

Congress and a handsome majority in the Legislature, which insures a Whig U.S. Senator. The democrats of Allegheny county met at Pittsburg yesterday and nominated Hon. Charles Shaler for Congress with a full county ticket. Resolutions were also passed approving of the National and State Administrations and denouncing the Know Nothings, which caused great excitement, and the Convention adjourned in confusion. The "Soft portion of the democracy of New York held their State Convention in Syracuse, yesterday. A good deal of excitement was caused by the discussion of Nebraska resolutions. Five slaves of William Horner, late of Warrenton, Pa. quier county, Va., but now of Wisconsin, having stopped at a hotel in Pittsburg on Monday, to get dinner, were rescued from his custody by a mob of blacks, led on by the hotel waiter. Horner said he was taking them to Wisconsin to set them free. The slaves were a mother and her four children. The "American Protestant Association," a secret order opposed to Roman Catholicism had a great parade in Newark, N. J., on Tuesday, and in the afternoon some shots, stones, etc. were fired upon them from a Catholic Church, and also from a party of Irish standing on the corner of the street. Thereupon a great riot ensued, in which the church was completely riddled, everything inside being destroyed. A large number of persons were wounded, and one Irishman named John McCarthy subsequently died of his injuries.

PHILADELPHIA.

Political Nominations—City Mortality—Extensive Arrest—Flare up in the Mayor's Office.

PHILADELPHIA, Sept. 4.

The Prohibitor-Liquor Law Convention assembled on Wednesday afternoon last, and after a rather exciting discussion on the claims of candidates, nominated the following ticket for the Legislature in the old city district, viz: Senate, Thomas S. Smith; Assembly, Henry K. Strong, William R. Morris, James M. Robb and John C. Sims. Mr. Smith is on no other ticket so far. Messrs. Strong and Morris are on the Whig ticket, Mr. Robb is on the democratic ticket, and Mr. Sims is on the Prohibitory ticket alone. There are now three tickets in the field, the Whig, democratic and Prohibitory ticket. The Whig candidate for Senator is Wm. A. Crabb; the democratic candidate, George Smith; and the Prohibitory candidate, Thos. S. Smith. The nomination of Crabb is unsatisfactory to hundreds of Whigs, who will prefer to cast their votes for Thomas S. Smith, who is a Whig and a man of sound ability. The Whig conferees of the third Congressional District met on the same evening and nominated Wm. Millward for Congress. Edward Joy Morris had previously been nominated for Congress by the Whigs in the South District.

On Friday last the Whig Delegation of the Second Congressional District met, but failed to nominate a candidate. There were seven ballottings. J. L. Gossler received 19 votes, (within one of a choice.) S. V. Merrick 7, and Dr. Jayne 5. The Whig county convention yesterday indefinitely postponed a resolution absolving the members from supporting any nominee who may be ascertained to be a Know-Nothing.

The interments in the entire city for the week ending at noon on Saturday, were 301, of which 23 were cases of cholera. This is a decline of 15 deaths since last week.

About one o'clock on Saturday morning the police made a descent upon nine disorderly houses, on DuPont street, (late Blackberry alley) and Osborn's Court, a small avenue leading into that thoroughfare, and arrested 38 females and 16 men. The females ranged from 20 to 50 years of age, and among them were young and beautiful girls just commencing a career of vice and misery, old and shameless Cyprians, married women and servant girls in respectable families. The male portion of the offenders comprised clerks, professional men, knights of the buskin, and two countrymen, whose wagons were in market. They were escorted to the police station, when the proprietors of the houses were held for trial, the females committed as vagrants, and the men discharged on giving security not to be caught in such places again. The affair finally led to rather an ugly flare-up between the Mayor and one or two members of the Council, and the resignation of several of the police. Dr. Marsellis, a member of the Select Council, undertook, on Saturday, to remonstrate with Mayor Conrad in relation to the room in which the several abandoned females, arrested on Friday night, were confined, stating that it was too filthy and close for so many prisoners. The Mayor, however, said he would not be dictated to, and dismissed the doctor very unceremoniously. Subsequently through a misapprehension, the females were released without taking their recognizances. At this the Mayor became much incensed, and discharged the turnkey, Archibald Nickels, and Samuel Gouldy, one of the specials, who had charge of the prisoners. Upon the heels of Gouldy's dismissal, Wood and Mirkil, of the specials, and Charles Smith, the messenger, proceeded to the Mayor's office in a body, and tendered their resignations. It is thought this is not the end of the flare up.

LUTHERAN SCHISM.—Two questions have recently agitated the German Lutheran denomination in Cumberland Md., as to have caused a schism. First as to whether an Odd Fellow can become a good Christian, and as to the proper method of administering the bread in the Lord's Supper.

FRANKLIN'S name has been immortalized in various ways, and it is connected with numerous other institutions. America's most popular place with which it is associated is Franklin Place, Philadelphia, on the corner of which, No. 111 Chestnut street, is the great popular Clothing Establishment, of Roubin & Wilson, the largest, cheapest, best and most fashionable in the country.

Palpitation of the heart, Nervous Diseases, Liver Complaint, Neuralgia, Dyspepsia, Constiveness and Piles, are all relieved and cured in an incredibly short space of time, by Carter's Mixture, the great Tonic and purifier of the blood. It contains not a particle of Mercury, Opium or any noxious drug; it is perfectly harmless, and has cured more than five hundred cases of disease.

We can only refer the reader to the certificates, a few of which may be found in another column, and all of which are detailed in full around the bottle. It is the greatest of all Spring and Fall Medicines, and possesses an influence over the blood truly remarkable.

The circulation of the blood is justly esteemed the greatest ordination of Divine Providence; by that being kept pure, the heart, it is driven to a short space of time, giving vigor and strength to the complicated machinery of man. This living food, whether we sleep or wake, serves us daily through the arteries and returns safely through the veins. How necessary that it should be kept free from all impurity, and yet how negligent many are respecting this great, essential to the enjoyment of perfect health. Derangement in the Liver and Nerves is generally the primary cause, and jaundice, rheumatism, and all the harassing ailments attending Dyspepsia, which makes life a burthen result from it. Suicide would rapidly follow, if left without cure. No one would suffer long, if he is able to obtain a bottle of Headland's celebrated German Bitters, prepared by Dr. C. M. Jackson, Philadelphia, they rarely fail in affording a permanent cure.

FOUR DAYS LATER.

Particulars of the taking of Bomarsund—Decline in Breadstuffs.

NEW YORK, Sept. 3.—The steamer Pacific, arrived at her wharf at 3 o'clock this afternoon, bringing dates from Liverpool to the 23d ult.

She brings a full confirmation of the capture of Bomarsund by the English and French forces.

PROGRESS OF THE WAR. The capture of Bomarsund occurred at half past 12 o'clock on the afternoon of the 16th ult. The garrison, numbering 2,000 men, were immediately embarked on the allied fleet. There was but little loss of life on either side, the French having lost 120 killed and the British only three or four.

The round forts behind Bomarsund, named Forts Yzée and Nottich, had been previously reduced, being no difficult task, as they were garrisoned by only 120 men each.

A handful of artillerymen in Yzée made a stout defense, fifty being killed and only 35 taken unhurt. Nottich was carried without loss. Both forts were blown up, and the main assault made on Bomarsund, the walls of which were badly damaged before the garrison consented to surrender. The honor of the victory belongs wholly to the French, who fought with the greatest bravery.

Private accounts from Dantzic state that the number of prisoners will not exceed 1,600 and that they have been sent to Lesand.—An overwhelming display of force was made by the allies. Fifteen sail of the line were within range of the fortress. The allies fired 100 pieces of cannon.

Admiral Napier has issued a notice warning all neutral vessels to leave the port of Riga before the 10th of August. It is therefore surmised that Riga will be the next point of attack.

General Baraguay de Hilliers made a narrow escape. A can on ball passed between him and an aid-de-camp with whom he was conversing.

The Austrians entered Wallachia on the 18th ult. Prussia was arming at all points. A semi-official article in the Prussian Correspondence says that the evacuation of the Principalities by the Russians does not fulfill all the objects of the alliance of the two great German powers, but that it grants more than was demanded by the note dated Vienna, June 3d.

The Russian steamer Walladimer sailed out boldly at Koslo, coaled, destroyed two Turkish brigs, and made off safely.

The expedition to Crimea is only temporarily delayed until the abatement of the cholera and fever among the troops.

The cholera had considerably abated at Varna, Schumla and Constantinople. It had been fearfully destructive among the French.

IRISH RIOT IN NEWARK. Catholics Against Protestants—One Person Killed—A large number Wounded—Catholic Church Sacked.

The First Annual Parade of the American Protestant Association, Lodges in the State of New Jersey, mostly composed of Irishmen, took place in Newark on Tuesday, and was in honor of the first session of the American Congress. Lodges from New York and Brooklyn united in the demonstration.

The procession was long and imposing, having numerous bands, banners and flags interspersed. The procession was composed probably of 2,000 persons, four abreast.—After finishing the line of march they proceeded to Military Hall for a collation. After which they again formed in line to finish their parade. Their route lay through the western portion of the city. While passing through William street, near High street, in the immediate vicinity of the Roman Catholic church a collision occurred between the residents there and those in the procession, which led to serious consequences.

As the last part of the procession was passing the church, shots were discharged, and stones were thrown from the windows. One of the shots passed through the banner of Hensy Clay Lodge No. 10 of New York, and one of the stones struck a man in the procession. Some of the protestants, feeling enraged at the outrage committed upon them, left the ranks of the procession and made an onslaught upon the church. A party of about thirty first broke into the church, and it is asserted that they found a Catholic priest and about twenty Irishmen in the building. The priest and some of his party got out of the church immediately by a back way, and ran off. The Protestants proceeded to sack the church. They destroyed the organ, demolished the altar and seats of the church, broke the windows, and otherwise injured the building, to the amount of \$500 to \$800.

A crowd entered a few minutes afterward, and when they had finished the work of destruction, the building was completely riddled, and presented a most desolate appearance. A large number of pistol-shots were fired in the church against the walls and ceiling by the Protestants.

One Catholic Irishman, named Thomas McCarthy, was shot outside the church immediately after the commencement of the fray. He received two balls in the lower part of his abdomen, out of twenty shots said to have been fired at him. He died at 10 o'clock last night.

Whig Victory in Vermont.

MONTPELIER, Sept. 4.—Judge Boyce, the Whig and anti-Nebraska candidate for Governor is elected by about five thousand majority. A large scattering vote was cast in consequence of the Judges equivocal position on the temperance question. Fletcher is elected Lieut. Governor by a much larger majority—he being on the temperance ticket.—In the first Congressional District, Mr. Meacham, Whig runs ahead of the Governor and is selected. For the Second District, Mr. Morrill, Whig is elected.

In the Third District Mr. Sabin, whig, is elected by an increased majority. The Legislature is decidedly Whig and Anti-Nebraska, which secures a U. S. Senator opposed to the administration.

Riot in New-York.

On Sunday afternoon, as usual, several street preachers held forth on the Battery, and from the steps of the City Hall; and about 5 o'clock, a large party of "Wide-Awakes," who had been listening to a preacher on the Battery, started in procession for the Park, attended by some policemen, but as they were emerging from one of the gates of the Battery, a party of Irish rushed upon them with knives, pistols, &c., and in a moment James Wood, a peaceable citizen, was dangerously stabbed in the left shoulder and side. About a dozen pistol shots; were fired by either party, but, fortunately, but one man was injured. His name could not be ascertained, as his friends bore him quickly away. The police and Wide-Awakes finally succeeded in scattering the Irish, and then marched up to the Park, but the Irish had again formed, and on reaching the Park, commenced a series of assaults and running fights. The police soon succeeded in clearing the steps of the City Hall of the thousands on and about them, and the preacher, with a part of the crowd, proceeded up Broadway, he preaching as they walked. Another party started up Chatham street, and still another down Center street, in all of which there was more or less fighting. As the day closed the parties finally dispersed, the police having arrested seven persons, all of whom were locked up by Justice Osborne for examination.

Philadelphia Market.

PHILADELPHIA, Sept. 7. In FLOUR there is no change to notice; there is some little inquiry for export, but shipping brands are very scarce at \$9 25, and no sales have come under our notice, except in small lots for home use, at prices within the range of \$9 25 to 50 per bbl for common to extra and fancy family brands. Rye Flour is scarce and wanted at an advance on previous quotations. Corn Meal is rather better, and 450 bbls Brandywine sold at \$4 62 1/2 per bbl.

GRAIN.—There is a good demand for Wheat, with very moderate receipts; about 6000 bushels, mostly Southern red, sold at \$1 70 for inferior and \$1 90 1/2 for fair to prime lots, 800 bushels Southern white also sold at a price not public; we quote the latter at \$2 03 1/2 to 3, as in quality. Rye is scarce and wanted at \$1 00 1/2. Corn—The receipts are lighter, but buyers are not disposed to pay over 93c for good yellow, at which price some small lots have been taken; a sale of fair, white was also made at 87c. Oats continue in request, with further sales of 3000 to 1000 bushels Southern at 54 1/2 to 55c, the former to arrive.

The Provision market is more active, and Bacon is scarce and wanted to go South at full prices; a sale of 50 casks Sides was made at 8 1/2c. Shoulders are worth 7 1/2c, and Hams, fancy cured, 12 1/2c per lb. Lard remains quiet. Butter is bringing better prices; we quote Western at 15 1/2c. Whiskey is scarce; bbls sell as wanted at 39 1/2 to 40 and bids at about the same rates.
