-Two Dollars a year, or One Dollar and Fifty Cents, if haid punctually in Advance. \$1 75 if paid within the year.

The communication from Shiremanstown in reply to an article in the last "Gleaner," came too late for publication-w'l be given in our next if desired.

THE LIQUOR LAW.

Mr. Cummings' bill to abolish tavern licenses, which passed the House by a decided majority and had an equally fair prospect of passing the Senate, has been so much changed and amended in the latter bedy that the present shape of the bill does not seem to be clearly known. On Saturday last an amendment was pending providing for licenses at the rate of \$150 in Philadelphia and \$50 in other parts of the State. Persons selling liquor to be liable in damages to wife, parent or guardians who may prosecute. Persons found intoxicated to be find \$5, and. other penal provisions. The original bill seems to have been wholly superseded by the changes made in the Senate.

The bill passed the Senate yesterday, we understand, amended as above. It has yet to pass the House.

K. N. STATE COUNCIL.

A grand Know Nothing State Council it appears met in Lancaster on Tuesday of last week, and according to a telegraphie despatch, dated the 5th, the Council broke up in confusion, the members having quarelled upon the subject of open organization. Messrs. Simon Cameron, Ex-Gov. Johnston and Gen. Irvin it was said withdrew from the council in dis-

The Lancaster Whiq of Monday, however, denies the statements made in the despatch, and says that the question of an open organization was discussed and urged in the council, but that the opinion of the majority was that the time for such a change in the organization had. not arrived. The harmony of the council was not disturbed by the discussion, nd the Union says that no one left in disgust.

OPEN AMERICAN ORGANIZATION .-Nearly every American paper we take is out in favor of an open organization of the party on a well defined National platform. It is agreed, on all hands, that the party is now strong enough to cope successfully against all opposition. It is also said that the Administration of Gov. Pollock, favors this position, and his friends in the Legislature almost unanimously give it their approval.

WAR ON THE K. N'S .- In the Philadelphia county 'Democratic' Convention held on Tuesday, all the Delegates suspected of Know Nothingism were examined under oath, and witnesses were also examined in relation to the accusations against them. Those who refused to testify, and the accused against whom the charge was proved, were expelled. Among those expelled was Win. S. Allen, Democratic County Commissioner, and on his refusing to depart he was forcibly

SAM ON HIS TRAVELS.

Brilliant Succession of Triumphs. CONNECTICUT,

The recent State and Municipal elections show a brilliant series of American triumphs. Our Democratic friends felt exceedingly cheered by the ray of hope which seemed to dawn in the first reports from Connecticut. But their premature expectations were doomed to speedy and cruel disappointment. Subsequent returns show that the triumph is wholly for Sam, and that the Americans have carried the Legislature and all four Congress men. The vote for Governor stands-

> Minor, American, Ingham, Democrat, Dutton, Whig, 26,012.

As a majority of the whole number is required there is no choice for Governor by the popular vote. The Whigs and Americans will have 19 of the 21 Senators and probably fully seven eighths of the House of Representatives, which will enable them to select Minor for Governor. The Americans and whigs elect the whole four members of Congress by decided majorities.

RHODE ISLAND.

The election for Governor, Lieutenant Governor, and two members of Congress, took place in this State on Wednesday. The returns are all one way. Hoppin and Rose, the American and Whig candidate for Governor and Lieutenant Governor, are both elected by large majorities. The American candidates for Congress are also elected, viz:-Mr. Durfee in the Eastern district, and Mr. Thurston in the Western district. The vote for Governor, from all but three towns in the State, sums up somewhat in the fashion of Berks Co. returns when the 'Domocracy' there was in its prime. We give a sam-

In addition to these State triumphs the redoubtable Sam has achieved a host of lesser victories. In Virginia he has been giving Henry A. Wise several very strikthat awaits him in the gubernatorial election now near at hand. A municipal e lection was held at Richmond on Wednesday, and Sam's boys swept the board, by about 1200 majority! In Portsmouth and Winchester, Va. the Americans have been successful in the local ele tions.-In Annapolis, Md. in Calais, Maine, and in Columbia, S. C. there have been American victories. At the election for State Censors in Vermont, last week the Americans were triumphant. At the charter elections held in Ohio, on Monday of last week, the Americans carried the day in Cleveland, Sandusky and Columbus, but were defeated in Cincinnati. In St. Louis, Missouri, at an election held on the 3d inst. the Americans elected all their candidates by about 1100 majority. In Jefferson city they were also successful. Sam, it will thus be seen, has shown himself in a very formidable attitude in all parts of the Union.

The-Iowa election, which has just taken place has resulted in the election of all scription of the new spring bennet: the Whig candidates for State officers, by larger majorities than in August last.
In Wisconsin also, Judge Cole, the Whig candidate, has been elected to the Su-Louisville, Ky., has resulted in the elecjorities.

APPLICATIONS FOR BOUNTY LANDS.-The whole number of Bounty land applications, under the act of March 3, 1855, received at the Pension Office up to Satdred and fifty letters of inquiry.

CINCINNATI ELECTION.

As the officers of the two wards where the ballot boxes were destroyed have made under oath full returns of the election held there, and these elect all the Democratic city candidates, the clerk has given the certificates to the latter, and the Mayor has already been qualified.-To the City Council it is ascertained members are returned. Matters are now quiet and the excitement is disappearing. According to the Gazette, which favors the American party, the defeated candidates were not very creditable to the party which nominated them.

CHURCH PROPERTY.

The bill in relation to church property, sometime since introduced by Mr. Price, has finally passed the Senate.-The bill is intended to prevent the aggregation of all the church property of any religious sect in the hands of a single ecclesiastic (as now held by Roman Catholic Bishops) deeming such a concentration of authority and power not compatible with our institutions. A similar bill has become the law in New

WEATHER AND CROPS,-The recent ine weather and refreshing rains have given vigorous start to vegetation, and we are glad to learn that the grain fields present a man, the discoverer of the science of Homos decidedly more promising appearance than it opathy, was born. His admirers propose to ing admonitory illustrations of the fate ever, that the wheat and rye crops will be small. The lateness of the season may prove favorable to fruit.

TRAGICAL AFFAIR-A Father killed by his Son .- A tragical occurrence took place about three miles from Rushville, Ill., last week -Mr. Dorsey Baker, a respectable citizen, was chastising one of his sons, for some misdemeanor, when an elder son, (who for some early symptoms of slight aberrations of mind, has been permitted to grow up to some eighteen years unknown to restraint,)thinking his brothers fault too trivial to merit such junishment flew at his father and struck him so violently on the head with a spade, repeating the blow, that after lingering he died the next morning.

GEN. SHIELDS TO BE APPOINTED U. S. SEN ATOR. -The Telegraph, a paper published in Alton, Ill., spreads what is termed "an astoun ding rumor from Springfield," which it de clares caps the climax of anything that has struck the tympanum of the editor's ear for nany a day, It is nothing more or less than that Governor Matteson, disregarding the choice of a United States Senator by the Legislature, has resolved to declare that election void: and on the ground that there is now a vacancy in the Senatorship, intends making an appointment to the post on his own respon sibility! It is understood that General Shields is the gentleman designated by the Governor for that office.
