THANKSGIVING DAY.

Pennsylvania s. s. In the Name and by Authority of the Commonwealth of Pennsylvania. WILLIAM BIGLER, Governor of said Commonwealth.

A PROCLAMATION. Fellow citizens:—A sincere belief in the existence of a God, and a just conception of His attributes lie at the foundation of true religion and civilized society.

This Almighty and Beneficent God has greatly blessed the Commonwealth and her inhabitants during the year that has just closed.

An humble acknowledgement of His goodness and mercy, and an open manifestation of gratitude to Him, is an act of homage eminently becoming a people so highly favored.

The blessing of peace He has bestowed upon us—Our relations with all other States are amicable, and the tumult of internal strife has not been heard in our midst.

With the exception of a few communities which claim our sympathies, the blessings of health have prevailed. Our institutions of government have been perpetuated, and civil and religious liberty enjoyed by the people.

The devastations of war which are now so sorely afflicting the people of Europe—the desolations of famine and ravages of pestilence, have not been permitted to invade our favored Commonwealth.

These manifold blessings are the gift of God, and to Him our most devoted thanks should be offered. Under the solemn convictions of duty therefore, and in conformity with the wishes of many good citizens, I, William Bigler, Governor of the Commonwealth of Pennsylvania, do hereby appoint

THURSDAY, THE 23D DAY OF NOVEMBER NEXT as a day of general thanksgiving and praise throughout the State, and earnestly implore the people, that, setting aside all worldly pursuits on that day they unite in offering thanks to Almighty God for His past goodness and mercy, and beseech Him for a continuance of His blessings.

Given under my hand and the Great Seal of the State, at Harrisburg, this twenty-eighth day of October, in the year of our lord one thousand eight hundred and fifty-four, and of the Commonwealth, the seventy-ninth.

By the Governor: C. A. BLACK, Secretary of Commonwealth.

Our thanks are due to the Hon. Wm. H. Kurtz, for a valuable public document.

Important Elections took place yesterday in New York, Massachusetts, New Jersey, Michigan, Wisconsin and Illinois. Fifty-four members of the National House of Representatives were chosen, besides Governors in New York and Massachusetts, and Legislatures which will have to choose a Senator from each of these States, as well as Illinois and Wisconsin.

Let the Editor of the Herald publish the whole of the Union's article, and his readers will then discover how much truth there is in the assertion that "the Washington Union has turned Know Nothing."

Let the Volunteer publish the whole article and its readers will then discover whether we "garbled" or misrepresented it. Why does not the Volunteer publish it?

SALE OF ANTRIM.—We learn from the Baltimore Sun that "Antrim," the beautiful estate of Col. A. G. EGE, in Carroll county, Md., was sold on Friday last to Col. Piper, of Howard county.—The price is not mentioned.

CUBA.—The Washington Union has an article the purport of which is that President Pierce has set his heart on obtaining Cuba, either by purchase or conquest, and is determined to have it.

U. S. SENATOR.

The Chambersburg Transcript, which since its recent change of editors, has taken decided American ground, mentions with warm commendation the names of Hon. DANIEL M. SMYSER and Prof. O. H. TIFFANY as candidates for U. S. Senator, the latter particularly as one who would be "acceptable to the entire American party throughout the State."

The Volunteer, by the way, which has been heaping the foulest vituperation upon Americans because they deem it safe policy to exclude foreigners—natives of Ireland, Germany, &c.—from a too hasty participation in the honors and emoluments of office in this country, makes it a ground of objection to Prof. Tiffany's election that he is a native of Maryland, although that paper well knows that he has been a citizen of Pennsylvania ever since his arrival at the years of manhood.

SALE OF THE PUBLIC WORKS.

One of the first duties, says the Lancaster Whig, that will devolve upon the new Legislature, will be the passage of a law for the sale of the Public Works of the State—or at least for the sale of the Main Line. We mean no sham law or bill plating them beyond the reach of capital or reason, but such a law as will sell them at the very highest price that they are worth—or that can be obtained for them.

The repeal and abrogation of the Canal Board will give more joy to the people than any other act that the Legislature can do. The public mind is ripe for the deed, and the popular voice has declared for it.

OHIO ELECTION.—Complete official returns of the recent State election in Ohio, give the following result: Supreme Judge—Swan, Fusion, 186,437; Norris, Dem. 110,912; Swan's majority 75,525. Auditor—Blickensderfer, Fusion, 183,655; Miller, Dem., 109,268; Blickensderfer's majority 74,392.

POLLOCK FOR PRESIDENT

The manner in which Whig papers of high standing outside of Pennsylvania have responded to the suggestion of Judge Pollock's name for the Presidency, is significant of the strong hold which the old Keystone State now has upon the country. The Detroit Advertiser of the 27th ult., after remarking that "Pennsylvania, the Keystone of the Federal arch, the state which never loses its electoral vote, the state which always gives tone to the politics of the country, has never yet had a candidate from her borders," goes on thus:—"Smaller and younger States can boast the honor of furnishing a President. Even Louisiana which did not belong to the colonial territory of Great Britain, when Pennsylvania was fighting for the freedom of the continent, has given us a chief magistrate; New York, one by election and one by accident; New Hampshire a very small one; Virginia several; Tennessee one; Ohio one; and other states, candidates without end. It is time that Pennsylvania had her dues, and there is an appropriateness in nominating Pollock.

NEW YORK ELECTION.

The State Election in New York took place yesterday, and we may possibly receive some returns before putting our paper to press. If the returns are as confessed as the state of parties before the election, it may be some time before the precise result is clear. A few days ago it was announced that there were no less than twelve parties in the field with distinct State nominations—CLARK, the Anti-Nebraska Whig candidate for Governor, being on seven of them. His chance would therefore seem pretty fair. There are five regular candidates for Governor—Clark, Whig; Bronson, 'Hard'; Seymour, 'Soft'; Goodell, Abolitionist, and Ullman, Know Nothing. The latter organization it is said is divided, a large portion of them going for Clark. The contest it is probable lies mainly between Clark and Ullman.

A NEW PARTY.

The Locos of Philadelphia it appears are forming Clubs in the various wards to be called "Constitution Clubs," as an offset to the Know Nothing movement. Ex-Vice President Dallas having been appealed to, has given it as his opinion that secret political associations of this sort are perfectly Constitutional, and urges them to go ahead. The Pennsylvania, we see, keeps rather shy of the new movement, seeing, probably, what is the truth, that it is only intended to trip up the heels of Mr. Buchanan, instead of attending exclusively to the preservation of the Constitution.

TERRIBLE TIMES COMING. The York Republican says, "some of the old Locofocos throughout that county are wonderfully put out about the result of the late election. An old "residential" of Codorus a few days ago, in conversing about the downfall of Locofocoism, said before six months "we will have war and a king." A bright idea truly, and worthy of enlightened Codorus.

CUTTING LOOSE!—At a grand democratic rally in Detroit, on Monday night last, Gen. Cass presided and made a long address. In the course of his speech he commented severely on the attacks made upon him in the Richmond Enquirer.—He said he desired nothing from the South, and expected nothing from their sense of justice.

The "HERALD OF FREEDOM" is a very neat weekly paper, just started at Wakarusa, Kansas Territory, by G. W. Brown & Co., at \$2 per annum in advance. It will be a little singular if a paper of so large a size, can be sustained in that wilderness region of our country. But there is no telling what energy and perseverance will do, and we shall be glad to hear that the editors and publishers succeed in their enterprise.

President Pierce's health is bad.

Town and County Matters.

INDELIBLE STENCILLING.—Utility, rather than novelty, is the standard of excellence among the inventions of the day; and among the contrivances of ingenuity for personal convenience, we have seen nothing lately that exceeds the method of marking linen and clothing, advertised by Mr. W. Davis. Those, who find the ordinary method of marking tedious, will do well to adopt the stencil improvement. Mr Davis is at Parsons' Hotel.

TEACHERS INSTITUTES.—Mr. Shelly, the County Superintendent of the Common Schools, issues a notice this week for the meeting in this borough, on the 18th inst. of the Committee to make arrangements for the permanent organization of a Teachers Institute for Cumberland County.

An association of this kind, it will be seen by the proceedings in another column, has been formed in West Pennsboro township, of which our venerable friend, Ex-Gov. Ritter, ever ready to give his services in the promotion of beneficial objects, has been elected President.

Every township in the County should have its Lyceum, Debating Society or other organization for mutual improvement. Their proceedings will be welcome to a place in our columns.

DOWN AT LAST.—The iron railing around the Court House Square, which, unfortunately was not very tastefully erected in the first place, is now being removed by the County Commissioners, and the iron is to be used in making an enclosure in front of the jail.

ADJOURNED SALE.—The sale of the Cumberland Furnace property it will be seen has been adjourned to Friday, the 17th of November.

TRIBUTE OF RESPECT.

Resolved, That we do most deeply sympathize with his bereaved parents in their distressing affliction, knowing, as we do, the loss which they have sustained in the death of a son, who by his many virtues bade fair to realize their fondest anticipations.

Resolved, That these resolutions be published in the Carlisle Herald and Harrisburg Telegraph, and a copy of the same forwarded to his parents.

W. TELL BARNITZ, CHAS. F. HIMES, JOHN S. TUCKER, W. H. ECKLES, W. B. WALSTON.

TRIBUTE OF RESPECT.

At a meeting of the Sophomore Class of Dickinson College, held Saturday 4th inst., the following preamble and resolutions were unanimously adopted.

WHEREAS, It has pleased Divine Providence, suddenly to remove from our midst our classmate, John C. Heister, of Harrisburg, therefore

Resolved, That we deeply regret the loss of an esteemed friend and worthy classmate, and tender our condolence and sympathy to his bereaved family.

Resolved, That being thus reminded of the uncertainty of life, we view as a solemn warning the unexpected and sudden death of our brother, who had lately consecrated himself to God.

Resolved, That we appoint a committee of eight to represent the class and attend the obsequies.

Resolved, That we wear the usual badge of mourning for thirty days, and that a copy of these resolutions be sent to the parents of the deceased, and published in the Harrisburg Telegraph, Christian Advocate and Journal, and the Carlisle papers.

THOMAS N. CONRAD, FRANCIS S. FINDLAY, OWEN JOHNSON, JOSEPH CULVER, WM. H. NEWELL, Committee.

INAUGURATION PARADE.—The Harrisburg Telegraph learns that the "First Pennsylvania Dragoons," of Philadelphia, commanded by Charles Thompson Jones; the "Washington Cavalry," commanded by Capt. Arthur, and the "Union Troop," of Bucks county, commanded by Capt. Loshner, have determined to attend the inauguration ceremonies of Gov. Pollock, and are making preparations for that purpose. In addition to these there will be a large number of companies from other places, and a grand military display may be anticipated, on "Inauguration Day."

John R. Montgomery, Esq. formerly a distinguished lawyer of Lancaster, died at the Insane Asylum at Harrisburg on Friday.

BY TELEGRAPH.

NEW YORK ELECTION.

NEW YORK, Wednesday, 11 o'clock, A. M. The election returns come in slowly owing to the number of candidates to be counted. At present as near as can be judged, Ullman's chances look best.—The contest appears to be between him and Seymour. In Albany Seymour has 1600 majority over Ullman and 1700 over Clark.

MORTALITY AMONG CATTLE.—Large numbers of cattle recently died in Chester county, Pa, from some mysterious cause. Mr. Richard E. Lambdin, of Newlin township, has lost fifteen within a few weeks. They were pasturing, and had the range of several fields, and died after six or eight days sickness. The farmers are quite alarmed.

ADVERTISE! ADVERTISE!—The Merchant, Manufacturer, Master Mechanic, Professional Man, indeed, every class of the community has or ought to have more or less to do with the advertising columns of newspapers. Now is the time for the trader particularly, to show his colors. Everybody is on the look-out for winter goods. Therefore, take advantage of the engine ready to speed you on to fortune, and advertise!

The circulation of the blood is justly esteemed the greatest ordination of Divine Providence; by that beating engine, the heart, it is driven to all parts of the system, giving vigor and strength to the complicated machinery of man. This living blood, whether we sleep or wake, sallies briskly through the arteries and returns softly through the veins. How necessary that it should be kept free from all impurity, and yet how negligent many are respecting this great essential to the attainment of perfect health.

DYSPEPSIA.—It has been the study of Physicians, to discover some remedy for this most distressing complaint. Whether they have been successful, remains for the sufferers to say. There are, in this country, hundreds of thousands who are suffering from indigestion, probably, in most cases, caused by their own imprudence in living. To these we would say try Myers' Extract of Rock Rose. It has cured, and will cure, the worst and most obstinate cases of Dyspepsia, and all its concomitants—Costiveness, Sick-heads, Headaches, Flatulency, Acidity, &c. See the following certificates:—Rev. A. B. MYERS—Dear Sir:—In the winter of 1847-8, I suffered beyond description with Dyspepsia, and a train of evils dependent on it. I had applied to various Doctors, and a number of medicines had been recommended to no purpose. I procured and used two bottles of your Extract of Rock Rose, and found almost immediate relief, so much so, that I have used no other medicine since, and in fact, I can find no other, which in my deliberate opinion, can bear comparison to yours.

THE GREATEST DISCOVERY OF THE AGE.—Farmers, Families, Manufacturers and others, can do no remedy equal to Dr. THOMAS' Venetian Liniment, for Dysentery, Colic, Cramp, Chronic Rheumatism, Quinsy, Sore Throat, Toothache, Sea Sickness, Cuts, Burns, Swellings, Old Sores, Muscular Bites, Insect Stings, Pains in the Limbs, Chest, Back, &c. If it does not give relief, the money will be refunded—all that is asked is a trial, and use it according to directions.—The article is an English remedy, and was used by Wm. IV. King of England, and certified to by him as a cure for Rheumatism, when everything else recommended by his physicians had failed.

Over 10,000,000 of bottles have been sold in the United States, without a single failure, and families have stated that it is worth \$10 per bottle, they never would be without it, in case of Cramp, as it is as certain as it is applied. It cures Toothache in three minutes; Headache in half an hour, and Cholera, when first taken, in a few hours. It is perfectly innocent, to take liberally, and has the recommendation of many of the most eminent Physicians in the United States. Price, 25 and 50 cents.

Dr. Tobias has also put up a Liniment for Horses, in pint bottles, which is warranted to cure and better than any other, for the cure of Colic, Galls, Swellings, Old Sores, Cuts, Bruises, Scratches, &c. Price, 50 cents.

Dr. Tobias could fill a tithe and letters read cures accomplished by his warranting it is sufficient obtain relief, need not much worthless medicine wishes his article to give the value of the the patronage of the public.

DR. THOMAS' Office, 240 G. York. For sale by A. Smith, Seventh, Drott & Son, 132 N. Second street, 3 Third street, and by the Druggist, United States.

Palpitation of the heart, Nervous Diseases, La Complaint, Neuralgia, Dyspepsia, Costiveness and Piles, are all relieved and cured in an incredibly short space of time, by Carter's Spanish Mixture, the great tonic and purifier of the blood. It contains not a particle of Mercury, Opium or any noxious drug; it is perfectly harmless, and has cured more than five hundred cases of disease.

We can only refer the reader to the certificates, a few of which may be found in another column, and all of which are detailed in full around the bottle. It is the greatest of all Spring and Fall Medicines, and possesses an influence over the blood truly remarkable.
