

Little Folks.

INFANTILE DEVOTION.

Softly evening shades are stealing, Where a lovely cherub kneeling, Lips her little prayer;

And a look almost of heaven, To her angel-face is given— Trusting hope is there.

Heavenly Father, far above me, Though I cannot see, I love thee For thy kindly prayer;

To me if dear father, mother, And my little smiling brother, In thy presence are!

For around me when I'm dreaming, Come three faces, happy beaming, And I know them well;

When they come, sweet songs are ringing, And they in thy presence sing! Heavenly Father, tell.

"SOMETHING TO DO."

One bright summer afternoon Alice was leaning idly from the window of her pleasant country home where she could see green fields and flowers and the blue sky; and every thing about her looked so fresh and cheerful that you would have been surprised to see the discontented expression on the little girl's face.

Presently with a loud yawn, she said fretfully, "What shall I do, mamma? 'Can't you dress dolly, Alice, or put together your dissected map?' Oh I am tired of dolly and the map is so hard. Do say something else mamma?" But to every thing that was suggested, Alice found some objection. To tell the truth, she was not in a good humor that day, and nothing could please her. She went to cousin Lizzie, who was sewing in the corner, and to grand-pa, who was reading in the easy chair, and asked them the same question, as if she thought they had nothing to do but to stop and amuse her peevish tones and looks, so she soon made them all very uncomfortable.

I think cousin Lizzie, who is always kind and careful for others, must have noticed this, for she laid aside her work and said— "Put on your bonnet, Alice, and you shall walk with me a little way into the grove."

Now Alice liked nothing so much as a run out of doors, so she brought her sun bonnet, but still looked quite sullen, and went away without saying "good bye" to mamma, or even "thank you" for cousin Lizzie's kindness. I felt quite sure, however, that Alice could not keep her ill temper long out in the bright sunshine, and with such a kind companion as Lizzie, who always had a store of wise and pleasant things to say to little folks, so I was not much surprised when she returned from her walk, to see that her face was all sweet and smiling again; but I did wonder a little when I found how gentle and obliging she was through the whole evening, and that we heard not one fretful complaint from her lips. She held a troublesome skein of silk for mamma, and ran to fetch grand-pa his slippers; and when her baby brother woke and cried, she sat down and amused him very patiently till her bed-time. When I went up stairs with her, and she had said her prayers, I could not help asking what had happened in her walk to make her come home so much happier than when she went away.

She hung her head for a moment, but then looking up with a smile, she said, "why it was so bright and pleasant out of doors that I couldn't be cross any more, and then—"

"Then what, my love?"

"Oh, then, cousin Lizzie said, that if, instead of fretting when I was tired of my playthings, I would just keep my pleasant face on and look around to help somebody else, that would make my friends happy and myself too."

Little Alice had succeeded that evening at any rate. I don't know whether she always after this kept her good resolution, for it is not easy to break off a bad habit at once, but cousin Lizzie's advice is good at any rate. I hope all little girls who may read this will remember it, and when next they feel like fretting because they can find nothing to do, will look about to see if they cannot do some little thing to help other people, for I am sure they will, and then this makes their friends happy and themselves too.

Publications.

VOLUME TEN OF THE "SCIENTIFIC AMERICAN" commences on the 10th of September. It is chiefly devoted to the advancement of the interests of MECHANICS, INVENTORS, MANUFACTURERS AND FARMERS, and is edited by men practically skilled in the arts and sciences. Probably no other Journal of the same character is so extensively circulated, or so generally esteemed for its practical ability. Nearly all the valuable Patents which issue weekly from the Patent Office are illustrated with Engravings, and the claims of all the Patents are published regularly in its columns as they are issued, thus making it a perfect SCIENTIFIC AND MECHANICAL ENCYCLOPEDIA of information upon the subjects of Mechanical Improvements, Chemistry, Engineering and the Sciences generally. It is published weekly in quarto form suitable for binding, and each volume contains Four Hundred and Sixteen Pages of Reading Matter, Several Hundred Engravings, with a full and complete Index. Its circulation on the last Volume exceeded 23,000 copies per week, and the practical receipts in one volume are worth to any family much more than the subscription price.

The following list of prices offered by the Publisher for the fourteenth largest list of subscribers sent in by the 1st of January, 1855: \$100 will be given for the largest list; \$75 for the second; \$50 for the third; \$25 for the fourth; \$10 for the fifth; \$5 for the sixth; \$2 for the seventh; \$1 for the eighth; \$1 for the ninth; \$1 for the tenth; \$1 for the eleventh; \$1 for the twelfth; \$1 for the thirteenth; and \$1 for the fourteenth. The cash will be paid to the order of the successful competitor immediately after the 1st of January 1855.

TERMS.—One copy, one year, \$2; one copy, six months, \$1; five copies, six months, \$1; ten copies, six months, \$2; ten copies, twelve months, \$3; fifteen copies, twelve months, \$2; twenty copies, twelve months, \$2.80 in advance.

No number of subscriptions above twenty can be taken at less than \$1.40 each. Names can be sent in at different times and from different places. Southern and Western money paid for subscriptions. Letters should be directed, post-paid, to MESSRS. C. & G. FULTON, Street N. Y.

Messrs. MESSRS. C. & G. FULTON, are extensively engaged in procuring patent for new inventions, and will advise inventors, without charge, in regard to the novelty of their improvements.

IMPORTANT WORK ON PENNSYLVANIA. No Pennsylvania should be without it. Eight thousand copies sold. Every Farmer and every citizen should have a copy. BOWEN'S PICTORIAL SKETCH BOOK OF PENNSYLVANIA, its Scenery, Internal Improvements, Resources and Agriculture, &c. &c. &c. Illustrated with over one hundred beautiful Engravings, and accompanied by Barnes' Large Map of the State, carefully colored. Eighth Edition, Revised, Corrected and Improved. (with over 100 new Engravings and handsomely bound.) Sent by mail, 65¢ free of expense.

It is impracticable in so short a space as this to give an adequate idea of the various subjects, and the extent of research which this Volume contains. The whole field has been carefully explored. And no department however intricate has been passed over, but treated up in all the subject has been made perfectly clear and intelligible to the simple eye. Every citizen should have a copy of the Book in his possession. (with over 100 new Engravings and handsomely bound.) Sent by mail, 65¢ free of expense.

The Agriculture of the State is a prominent topic in the work, and all its parts receives his earnest attention, not merely speculating on the results of husbandry, but searching for the means of the greatest advantage can be gained from the best sources. Every citizen should read and study his remarks, and also those who depend on the Farmer for the necessities of life; for all should understand something of the means by which those necessities are produced.

Cities, Towns and Villages are described and dwelt upon, the characteristics of the people pointed out, and the various improvements in progress or projected noticed—one of the doubly interesting subjects in the work is that on the Wyoming Valley, which will excite a startling interest thrown around that devoted spot, as it dwells upon beautiful paths and feeling, and the leading events in the early part enacted there in revolutionary times, pointed out by a master hand. Added to this is Campbell's always beautiful Gertrude of Wyoming, the merit of which it is unnecessary to speak about.

A vivid and truthful description of the grand and majestic Scenery of the Old Keystone State, is also a prominent subject in the Volume. Nothing can exceed the grandeur and beauty of Pennsylvania's Romantic Hills, and well does the author understand the subject with which he deals.

The Press throughout the State have, with united voice, pronounced it the best Popular Book ever written in the State, and single exception having recommended the work in the highest terms. The most flattering notices bestowed upon it will be collected together and published in a future circular. Accompanying every volume is Barnes' Large Map of the State, carefully colored—the latest and best published, and which retails separately at One Dollar, and is undoubtedly the only correct one issued.

The price of the Book is placed at the lowest rate for which it could be made, and is a remarkably cheap work; but that accompanying it, the publisher has no objection in pronouncing it the cheapest Book published.

The Publisher has gone to great expense in publishing the Book in proper style. The engravings are beautiful, and the type is large and clear. The paper is of a fine texture, while the binding is at the same time sturdy and durable, and having done his part well, he submits the work to the examination of the people. He confidently recommends it to every family, and is interested in the Pennsylvania Railroad Company, Reading Railroad Company, Sunbury and Erie Railroad Company, Norristown and other railroads in the State, in the Schuylkill Navigation Company, in the Pennsylvania and all other Coal Companies, through out Pennsylvania, to all engaged in mining and manufacturing Coal and Iron, to every Farmer and every citizen of the great State of Pennsylvania, he submits this splendid volume, and respectfully solicits their patronage.

Agents will call upon the citizens for their subscription, and in cases where no agent has called, any person wishing to buy will have it sent free of expense, by remitting the amount to the Publisher.

Variable Price of the Work: Embossed Muslin, gilt edges and side, \$2 00 " Morocco, marbled edge, " Leaf, Chrome Green and Yellow, " Paint and Varnish Brushes, Jesso Window Glass, Linseed Oil, Turpentine, Copal and each very lowest market price. Also, a fresh and splendid assortment of FANCY GOODS, Fruits, Confectionary, and Innumerable other articles calculated for use and ornament, all of which are offered at the lowest cash prices, at the cheap Drug, Book and Fancy Store of the subscriber, No. 147 North Second Street.

W. M. WHITE SMITH, Publisher, 195 Chestnut Street, Philadelphia.

TOOTH WASH.—Beautiful White Teeth Healthy Gums and a Sweet Breath—All who are desirous of obtaining these benefits should use ZEILMAN'S CELEBRATED TOOTH WASH. This delicious and refreshing medicine has become a standard favorite with the citizens of New York, Philadelphia and Baltimore. Dentists prescribe it in their practice most successfully, and from every source the most flattering laudations are awarded it.

Inflamed and bleeding gums are immediately benefited by its use; its action upon them is mild, soothing and effective. It cleanses the teeth so thoroughly, that they are made to rival pearl in whiteness, and diffuses through the mouth such a delightful freshness that the breath is rendered exquisitely sweet. It disinfects these humors which tend to produce decay, and as a consequence, when taken as directed, the teeth must in all ways remain sound. Read the following from Dr. J. A. Carman:

Dr. Zeilman—Sir: Having used and recommended your Tooth Wash in my practice for some time, I find it the most effective Dentifrice in use, and therefore recommend it to the public.

Dr. J. A. CARMAN, Dentist, Harrisburg, Pa.

Read the following testimony: Mr. ZEILMAN—Dear Sir: I have fully tested the merits of your valuable Tooth Wash, and can, without hesitation, recommend it as the best that has come under my notice during an experience as Dentist of more than sixteen years. It cleanses the Teeth, soothes and renders irritated Gums, and imparts a delicious fragrance to the breath. It is especially useful to those who make use of it, however, it will certainly speak for itself.

Geo. P. SCHMIDT, Surgeon Dentist, 279, South Tenth st., Philadelphia.

It is used and recommended by all the eminent Dentists in New York, Philadelphia, Baltimore, and other cities where it has been introduced. All should give it a trial.

Prepared only by Francis Zeilman, Druggist and Chemist, Philadelphia, and sold wholesale and retail by Samuel Elliott, Carlisle, J. Dorschner, Mechanicsburg, J. Herron, Newville, J. C. Williams, Shippensburg, and by all Druggists at only 25 cents per bottle.

EPILEPSY CAN BE CURED. Lake's VERIFIABLE COMPOUND, for the cure of Epilepsy or Fits, is performing more wonderful cures than any other medicine yet known or before the public.—PRICE FIVE DOLLARS A BOTTLE.

The proprietor has in his possession numerous certificates, narrating the astonishing cures effected by the use of this medicine, and directs attention to the following only, to assure those who are so unfortunate to be afflicted with the terrible disease heretofore regarded as incurable, that LAKE'S PREPARATION IS ALMOST INFALLIBLE IN ITS CURE!

From Mrs. Brooks, widow of Maj. Jas. Brooks, late of Connecticut. CONNACHT, Feb. 7, 1854.

Mr. Z. LAKE—Sir: Please send me one of your bottles of "Epilepsy" medicine, as I do not like to be without it on hand. I had commenced giving the medicine to my son Edward, he had from me three fits per day. He has now taken the medicine over five months, and has had, I think, but two fits in that time, and the very light—His body and mind are very much improved; and by the blessing of God, I feel that the medicine will restore his body and mind to its former healthy and active condition. He is now twenty years of age, and has had fits over 12 years, which have been very frequent, and very destructive to his constitution and mind. Hundreds of dollars have been expended for medical advice, but nothing has relieved him until he used your medicine. Respectfully yours, JUDSON LONDON, County Superintendent of the Ashblanca County Infirmary.

KINGSVILLE, Feb. 4, 1853. Mr. Z. LAKE—Sir: Please send a few more bottles of your "Epilepsy" medicine. I may not need it, but think safer to keep it on hand. Your medicine has done wonders for me. I have taken it for some time, and it has had fits for 25 years, brought on by having the measles when out of years old, which could not be brought out to the surface. After taking the medicine a few days, and had a fit, and the fits have not returned since. She had fits almost daily, but now she has had none.
