CARLISLE, PA.

WEDNESDAY, OCTOBER 18, 1854.

THE LARGEST AND CHEAPEST NEWSPAPER IN CUMBERLAND COUNTY. -Two Dollars a year, or One Dollar and Fifty Cents, if paid punctually in Advance.

\$1 75 if paid within the year. MR. TODD'S TRIUMPH.

The official returns of this Congressional district are as follows:

Cumberland, Perry, York,	Topp. 3431 2214 4827	Bonham. 2205 1337 4678
Todd's majority,	10472	 8319 2153!!

The wonderful revolution in public opinion shown by this result will be fully appreciated, when we state that in the Governor's election of 1851 Cumberland county gave/Bigler 186 majority,-York 1011 and Perry 847, making an agregate majority of 2044. A change to the extent of nearly five thousand votes has been wrought, therefore, in the election of Lemuel Todd! In such a district has J. Ellis Bonham, the chairman of the Pemocratic State Central Committee, the pet of Gov. Bigler, been thus signally routed! Truly,

"The best laid schemes o' mice and men Aft gang aglec.

The election of LEMUEL TODD, thè Independent American candidate, is a magnificent triumph, over which the friends of sound principles may well rejoice. A man of acknowledged ability and eloquence, he will take high personal rank among the eminent men of the day and reflect credit upon his constituency. As a member of Congress we may look forward with confidence to his political course. He will not be found among the cringing adherents of the corrupt administration of Franklin Pierce. He will at all times, by his voice and his vote, oppose the extension of Slavery over territory now free. He will stand nobly up for the protection of. American Industry and will contend with unyielding firmness for the only safe American policy of watching jealously our free institutions, and confining the rule of our country to our own true citizens. The Independent Anti Nebraska Democrats will rally a formidable party in the next Congress, and conspicuous in their ranks will be our talented representative, Lemuel Todd.

OUR COUNTY CANDIDATES.

We deeply regret the defeat of our candidates for county offices. Their fate however was beyond the control of the Whigs. As we predicted would be the case before the election, the successful candidates received not only the demoeratic vote proper but enough of the American vote to give them overwhelming majorities. Our candidates were good men, and as what can't be cured must be endured, we trust they will bear their adverse fortune philosophically.

THE GREAT BATTLES.-We publish to-day full telegraphic details of the two terrible engagements and frightful carnage by which the allied forces of the English and French have achieved the conquest of Sebastopol and the possession of the Crimea. This is, at last, a result. Its importance is manifestly very great, but what its effect may be upon the polioy of Russia we cannot surmise. The loss of the Crimea is undoubtedly a severe blow to the Russians. It completely destroys the power of Russia in the Black Sea, and opens to the allies a permanent point for the occupation of Russian terri-

NOMINATIONS AND ELECTIONS.—The wand of party is broken! It used to be that a nomination was equivalent almost to an election in some of the Democratic districts, but now the words have an entirely different signification in the new lexicon which the people have adopted.

THE GREAT TRIUMPH!

BALTIMORE CITY.

The election of Mayor and City Council took place on Wednesday. The Whigs had no ticket-the contest being between the regular Locofoco ticket and the Know Nothings. Wm. G. Thomas was the candidate of the former, and Samuel Hinks the candidate of the latter-both Democrats. The contest was excited, and the American triumph was complete: [Their candidate for Mayor has 2,741 majority—being a gain of 6,425 over the last Mayor's election. CONGRATULATIONS FROM ABROAD

The defeat of J. Ellis Bonham, the wholesale calumniator of the Whigs in his series of voluminous addresses as chairman of the Locofoco State Committee, seems to afford the most lively satisfaction to our friends in other districts. stroke of the great triumph, and is a result which will be felt at Washington.-Although we have no disposition to exult over a fallen foe, we must say that no man more richly deserve defeat than Bonham. Not satisfied with the vile calumnies heaped upon the Whigs in his verbose addresses, his labored eulogies and fulsome flattery of foreigners in his public speeches during the canvass were if any thing still more disgusting and outrageous. But by this course he himself he outrage public opinion at every public meeting he attended in both Cumberland and Perry counties, by his offensive disparagement of American citizens, that his insulted auditors could not restrain their thorough rousing of that deep American feeling, which by the voice of its omnipotent will has swept him and his colaborers into political oblivion. His overthrow is one to be remembered by political demagogues forever.

From among many notices of the tri-, Harrisburg Telegraph :

Todd, the American candidate, carries Cumberland by one thousand and Perry by over nine hundred, and is elected. A thousand cheers for the true-hearted sons of 'old Mother Cumberland'' and her daughter Perry. What a signal rebuke to the demagogue who basely truckled to foreign Romish influence.

GALLANT LITTLE PERRY:

The old line Democrats have so long tyranized over the masses, that in breaking through they have carried their excess of joy beyond all bounds. The Perry county Democrat and the speeches made by Bonham and his batch of rumsucking orators, who devoted themselves to the abuse of the bone and sinew of the democratic party in the county, drove

them to the support of Pollock. We doubt very much whether Mr. Bonham was a candidate for Congress on last Tuesday.—He-run very slow as far as heard from. There was about 12000 tickets printed with his name on in this county, but there was 11000 not needed and only 1000 found their way into the bollot box.
