The first is the Minie Rifle, or rather the Minie ball, for it is not any peculiar coninvented what they called the balle-a-tige, which requires a pin tige one inch and a hal. long in the chamber of the gun, in order to receive the ball and produce the effect of slugging when well rammed down: but this is not the case with the Minie ball which may be fired out of a common gun but is best with a rifle-bore The Minie ball, was example, and which he considered essentially invented by Major Minie and is called after | necessary for management of temporal conthe inventor. "This ball is cast oblong with a conical point, and with its base hollow for two thirds the length of the ball, into the opening of this cylinder, there is placed a amall concave section of iron, which the powder at the moment of firing forces into the ball, powerfully spreading it open and causing it to fit tightly to the cavity of the barrel in its course out;" this makes its impossible to recall. direction more certain and destroys windage.

The New England Farmer says the United States have given up the manufacture of the common musket and now make Minic rifles with bayonets. The troops at our Barracks are armed with this weapon and were practising a few days ago in Mr. Henderson's could hit the head of a figure the size of a

powder.

editor; don't like the politics; too whiggish; or too locofocish, or too something else; yet

goes regularly to his neighbor, and reads his struction of the gun or rifle, but in the ball | by a good fire; finds fault with its position, which is used. The French had previously and quarrels with its type. Occasionally sees an article he likes; saves half a dime and begs a number. This is newspaper patronage.

> FOUR GOOD HABITS .-- There are four good habits a wise and good man carnestly recommended in his counsels, and also by his own cerns; these are, Punctuality, Accuracy, Steadiness and Despatch. Without the first of these, time is wasted; without the second, mistakes the most hurtful to our own credit and interest and that of others may be committed; without the third, nothing can be well done; and without the fourth, opportunities of great advantage are lost, which it is

A SCENE AT THE ST. NICHOLAS .--- A gentleman who "saw it all," gives us a graphic account of an interview which took place at the St. Nicholas Hotel last week! between Horace Greely of the Tribune, and Daniel Ullman, of the K. N. Councils. Mr. G. apfield, and one of the soldiers told me, he proached Mr. U., and stretched out his hand for a shake, with a "How do ye do, Mr. Ullman, at the distance of eight hundred paces. | man?" Whereupon the latter gentleman The Cleveland Herald says, that the erected himself to his utmost height, and, United States have improved on Major Minie's | fixing a scowling look on Mr. G., said with invention, by dispensing with the iron cup, marked emphasis. "I don't shake hands and merely filling the cavity in the ball with with a liar, sir." "Very well," meekly re phed Mr. Greely, "You can do as you like," The Minie ball or rifle has proved one of and gradually took himself off.-Erening
