## STARTLING, BUT TRUE! WHAT EVERY WOMAN SHOULD KNOW.

How often it happens, that the wife lingers from tear to year in that pitiable condition as not even or one day to feel the happy and exhibitrating influence incident to the enjoyment of health

THE BLOOMING BRIDE. But a few years ago in the flush of health and youth, and buoyancy of spirits, rapidly, and apparently inexplicably, becomes a feeble, sickly, sallow, debilitated wife, with frame enaciated; nerves unstrung, spirits, depressed; countenance bearing the impress of suffering, and an atter physical and mental prostration, arising from ignorance of the simplest and plainest rules of health as connected with the marriage state, the violation of which entails disease, suffering and misery, not only to the wife, but often

The remedy is by knowing the causes and avoiding them, and knowing the remedies, and benefiting by them. These are pointed out in

and by letter Here every woman can discover, by comparing her awn symptoms with those described, the nature, character,

causes of, and the proper remedles for, her complaints. The wife about becoming a mother has often need of lustruction and advice of the utmost importance to her future health, in respect to which her sensitiveness forbids consulting a medical gentleman, will find such instruction and advice, and also explain many symptoms which otherwise would occasion anxiety or alarm as all

the peculiarities incident to her situation are described. How many are suffering from obstructions or irregular itles peculiar to the female system, which undermine the health, the effects of which they are ignorant, and for which their delicacy forbids seeking medical advice-Many suffering from prolapsits uteri (falling of the womb), or from fluor albus (weakness, debility, &c.) Many are in constant agony for many months preceding confinement Many have difficult if not dangerous deliveries, and slow and uncertain recoveries. Some whose lives are hazarded during such time, will each find in its pages the means of prevention, amelioration and relief.

It is of course impracticable to convey fully the various subjects treated of, as they are of a nature strictly in tended for the married or those contemplating marriage Reader, are you a husband or a father? a wife or a mother? In consequence of the universal popularity of the work, as evidenced by its extraordinary sale, various impositions have been attempted, as well on booksellers as on the public, by imitations of title page, spurious edition, and surreptitions infringements of copyright, and other levices and deceptions, it has been found necessary, therefore, to therefore, to

Mr. Z. Lake—Sir: Pleasa send me another bettle of Fit Medicine, as I do not like to be without it on hand when I commenced giving the medicine to my son Edgar, he had from one to three fits per day. He has now taken the medicine over five, months, and has had, I think, but two fits in that time, and those very light.—It is body and mind are very much improved; and by the blessing of God. I feel that the medicine will restore his body and mind to their wonted activity. He is 25 years old, and has had fits over 12 years, which have been very frequent, and very destructive to his constitution and mind. Hundreds of dollars have been expended for medicine to "cone rirs," but nothing has relieved him until he used your medicine. Respectfully yours,

From Judson Landon, County Superintedigent of the Ashtabula County Infirmary.

Mr. Z. Lake—Sir: Please send a few more bottles of your "Fit Medicine;" I may not need it, but think saft or to keep it on hand. Your medicine hosedone wonders. I gave it to Miss Jane Delano; she has had fits for 2t years, brought on by having the measels when but four years old, which could not be brought out to the surface. After taking the medicine a few days, she had fits or symptoms almost daily. She and her father concur with me in saying that we believe the medicine has or will work a perfect cure. I also gave the medicine to Miss Jane Henderson and Aris Carby, who have had fits almost daily, for a number of years. Their fits have ceased, and I believe the medicine will have the desired effect. Much money has been expended by the friends of the above patients for dectoring, all to no purpose.—The cure was left for your medicine to perform, and I can cheerfully recommend it as a valuable discovery.—Respectfully yours.
