THE GREATEST DISCOVERY OF THE Acc.-Farmers, Families, Manufacturers and others, can purchuse no Remedy equal to Dr. TOBIAS' Venetian Liminent, for Dy-centery, Colic, Croup, Chronic Rhéuma-tism, Quinkey, Sear Threat, Toothache, Sea Slekness, Cuts, Burns, Swellings, Old Sores, Musquito Bites, In-set Stings, Pains in the Limbs, Chest, Hack, &c. In case of Croup, as it is ascertain as it is applied. It cures Toothache in three minutes; Headache in half an hour, and Chelera, when first tak-en, in a few hours. Dr. Tobias could fill a dozen newspapers with the cer-tificates and letters received, relating to the wonderful curps accoundilshed by his Liulment, but considers'that warranting it is sufficient, as any person who does not obtain relief, need not pay for it. DYSPEPSIA.—It has been the study of Phy sicians, to discover some remedy for this most distressing emplaint. Whether they have been successful, remains for the suffers to say. There are, in this country, hun-dreds of thousands who are suffering from indigestion, probably, in most cases, caused by the Lown imprudence in living. To these we would say try Myers' Extract of Rock Rose. It has cured, and will cure, the worst and most obstinate cases of Dyspepsia, and all its concomi-tants—Costiveness, Sick-headache, Heartburn, Flatulen-ey, Acidity, &c. See the following certificates: TRov. A. B. L. MTERS—Dear Sin-In the winter of 1847-8; I suffered beyond description with Dyspepsia, and a train of other evils dependent on it. I had applied to various Doctors, and a number of nostrums had been recommen-ded to no purpose. I procured and used two bottles of your Extract of Rock Rose, and found almost immediate rollef, so much so, that I have used no othe medicine since, and in fact, I can find no other, which in my deli-berate opinion, can bear comparison to yours. And in all cases, when I have the opportunity, I re-commend your Extract, as standing first over all others. Let all who are thus affilicted try it, and find what I have found. Truly Yours, GEO, B. 6.7 Palpitation of the heart, Nervous Diseases, Liver Complaint, Neuralgia, Dyspepsia, Costiveness and Piles, are all relieved and cured in an incredibly short space of time, by Carter's Spanish Mixture, the great tonle and purifier of the blood. It contains not a particle of Mer-cury, Opium or any noxious drug; it is perfectly harm-less, and has cured more than five hundred cases of dis-

exc. We can only refer the reader to the certificates, a few of which may be found in another column, and all of which are detailed in full around the bottle. It is the greatest of all Spring and Fall Medicines, and possesses an influence over the blood truly remarkable. ** See Advertisement.

Age The circulation of the blood is justly esteemed the greatest ordination of Divine Providence; by that beating enging, the heart, it is driven to all parts of the system, giving vigor and strength to the complicated machinery of man. This living flood, whether we sleep or wake, sallies briskly through the arteries and returns softly through the velus. How necessary that it should be kept free from all simpurity, and yet how negligent many are respecting this great essential to the enjoy-ment of perfect health. Derangement'in the Liver and Nerves is generally the primary cause: and Jaundice, Indigestion, and all the harrassing feelings attending Dyspepsia, which makes life a burthen result from it.— Suicide -would rapidly follow suicide. If there was no cure. No one would suffer long, if he is able to obtain a bottle of Hoofland's celebrated German Bitters, pre-pared by Dr. C. M. Jackson, Philadelphia, they rarely fail h affecting a permanent cure.

Progress of the Eastern War-the Bat-ile of Kars-The Crimean Expe-dition-Decline in Flour.

The steamer St. Louis, from Havre and Southampton, has arrived at New York, brin g ing London papers to the 30th ult. The News of a great battle before Kars, is confirmed, but not the alleged victory of the Russians. It is described as a sanguinary but indecisive action, with a loss of five thousand men on both sides. . The conflagration at Varna was the work of Greek incendiaries, who were detected at once and instantly slain by the British troops. The loss amounts to ten millions of Francs. The magazines and stores of the allies were saved with great difficulty. In the Dobruduscha seven thousand French troops out of fourteen thousand there, have died from the cholera. There are also melancholy accounts of the ravages of the sume disease among the allied fleet in the Baltic. The French troops have re-embar-ked from Bomarsund, and are expected to make a decent on Finland, west of Helsingfors. As regards the expedition to Crimea there is nothing positive, but it would probably leave Varna on the 20th of August, consisting of seventy-thousand men in six hundred transports. Barguay D'Hillers, the the French General, is said to have offered the King of Sweden a subsidy of fourteen millions of Francs for the first months and half as much for the following months, to join the allies. In the Sweedish Diet the lower house have proposed a petition to the King. asking that measures be adopted to prevent the Aland Isles from returning to the dominion of Russia. German papers announce the approaching conclusion of a treaty offensive and defensive between Austria and the allies, the perliminaries being settled. In Spain the government has borrowed sixty-five millions of reals on the security of the Cuban revenues. The Queen mother, Christina, has left Madrid, and is supposed to have gone to Lishon

Whig Triumph in Maine!

PORTLAND, Sept. 12 .- Mr. Morrill is elected Governor by the people. The Democrats have not elected a single State Senator, and but 12 Representatives. All the rest are Anti-Administration men.

In 12 towns in the Fifth Congressional District, Washburn, to-day, has 3,205, and Blake Dem., 1,312.

The belief here is strong that both Knowlton and Milken, Fusionists, are elected to Congress, in the Third and Sixth districts.

" Returns from 107 towns give. Morrell 21,-600 votes; Reed, Whig, 4694; Paris Dem., 10,245, and Casey, the liquor candidate. 1377.

The Fusionists have elected 36, the Democrats 6, and Knownothings 7 Representatives.

Cholern at Columbia.

COLUMBIA, Pa., Sept, 13.-There were fortr-new cases and fifty deaths of cholera yesterday. The disease is still raging, but not so extensively to-day.

Tar has been burned in several parts of the town as a preventative, in hope of purifying the atmosphere. The distress and suffering are beyond description, being principally for the want of nurses and attendants. The dead cannot be buried as fast as required. Nearly every person has left the place. It is estimated that out of a population of 5,000 only fifteen hundred remain. • .

There have been no new cases or deaths of cholera since noon to day, and as there is a decided improvement in the atmosphere strong hopes are now entertained thathe dissease is checked. All business is suspended, and the town almost deserted.

The Decline in Breadstuffs. NEW YORK, Sept. 13.

The great fall in the prices of wheat and flour in the European markets, as reported by the steamers St. Louis and Niagara, has produced quite an excitement in the street; every where creating the impression that the present high prices here must soon give way. It is not brobable there will be an immediate reaction, for the stock on hand just now is small, but the conviction is very general that if the decline is sustained abroad, it will be impossible to keep up the prices here, notwithstanding the outcry about the failure of the corn crop.

Baltimore Market. WEDNESDAY, Sept. 13.

FLOUR AND MEAL.—The recent advices, from Europe, by the St. Louis and Niagara, (in all one week later,) showing a decline on the other side, have caused a dullness here, and were it not for the very light stock, we doubt not there would be a decided decline. As it is, the market is very much unsettled. Small sales to day of Howard street Flour at \$8 75 per bbl-a decline. Buyers generally unwilling to offer this price. We quote City Mills held at \$8 25 per bbl. Bye Flour 7 50a\$7 68, and Corn Meal 4 25a\$4 50 per bbl.
