upon the remainder put unleached ashes. The result was, that the corn upon which I put nothing was not so good as that upon which I put plaster, nor so good as that upon which-Iput ashes. As the soil was as nearly as pessible alike, the same quality of seed, receiving the same care, I can account for the difference in no other way than by reasoning that plaster is better than nothing, ashes better than plas

Bush Your Tomatoes.

It is just as sensible to grow peas without hashing them as it is tomatoes. You may grow both in a slovenly sort of a way, if you have plenty of room on the ground: but you can grow either twice as well upon something to support them, and tomatoes are decidedly better grown up in the air, than near the ground, under the shade of a mass of vines .-The best support for a tomato vine is a short bush set firmly in the ground. The branches have room to spread among the limbs and support the fruit. 'The plan is much better than tying to stakes and trimming according to our experience. We have tried both ways.

Damage from Insects.

It is estimated by the most experienced ag riculturists in the country, that the span worm and catapillar damage our crops to the amount of \$100,000 annually. More damage is done by these insects to America, than all the combined armies and navies of Europe have perpetrated from April to November. The damage committed in France, in one year upon wheat, grapes and potatoes by these insects is estimated as greater than that which would pay Napoleon's campaign to Moscow.

To keep Birds from picking Fruit. As the season is coming on for the depredations of birds, I beg to report my experience of last year, when I saved my cherries by hanging up several pieces of tin with strong thread, in the different trees, two pieces being hung near enough to clash with the wind, while the bright reflection of the tin in the sun, certainly frightened them away; and I had my due share of fruit, which, the preceding year, I was obliged to relinquish to them. So says a New Jersey farmer.

The Editor of the Newark Herald is evidently short of "phunds," and in stirring up his patrons says:

"We cannot help thinking how much easier an editor's life might be made, if his generous patrons could only hear his "better half' scraping the bottom of the flour barrel! A man that can write editorial with such music sounding in his ears, can easily walk the telegraph wires and turn somersets in the branches of a thorn bush.

Stores and Shops.

BOOTS AND SHOES. THE subscriber has now on hand a very extensive and well selected stock of BOOTS and SHOES, which he will sell

and SHOES, which he will sell a tinusually low prices. Purchased from wholesale realers, at low rates, he can offer such inducements to purchasers as will make it their interest to visit his establishment. He has every article in the Boot and Shoe line—for Ladies' or Gentlemen's wear—he therefore, deems it unnecessary to particularity. Programs desiring conduction darize. 32 Persons lesiring good and cheap goods are invited to give him a call. April 12 W. SHELDON. ANOTHER GREAT ARRIVAL!

CARTER'S SPANISH MIXTURE.

THE GREAT PURIFIER OF THE BLOOD.

Not a Particle of Mercury in it.

An infallible remedy for Serofula, King's Evil,
Rheumatism, Obstinate Cutanecus. Bruptions,
Pimples or Pusules on the Face, Blotches,
Boils, Chronic Sore Eyes, Ring Worm or Tetter, Scald Head, Enlargement and Pain of the
Bones and Jounts, Stubborn Ulcers, Syphilitic
Disorders, Lumbago, Spinal Complaints and all
Diseases arising from an injudicious use of Mercury, Imprudence in Life, or Impurity of the
Blood.
This valuable Madisser.

Diseases arising from an injudicious use of Mercury, Imprudence in Life, or Impurity of the Blood.

This valuable Medicine, which has become celebrated for the number of extraordinaty cures effected through its against, has induced the proprietors, at the urgent request of their friends, to offer it to the public, which they do with the utmost confidence in its virtues and wonderful curative properties. The following certificates selected from a large mumber, are however, stronger testimony than the mereword of the proprietors; and are all from gentlemen well known in their localities and of the highest respectability many of them residing in the city of Richmond, Va.

F. BOYDEN, Esq. of the Exclange Hotel, Richmond, known every where, says he has seen the Medicine called Carter's Spanish Mixture administered in over a hundred cases, in nearly all the diseases for which it is recommended with the most astonishingly good results.—

He says it is the most extraordinary medicine has ever seen.

AGUE AND FEVER—Great Cure.—I here city would call the attention of this friends and

He says it is the most extraordinary medicine he has ever seen.

JGUE JND FEVER—Great Cure.—I here by certify that for three years I had Ague and Fever of the most violent description. I had asveral Physicians, took large quantities of Quinine, Mercury, and I believe all the Tonics advertised, but all without any permanent relief, It last I tried Carter's Spanish Mixture, two bottles of which effectually cured me and I am happy to say I have had not without any to rever since. I consider it the best Tonic in the world and the only medicine that ever reached my case.

JOHN LONGDEN.

Beaver dam near Richmond Va.

G B LUCK Esq now in the city of Richmond and for many years in the Post Office, has such confidence in the astonishing efficacy of Carter's Spanish Mixture, that he has bought upwards of 50 hottles which has given away to the afflicted. If Mr Luck says he has never knownt to fail when (akey according to directions.

Mr Luck says he has never known it to fail when taken according to directions.

Dr Mince a practising physican and former, ly of the City Hotel in the city of Richmond, says he has witnessed in a number of instances the effects of Carter's Spanish Mixture which were most truly surprising. He says in a case of Consumption, dependent on the Liver, the good effects were wonderful indeed.

SAMUEL M DRINKER of the firm Deinkford William of Samuel and the control of Samuel and the samue tors of the Richmond Republican had a servant employed in their press room cured of violent Scrofula combined with Rheumatism, which en-

tirely disabled him from work. Two bottles of Carter's Spanish Mixture made a perfect cure him, and the editors in a public notice say the nd it to all who are afflicted "cheerfully recommend it to all with any disease of the blood "cheerfully recommend it to all who are afflicted with any disease of the blood"

STILL ANOTHER CURE OF SCROFULA—I had a very valuable boy curred of Scrofula by Carter's Spanish Mixture. I consider it truly a valuable medicine: James MT aylor Conductor on the R F & P R R Co Richmond Va.

Mr. John Thompson residing in the city of Richmond, was cured by three bottles of Carters Spanish Mixture of Salt Rhejum, which he had hearly 20 ye-rs, and which all the physicians of the city would not cure. Mr Thompson is a well known merchant in the city of Richmond, Va., and his cure is most remerkable.

CAN DE EFFECTUALLY CURED BY DR. HOOFLAND'S CELEBRATED GERMAN BITTERS,

DR, C. M. JACKSON, No. 120 Arch Street, Philadelphia. Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the cures attest, in many cases after skilful physicians had failed.
These Butters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal safe, certain and pleas-

READ AND BE CONVINCED. Hoofland's German Bitters' has been in use in our place over a year past, and to the astonishment of many has performed wonders. We may notice a few instances that have come under own immediate notice:—almost every person who has stapped at the hotel of Wm. Lackey, one year since, predicted from his could not live much longer. He was unable to attend to his binness, and for the greater part of the time confined to his room. We recommended him to try the German Bitters, he did; and to the surprise of all his friends he is sile. ommended him to try the German Bitters, he did, and to the surprise of all his friends he is now able to attend to his usual business and perform manual labor. The case of Heart Asper a stone mason, whom to one supposed would ever recover from the debility of his system, but was looked upon as fast approaching the greve, took eight or nine bettles of the Bitters during the last winter, and this summer he has been [to the surprise of all who there has been to the surprise of all who knew his case] following his trade. The case of William Murphy is no less astonishing.—
He too was so far reduced as to induce the general belief that the grave alone would be his only remedy. Mr. Lackey recommended him to try the Hoofland's German Bitters; he is now apparently a well man, and able to do a hard day's work. We could mention many Torms, Nett cash, and prices low according-necessary. I myself derived much benefit from their use. I have given considerable of it away, not for your benefit alone, but to relieve suffering humanity, and let man assure you I am pleased to see the happy result. To the afflicted we say, try them fairly and I will warrant relief."

These Rivers are months that the same of the s

These Bitters are worthy the attention of invalids, possessing great power in the resto-ration of a healthy action of the liver and the lesser glands, giving tone to the stomach and nervous system, and bringing the system generally to a high state o, health.

.. PANKORITE." MYERS' EXTRACT OF ROCK ROSE

MYERS' EXTRACT OF ROCK ROSE.

An Invaluable Remedy for all Scrofulous Die
eases, Indigestion, Salt Rheum, Sick Headache, Cancer, Nursing Sore Mouth,
and General Debility, and as a
Purifier of the Blood it is
Unequalted.

The Rock Rose has gained a reputation at
home and abroad, which no other medicine
has ever done in the same length of time
According to the opinions of eminent Physicians, the Rock Rose Plant is unequalled in
Curing Scrofula in its Various Forms? Curing Scrofula in its Various Forms?

STATEMENT OF REV. E. R. WARREN (Pastor of the 2d Baptist Church, New London, Ct...), relative to Mycre' Extract Rose. To The American Public.

To The American Public.

As my name has been used in connection with recommendations of Mr. Myers' Reck Rose Syrup, in various advertisements by the manufacturer, I beg leave to make the following statement with reference to my acquaintance with the remedy and tests to which I have subjected it, and the reasons for having introduced it to the notice of private friends in the community in which I reside, long before the medicine was advertised. I make this statement freely, because I have, as a principle, withheld my name from all patent medicines, and sedulously abstanced from recommending them to the public, believing them frequently the spawn of quackery and humbug, and as tending to increase, instead of lessening human disease and suffering Such, I fear, is the character of a large postion of the patent panaces of this medicine making age. "Their name is legion," and from their influence, safform the demoniacal spirits, we have reason to pray for a safe deliverance.

The First Trist,—I had myself suffered oc.

from the demoniacal spirits, we have reason to pray for a safe deliverance.

The First Tist.—I had myself suffered occasionally with sudden attacks of Sick Headache, and Billious Diarrhea, and I had sought a great variety of curative agents to but little purpose; and suffering from this disease (diarrhea) at this time, I determined to test the new Swens first moon westlf. The results were be-Syrup first upon myself. The results were be-yond my expectations. It was a powerful alterative, and the morbir action of the system was changed, and the functions of secretion were restored to a healthy state. It gave tone were restored to a healthy state. It gave tone and clasticity to my system, and corrected the derangement of the digestive organs, and gave me that inestimable blessing—health. This test was not determined in a week, or a month; but I took four or five bottles in perhaps as many months. Since that time I have suffered but slightly from these derangements. My Sick Headache is entirely Cured.

Other Tests:—Finding this medicine so useful to myself, I at once gave it to several invalid friends. About this time, I was carnestly solicited to give advice in reference to a child.

solicited to give advice in reference to a child, rome eight years of age. This child was severely afflicted with a Scrofola homor, of a very severe type, the humor showing itself on all parts of the surface, and then suddenly dis-appearing. The child was very sick, and it was thought doubtful whether she would live, The humor resembled black specks of mortified

was thought doubtful whether she would live. The humor resembled black specks of mortified flesh. In addition to some other remedies, a gave the child this Syrup for about is twecks, whon she had sufficient strength to go out to school occasionally. The swelling of her limbs ceased, and she was restored to health. The family feel that they owe-her-life, with G-ū's blessing, to my remedies.

This test satisfied me that the Rock Rose possessed specific powers for Scrofulous humors. I then tested it in cases of Cutano us. Eruptions, in Measles, Chicken Pox. Cañe ri, Sure Mouth, Erysipelas, Salt Rheum, Piles, &c. In all these cases with perfect success. After testing this Syrup for more thun a year, I worte Mr. Myers (October 7th, 1850) enthusing all the string this Syrup was a "Pankorite," all-healing, and I gave him the result of its operations in several instances. I stated in that letter that "it was invaluable as a remedy in Cutaneous Eryptions, Erysipelas, Sult Rhoum, and ether disorders, included in the varied family of diseases known as Scrofula, &c.; that in Dyspepsia it acted with wonderful efficacy." My opinion of its value for the above named diseases, remain unchanged, and the same as when I wrote Mr Myors in Oct. 1850. I do not-recommend it for all the ills of our suffering humanity; but I unhesitating lyssy, that as a remedy for Scrofulous affections I believe it superior to any known cura-1950. I do not recommend it for all the ills of our suffering humanity; but I unleastating ty say, that as a remedy for Scrotulons affections I believe it superior to any known curra-

from the New Haven Palladium, March 1852.

The increased interest manifested in the Rock Rose plant, in consequence of the many wonderful cures effected by Myers' Compound Extract of Rock Rose, calls for a brief history of it, in order to correct any errone is opinion that may have been entertained oncernof it, in order to correct any errone is opinion that may have been entertained oncern-

" It is entirely different from the common Rose. It is a red-stommed, oblong lear plant, having a bitter taste. In addition to remarkable peculiarity of the plant, of bearing two crops of flowers in one season, it also has another interesting and beautiful property.

Dr. Euton says, that in the months of Nos vember and December, he has seen hundred. of these plants, sending out near their roots, broad, thin, curved ice-crystals, about an inch in breadth: which molted during the day, and were renewed in the morning. For a more minute and authentical description of it, the

minute and authentical description of it, the reader is referred to Torroy and Gray's Botanical works.

Its Medical History and Properties

Are far the most important, since upon these depends its value to the community. Dr. Londou says that in 1799, it was so valuable in Eugland, What it was collivated from seeds.

Ever-since 1806, Professor Ives of Valo Cal. Ever since 1806, Professor Ives of Yale College, has habitually used it with great success Scrofula and Chronic diseases, and through him its virtues were made known, until as Dr. Tyler says, "it is now in this section (New Haven) a common article in domestic practice for the cure of Scrofula and Cutaneous dis

Dr. Whitlaw, a Scotch Botanist of notoriety while travelling in America in 1814, learned its use in Canada. Returning to England, lie employed it in medicating his baths, which became greatly calebrated for the cure of similar deserges.

Dr. J. H. Thempson, of the same place, prescribed it in bad cases of Scrofulous patients at Wills' Hospital. His success attracted the attention of senior physicians. He reports the following remarkable case of white swelling of the hip, in February, 1814:—The lad was seven years old, and had the disease three years. The bone was dislocated both upward end outward. There was a large opening in the hip leading to the bone; into which I could thrust my finger. I counted three ulcers. He had been under several physicians, who had given him up. I ordered a decoction of Reck Rose. In two days his night sweats ceased I then ordered a tenspoonful of Rock Rose three times a day. Thirty nina days after he was entirely toell.

Dr. Webb, of Madison, Ct., testifies to the value of Rock Rose, as evinced in the cure of municrous cases of the Scrofula, especially in children.

EPILEPSY OR FITS! Is performing more wonderful cures than any other medicine yet known or before the public. PRICE FIVE DOLLARS A BOTTLE. The preprietor has in his possession numerous

Astonishing and Miraculous Curcs!

IS ALMOST INFALLIBLE IN ITS CURE!

Trom Judson Landon, County Superintendent of the Ashtabula County Infirmary.

KINGSVILLE, Feb. 4, 1853.

Mr Z. Lake—Sir: Please send a few more bottles of your 'Fit Medicine;' I may not need it, but think safer to keep it on hand. Your medicine has done wonders. I gave it to Miss Jane Delane; she has had fits for 26 years, brought on by having the measles when but four years old, which could not be brought out to the surface.— After taking the medicine a few days, she HAD A FINE CROF OF MEASLES, and has had no fits since. She had fits or symptoms almost daily. She and hep father concur with me in saying that we believe the medicine to Miss Jane Henderson and Aris Carby, who have had fits almost daily, for a number of years. Their fits have ceased, and I helieve the medicine will have the desired cheet. Much money has been expended by the friends of the above patients for doctoring, all to no purpose. The cure was left for your medicine to perform, and I can cheerfully recommend it as a valuable discovery. Respectfully yours.

Superintendent Ashtabula Co. Infirmacy.
