ttesting the high estimation in which it is held as a re-table popular Medical BOOK FOR EVERY FEMALE the author having devoted his exclusive attention to the treatment of complaints peculiar to females, in respect to which he is yearly consulted by thousands both in person and by letter.

Here every woman can discover, by comparing her own symptoms with those described, the nature, character,

causes of, and the proper remedies for, her complaints. The wife about becoming a mother has often need of | instruction and advice of the utmost importance to her future health, in respect to which her sensitiveness forbids consulting a medical gentleman, will find such in-

struction and advice, and also explain many symptoms which otherwise would occasion anxiety or alarm as all the peculiarities incident to her situation are described.

How many are suffering from obstructions or irregular ities peculiar to the female system, which undermine the health, the effects of which they are ignorant, and for which their delicacy forbids seeking medical advice. Many suffering from prolapsus uteri (falling of the womb), or from fluor allows (weakness, debility, &c.) Many are

subjects treated of, as they are of a nature strictly intended for the married or those contemplating marriage

Ashtabula County Infirmary. KINGSVILLE, Feb. 4, 1853. Mr. Z. LAKE-Sir: Please send a few more bettles of your "Fit Medicine;" I may not need it, but think saf-or to keep it on hand. Your medicine hasdone wonders. I gave it to Miss Jane Delano; she has had fits for 20 years, brought on by having the measels when but four years old, which could not be brought out to thesurface. After taking the medicine a few days, she had fits for 20 years of WEXEES, and has had no fits fines. She had fits or symptoms almost daily. She and her father concur with me in saying that we believe the medicine has or will work a perfect cure. I also gave the medicine to Miss Jane Henderson and Aris Carby, who have had fits almost daily, for a number of years. Their fits have ceased, and I believe the medicine will have the desired effect. Much money has been expended by the friends of the above patients for doctoring, all to no purpose.— The cure was left for your medicine to perform, and I can cheerfully recommend it as a valuable discovery.— Respectfully yours, JUDSON LANDON,-Superintendent Ashtabula Co.
