**PROCEEDINGS OF CONGRESS.**

**SUMMARY OF NEWS.**

WEDNESDAY, Feb. 28.

**Congress.**—Yesterday, the Senate passed a bill from the House, to reduce and modify the rates of postage, also requiring the prepayment of money letters, and others of value.—The report of the committee of Conference on the disagreeing amendments to the Swamp Land bill was concurred in. The Ocean Mail Steamer Appropriation bill was considered. In the House the Navy and Fortification Appropriation bills were passed, as also a bill establishing a United States Circuit court for California, with one Judge at a salary of \$4500.  
**Pennsylvania Legislature.**—Yesterday, the State Legislature met again in joint convention, to ballot for a United States Senator, but, after three unsuccessful ballots, adjourned the convention until the second Tuesday of October next, which is, in effect, an adjournment sine die. Simon Cameron received 55 votes, Mr. C. A. Buckalew 23, and the rest were scattering.  
—Five yesterday destroyed the residence, at Washington, D. C., of Thos. H. Benton, and a large furniture factory at Chicago, with two houses adjoining the latter. Loss by the Chicago fire \$25,000. Advices from Havana to the 19th, four days later, say that the excitement about the filibustering invasion continued to increase. No signs of the expedition had yet appeared, but arrests of suspected persons were daily made, alleged conspiracies detected, troops despatched in every direction, extra volunteers ordered out, and every precaution made to repel the most formidable assault. Estrupee, who was arrested recently for landing clandestinely, a cargo of guns, has been sentenced to death.

THURSDAY, March 1.

**Congress.**—Yesterday, the Senate passed the House bill relative to the military reserve on St. Peter's River, Minnesota territory; a bill to provide for a more efficient discipline in the Navy. The Senate took up and passed substantially as it came from the House the Ocean Mail Steamer Appropriation bill. It continues the contract with the Collins line of steamers till April, 1860, at \$33,000 the round trip, the section of the act passed last session providing for a right by government to terminate the contract at six months' notice, being repealed. The General Appropriation bill as it came from the House, with a modified tariff bill tacked on it, was reported to the Senate from Committee, and must be the special order for to-day. In the House, among a number of unimportant bills passed, was one from the Senate to prevent mistrial in the District of Columbia. After a brief debate, the Senate bill granting lands to the soldiers, or their heirs, who have served in any of the wars of the republic, on land or sea, since 1790, was passed by an overwhelming vote. This bill is a wholesale sweep at the public lands.  
**Pennsylvania Legislature.**—Yesterday, the Committee on Veto and Immortality reported to the Senate in favor of a stringent liquor license law, and the restriction of the wholesale traffic in liquor, so that not less than five gallons can be sold. The Senate passed a bill relative to the Board of Revenue Commissioners; charters for the bank of New Castle, and the Mechanics' Bank of Pittsburgh; a supplement to the Philadelphia health laws, and the bill to erect the new county of Monongahela, out of parts of Washington, Fayette and Westmoreland. The House concurred in the Senate amendments to the Cleveland and Pittsburg Railroad bill, and passed a charter for the Pacific Fire and Marine Insurance Company of Philadelphia. The bill to incorporate the Ohio River Improvement Company passed second reading.

FRIDAY, March 2.

**Congress.**—Yesterday, the Senate passed Mr. Underwoods resolutions of the last session relative to religious liberty of Americans in foreign countries. They recommend that in our future treaties we should secure the right of worship and sepulture. The Senate debated at some length the tariff amendment to the General Appropriation bill. The House, yesterday, passed eight private bills and a bill to amend the act for carrying into effect the reciprocity treaty.  
**Pennsylvania Legislature.**—Governor Pollock has signed the Sunday liquor law bill just passed by the Legislature. In the latter body, yesterday, the Senate adopted charters for the Stroudsburg Bank and the Lebanon Valley Bank. The House passed bills incorporating the City Bank of Philadelphia, the Bank of Potts town, and the Allentown Bank, and directing the city corporation of Philadelphia to purchase the Schuylkill Falls Bridge, at such valuation as may be made by a jury of view, approved by Court.  
The steamer St. Louis arrived at New York yesterday from Southampton, with news from Europe several days later, and Mr.

Soule as passenger with his family. He gives it as his opinion that Cuban annexation is at an end. There is nothing new from Sebastopol. Lord John Russell has gone to Vienna, as the British Plenipotentiary at the conferences. The first detachment of British troops from India has arrived at the Isthmus of Suez. An insurrection has broken out at Capool, and the rebels have, at Candahar, acknowledged the suzerainty of Persia. They were besieging Bendu Cabasi with 12,000 troops. A murderous conflict had taken place there, but the besieged maintained their resistance. Two thirds of the Turkish army from Varna have disembarked at Eupatorio. The Czar has authorized a levy en masse, and proposes to send 300,000 men into the Crimea.  
The steamer Canara has arrived at Halifax, and brings still later European news.—The Russians at Sebastopol have recommenced their night sorties. In one on the 31st, 300 French were put hors du combat, having fired on each other in mistake. There is a rumor that Lord Raglan and the Earl of Lucan will shortly be recalled. A division of the French army, at Sebastopol, into commands, is announced, General Bosquet being at the head of one and General Pelissier at the other, thus reducing General Canrobert to mere cypher. Naples has joined the alliance, and will send a fleet and army to the Crimea. France undertakes to prevent a revolution in Italy. There are also reports of Portugal, Spain and other secondary States doing likewise. The Swiss American difficulty about the seizure of Mr. Phillips, has been settled by the payment of \$2000 as an indemnity, and the reprimanding of the Chief of Police.

MONDAY, March 5.  
**Congress.**—On Saturday, a Presidential veto of the Ocean mail steamer appropriation bill was received, after which the bill was stripped of its objectionable features, and passed again in such a shape as to restore the Collins contract to its former position.—The General Appropriation bill was very extensively amended by the Senate. A compromise of the difference between the two houses on the army appropriation bill was effected, and the bill passed. The Senate in executive session, confirmed as Judges of the Court of Claims, the nominations of Messrs. Gilchrist, of New Hampshire, Lumpkin, of Ga., and Blackford, Indiana, and a solicitor of the same court, Montgomery Blair. Also of the Field officers of the new regiments provided for by the Army bill, and a Consul-general at Simoda, Japan. All the appropriation bills passed both houses, the most trouble being in reference to the Civil and Diplomatic or general appropriation. The session was protracted through Saturday night, and up to twelve o'clock yesterday morning; and such was the confusion attendant upon the proceedings, that it is impossible to say what were the items of the bills passed. The appropriations to build Post Offices in New York, Philadelphia and Boston, failed. When the veto of the Mail Steamer bill was received in the House, an exciting scene occurred, but soon ended, the endeavor to get up a storm proving abortive. Mr. Benton refused to acknowledge the legality of the session on Sunday morning, when his name was called upon a vote. The house agreed to the Senate's amendment striking out the new tariff from the General Appropriation Bill. In the Senate Mr. Douglas endeavored to get the Oregon State Bill passed, but failing, it was afterwards attached as an amendment to a Private Pension bill.  
A locomotive exploded yesterday morning, near Lyons, N. Y., killing and seriously scalding a fireman. The merchants of Brownsville, Texas, have, it is said, subscribed 60,000 towards fitting out a filibustering expedition against Mexico.

MONDAY, March 5.

The new Sunday liquor law which has passed the Legislature and signed by the Governor, makes it a penalty of fifty dollars for any person to sell, trade or barter any spirituous liquors, wine or cider on Sunday, or for any keeper of a public house to allow it to be drunk upon his premises. The individual violating this law is also subject, on conviction, to a fine of from ten dollars to one hundred dollars, and imprisonment in the County Jail, from ten to sixty days and on two convictions to a forfeiture of license.  
**THE PURCHASER OF MR. WEBSTER'S FARM.**—The name of the gentleman who purchased the Webster farm Franklin, N. H., is Rufus L. Tay, Esq., and not Fay, as has been announced by the papers. It is only a few years since he was an apprentice to a carpenter at Concord, but came to Boston, was successful in business, and now retires to his new purchase at Franklin, as his permanent residence.  
Boston, March 6th.—Town elections were held throughout this State yesterday. Of the 50 heard from the Know Nothings have carried 40.

**BOUNTY LAND BILL.**

Be it enacted by the Senate and House of Representatives of the U. States of America in Congress assembled, That each of the surviving commissioned and non-commissioned officers, musicians and privates, whether of regulars, volunteers, rangers, or militia, who were regularly mustered into the service of the United States, and every officer, commissioned or non-commissioned, seaman, ordinary seaman, marine, clerk, and landsman in the navy, in any of the wars in which this country has been engaged since seventeen hundred and ninety, and each of the survivors of the militia, or volunteers, or State troops of any State or Territory, called into military service, and regularly mustered therein, and whose services have been paid by the United States, shall be entitled to receive a certificate or warrant from the Department of the Interior for one hundred and sixty acres of land; and where any of those who have been so mustered into service and paid, shall have received a certificate or warrant, he shall be entitled to a certificate or warrant for such quantity of land as will make, in the whole, with what he may have heretofore received, one hundred and sixty acres to each such person having served as aforesaid: Provided, That the person so having been in service shall not receive said land warrant if it shall appear by the muster rolls of his regiment or corps that he deserted, or was dishonorably discharged from service.  
Provided further, That the benefits of this section shall be held to extend to wagon-masters and teamsters who may have been employed, under the direction of competent authority, in time of war, in the transportation of military stores and supplies.  
Sec. 2. And be it further enacted, That, in case of the death of any person who, if living, would be entitled to a certificate or warrant, as aforesaid, under this act, leaving a widow, or, if no widow, a minor child or children shall be entitled to receive a certificate or warrant for the same quantity of land that such deceased person would be entitled to receive under the provisions of this act, if now living: Provided, That a subsequent marriage shall not impair the right of any such widow to such a warrant, if she be a widow at the time of making her application: And provided, further, That those shall be considered minors who are so at the time this act shall take effect.  
Sec. 3. And be it further enacted, That in no case shall any such certificate or warrant be issued for any service less than fourteen days, except where the person shall actually have been engaged in battle, and unless the party claiming such certificate or warrant shall establish his or her right thereof by recorded evidence of said service.  
Sec. 4. And be it further enacted, That said certificates or warrants may be assigned, transferred, and located by the warrantees, their assignees, or their heirs at-law, according to the provisions of existing laws regulating the assignment, transfer, and location of bounty-land warrants.  
Sec. 5. And be it further enacted, That no warrant issued under the provisions of this act shall be located on any public lands, except such as shall at the time be subject to sale at either the minimum or lower graduated prices.  
Sec. 6. And be it further enacted, That the registers and receivers of the several land offices shall be severally authorized to charge and receive for their services in locating all warrants under the provisions of this act the same compensation or per centage to which they are entitled by law for sales of the public lands, for cash, at the rate of one dollar and twenty-five cents per acre. The said compensation to be paid by the assignees or holders of such warrants.  
Sec. 7. And be it further enacted, That the provisions of this act, and all the bounty-land laws heretofore passed by Congress, shall be extended to Indians, in the same manner and to the same extent as if the said Indians had been white men.  
Sec. 8. And be it further enacted, That the officers and soldiers of the revolutionary war, or their widows or minor children, shall be entitled to the benefits of this act.  
Sec. 9. And be it further enacted, That the benefits of this act shall be applied to and embrace those who served as volunteers at the invasion of Plattsburg, in September, eighteen hundred and fourteen; also, at the battle of King's mountain in the revolutionary war, and the battle of Nickojack against the confederate savages of the South.  
Sec. 10. And be it further enacted, That the provisions of this act shall apply to the chaplains who served with the army in the several wars of the country.  
Sec. 11. And be it further enacted, That the provisions of this act be applied to militia men and to those who served as volunteers at the attack on Lewistown, in Delaware, by the British fleet, in the war of eighteen hundred and twelve—fifteen.  
A poor fellow named Henry Loring, who had become the slave of liquor, died in an out-house, at Columbia, a week or two ago. His death was supposed to have been produced by exposure, liquor and a drug administered to him by individuals who desired some fun. A Coroner's inquest has since been held, which rendered a verdict that the deceased "came to his death from tartar emetic administered by Dr. John Houston." Dr. H. was subsequently arrested, and gave bail for his appearance to answer. The offence may be man-slaughter.  
KIDNAPING.—A considerable excitement was caused on Friday night of last week, in Harrisburg, by an unsuccessful attempt to kidnap a colored boy, by the name of Clark. One of the party engaged in the transaction named Snider, was arrested and lodged in prison to await his trial. He is a notorious kidnapper, and the Harrisburg papers state that he meets with no sympathy from the people of that place.
