sulphur, phosphorus, and their elements it forming the egg itself? How interesting such investigations, and how great the practical advantiges of these researches. Agriculture and rural economy is here reduced to a positive science, and governed in all its essential parts by uniform and endaring natural laws, which have existed from the foundation of the world These laws should be studied, and scientific farming should be established in our college and universities. Let the agriculturist become familiar with the composition of his corn wheat, potatoes, and other crops, and he will quickly discover with what real economy of labor and material he may produce the heav-

iest yield. Impress upon the boy farmer these advantageous lessons-"Ye therefore who love wisdom, Teach your sons to love it too." Physically, mentally, and morally the wide

fields of Agriculture will ensure the very highest reward. It produces robust bodily power, intellectual capability, at once subdues the passions, and calls forth the noble qualities o the beart.

How much it would enhance the national pride for our farmers to be, as a class, the most intelligent of our people. Farmers, think of these things. Educate yourselves and your sons .- Dollar Newspaper.

A USEFUL CAT. - As a general rule cats de not possess sufficient intelligence to make good watchers or guards of property. Nevertheless, cases sometimes. occur wherein grimalkin ex bibits a degree of intelligence which would do credit to the best watch dog. An English paper narrates an occurrence which recently ocrred at Livernool, where a cat belonging t a Mr. Reid attracted the attention of her mas ter by the restlessness which she exhibited when passing near the counter. This finally induced him to search there, when he found a stalwart, ragged ruscal secreted in a corner. waiting for an opportunity to rob flie estab lishment. About five years'since the same cat detected another thief who had secreted 1 im self in the house and discovered him to he master. 160. A Yankee in the city has invented a machine for putting babies to sleep. It is sup plied with fresh milk, paregoric, Godfry's Cor dial and sugar, which it dispenses according · to the necessities of the case. Mothers have only to chuck Thomas and Mary into the ma chine, where they will be cared for in the best uls in town or country. The Remember the stand-next door to II, Glass's Hotel. nov24 R.B. SMILEY. manner for eight hours. To those who are fond of "lightening the cares of life," going to evening shindles, flirting and "such like," the new invention will indeed be a "blessing to mothers."

 Ar gevery article of TIN. WARE used by housekeepers and others. He will also attend to SPOLTING, HOUSE ROOFING, BELLIAR ANGING, and PLUMBING.
 Thankful for the patronage with which he has atrendy been favored, he respectfully solicits a continuance on the same. MONROE MORRIS,

nen. "Who is that gentleman ?" asked Old Roger of a friend, as he saw a large man with a protuberant front standing in a doorway in State street. "That," said the individual addressed, "is one of our Boston pilots." "Ah," replied the little old fellow, with a face very merry. "I should think he was a direct des condent of Paunchyous Pilot."

153_"Is that the tune the old cow died of ?" asked an Englishman, nettled at the industry with which a New Englander whistled "Yankee Doudle."

"No Beef," replied Jonathan, "that are's the tune old BULL died of."

WORKING BOTH WAYS, ---- The Harrisburg Democratic Union says that Judge Campbell, Postmaster General, has made the Democracy of Pennsylvania vomit, and will create a purge at Washington.
