CCHIEDAM AROMATIC SHNAPS, TO THE CITIZENS OF PENNSYLVANIA.—

I beg leave to call the attention of the citizens of Pennsylvania to the above article. manufactured by my self exclusively, at my factory in Schledam, Holance with the several acts of Assembly, as follows: my self exclusively, at my factory in Schledam, Hol-

land, expressly for medical purposes. It is made from the best Barley that can be selected in Europe and the essence of aromatic Italian berry, of acknowledged and extraordinary medicinal properties: and it has long since acquired a higher reputation, both in Europe and America, than any other dictotic beve-

in Europe and America, than any other dievete neverage,
In Gravel, Gett, and Rheumatism; in obstructions of
too Bladder and Kidneys, and debility of the urinary
functions, its effects are prompt, decided and invaribly
reliable. And it is not only a remedy for these maldies, but, in all cases in which they are produced by
drinking bad water, which is almost universally, the
cause of them, it operates as a sure proventive.
The distressing effect upon the Stomach. Bowels, and
Bladder, of travelers, new residents, and all persons unnecustomed to them, produced by the waters of nearly
all of our great Inland rivers, like the Ohio, Mississippi
and Alabama, from the large quantity of decayed vegatable matter contained in them, in a state of solution, is
well known; as is also that of the waters of limestone
regions, in producing Graves, evenua, and stone in the well known; as is also that of the waters of limestone regions, in producing Grayer, Cylcull, and stone in the BLADER. The AROMATIC SCHIEDAM SCHINAPPs is an absolute corrective of all these injurious properties of bad water, and consequently prevents the disease which they occasion. It is also found to be a cure and preventive of Fever and Ague, a complaint caused by the conjoint effects of vegetable malaria in the atmosphere, and vegetable putrescences in the water of those districts in which it principally prevails. The Aromatic Schiedam Schnapps is consequently in great demand by persons traveling, or about to settle in those parts of the country especially; as well as by many in every community where it has become known, on account of its various other remedial properties.

More than three thousand physicians, among whom are numbered the greatest names belonging to the faculty of medicine in this country, have certified, over their own signatures, to the valuable medicinal properties of such an article, as the soverest tests have proved the Schiedam Aromatic Schnapps to be and have accepted it as a most desirable addition to the MAZER. ALEDICA.

Put up in quart or plut bottles, curveloped lu-yellow paper with my name on the bottle, cork and seal. For sale by all respectable Druggists and Grocers.

18, 20 and 22 Beaver street, New York.
25 South Front street, Philadelphia.

I beg leave to call the attention of the public to the following letters from physicians:

LABORATORY.N. Y. May 2. 1823.

"Mr. Uddel Wolff-Dear Sis: I cannot speak too highly of the purity of your Schiedam Schnapps. It is decidedly superior to anything of the kind in the market. It is perfectly free from the admixture of fusil oil. or of any of those arnylle compounds which produce such a mischievous and irreparable effect upon the constitution, and which very few alcoholic distilled liquors are without—most of them being largely impregnated with it. I have personly inspected the various process of distilation practiced at Schiedam, and know that unusual care is taken to separate the noxious elements from the pure alcohol, and your Schnaps is a striking proof of its success. As a medicinal agent for chronic and renal affections, I have successfully prescribed it, and recomend it as an agreable cordial and harmless stimulant, and shall continue to do so; as well as to use it as a source of pure alcohol for chemical investigations and experiments.

Dr. Charles A. Leas, Commissioner of Health, Baltimore, writes as follows in relation to the value of Schnapps as a remedy in chronic entarrhal complaints, &c. The letter is dated July 27, 1853:

"I take great pleasure in bearing highly creditable testimony to its efficacy as a remedial agent in the disease for which you recomend it. Having a natural tendency to the uncours surfaces, with a slight degree of stimulation. I regard it as one of the most important remedies in chronic catarrhal affections, particularly those of the genito urinary apparatus. With much respect your obedient servant, CHARLES A. LEAS, M. D.

"Mr. Udolpho Wolfe, No 22 Beaver st. N. Y.—Bear sir:
Last season the writer received, through your agent in
this city, a bottle of your Aromatic Schiedam Schnappr,
and since that period has prescribed the same in certain
forms of urinary complaints; also in cases of dolility in
agod persons. So far, the Schnapps has been of much
benefit to those using it \* \* \* In conclusion, where a
diurotic and stimulant is required, I should use the Ar
omnatic Schiedam Schnapps. Thanking you for your
kindness, I am respectfully yours,

The subjoined letter from Dr. Paine, of Manchester.

which you are at liberty to use if you think proper, in respect to your medicine, called Schiedam Schnapps.—I have had a very obstinate case of gravel and stone, of some five years' standing, causing very acute pain in every attempt to urinate. After using many remedies without much relief, I was induced to try a bottle of your medicine. In the course of three days it proved effectual, disloging large pieces of stone, some of which was as large as a marrowfat pea. I continued the cordial according to directions, and the patient continued to gain, and is fast recovering. I think a medicine of so much value in so distressing a complaint, should be known to the public, and the world at large. And I for one, must give it my approbation and signature.

From Dr. John S. Roese, Chemist, Baltimore, Md. Sept. From Dr. John S. Reese, Colonia, 1852:

"A number of our physicians are ordering the article, and several have already prescribed it. Persons to whom I have sold it speak very highly of its qualities. A Gentlemen of my own personal acquaintance, having suffered greatly with an affection of the kidneys and bladder took two bottles and subsequently passed a stem of considerable size, and was greatly relieved. It will no doubt go into general use,"

## BY LAST MAILS

FROM CALIFORNIA.

By the arrival, at New York, of the steam ship Illinois, we have advices from California eight days later. She brings \$1,115,000 of the treasure saved from the wreck of the steam ship Golden Age, which vessel struck on a sunken rock of the southwest end of the island of Kicaron, and commenced leaking so badly that she was run ashore. After a detention of two days the passengers, mails and treasure were taken off by the steamship John L Ste phens, and conveyed to Panama, whither she had been sent for the purpose. Although the Golden Age is styled a wreck, there is a strong probability that she will be got off.

In California, business was very dull, and many failures had occurred. The money market continued tight, though confidence was partially restored. Seventeen vessels from Atlantic ports had arrived at San Francisco within six days. The mint had not resumed operations. The miners were doing well, but owing to the scarcity of coin very little dust reached the market. Rain had fallen steadily in the valleys for a week, and in the mountains snow had fallen to a great depth. From the Kern river diggings the news is still contra-dictory. In the local elections throughout California the Know Nothings have triumphed every where except at San Jose, where they were beaten by a fusion of all fragments of the opposition. The unsatisfactory state of commercial and other avocations was driving large numbers of clerks and mechanics to the mines A secret society, opposed to the Know Nothings, has been organized all through Cali-fornia. It is called Freedom's Phalanx. The Legislature had fixed April 80th for its adjournment and it is thought doubtful whether another attempt will be made this session to e lect a U. S. Senator A stringent law against gambling has been enacted, the effect of which, it is thought, will be to shut up all the gaming houses.

A municipal election in Portland, Oregon, has resulted in a Know Nothing triumph.
