Last week it was ascertained that she had been for some months enciente, and on being questioned she charged her brother in-law with being her seducer. Her father and brother immediately came here, removed Mrs. Craig to the residence of her nunt, at Sewickly, during her husband's absence, and on meeting him, on their return, the shooting affair alluded to came off. Since then Mr. McKibben has instituted a civil action against Craig for seduction, claiming twenty thousand dollars damages, upon which Mr. Craig (on Tuesday afternoon) surrendered himself to the Sheriff without tendering bail, and now remains in his custody. It is due to the accused to state that he denies the guilt imputed to him, and illeges that he was in search of the Messrs. McKibben to make the same statement to them. when attacked. Ministers are sadly needed west, south and north. One presbytery reports many of its churches without preachers, another has but nine ministers for twenty-four congregations, and another but six ministers to seventeen congregations. Arrangements have been made which will probably result in an early completion of the \$100,000 fund for building churches. Of this sum about \$82,000 has been paid or subscribed, and more than half of the remaining \$18,000 was pledged in the Assembly. There is but little doubt that the full fund will be paid in before the first of January, 1856. It is to be used in ailling poor churches to build houses of worship. The trustees of the fund proposed an assessment of the Synods to suplly the deficiency, in which plan the Synod of Pennsylvania was set down for \$1100, and the Synod of Western Pennsylvania for \$500. -The subject of slavery engrossed much of the time of the Assembly, and finally, after much discussion, a report was adopted reaffirming the declarations of previous General Assemblies as to the sinfulness of slavery; exhorting porthern men to discuss it more temperately. and southern Christians to do all they can to secure its speedy removal; also providing for the appointment of a committee to report to yesterday with one week's later news from leans, and many deaths have occurred. effective, but to do this to the amount of \$200 to each missionary, would require an addition of \$50,000 to the annual receipts of the Board. Last year, the average salaries of missionaries was increased \$10,67, the average appropriation for each being \$162, and the average amount received by each from his congregation, being \$273, making the total average \$435. At such salaries it is not wonderful that ministers are scarce. This matter of church extension attracted a great deal of the time and attention of the Assembly, and finally t was resolved to appoint a committee on church extension, to be located at St Louis. and to consist of twenty-four members; onethird of whom are to go out annually. The main topic discussed was, whether it was not better to have a regularly constituted Board than a committee. In the matter of church extension, the receipts had been \$5,216 48, and the expenditures \$7,405 55 Resolutions were reported by the Board of Education, and adopted, recommending that the presbyteries exercise great care in regard to the qualifications of candidates for the ministry, in favor of the establishment of Christian schools, academies, and colleges, but recommending Presbyterians to support the public nonreligious schools, improve their condition, and keep the Bible in them. The last Thursday of February next is appointed as a day of special prayer for Presbyterian youth.

FROM THE CRIMEA.

The latest advices from Sebastopol by mail ire of the 30th April, and by telegraph of the 16th of May.

A combat occurred on the night of the 24th between the Russians and French, which proved to be a desperate affair. The Russians attempted to dig new rifle-pits, but the French partially prevented them, and two hundred French soldiers were placed hors du combat.

MORMON EMIGRATION is flowing westward stendily, and in notable numbers. Since the navigation of the Ohio river opened this spring, 1500 of these emigrants passed through Pittsburg, on their way to the city of the Salt Lake, and others are daily expected. They are understood to be from Great Britain, where Mormon proselytism makes steady progress. At Liverpool there is a Mormon agency, supported especially for the purpose f aiding emigration. It has this year sent off upwards of 8600 emigrants, of whom it paid the expenses of 1100 We see it stated in one of our exchanges that many of these emigrants were converted in Liverpool, where, it is supposed, the Mormon preacher circulates among the poorer classes of emigrants seeking passage to America. However this be, appearances indicate that the accessions to the Mormons this year will be greater than for any previous one. In view of the recent news from the Salt Lake, respecting the complicity of the Mormon chiefs in the murder of Captain Gunnison and his party, the increase in the number of emigrants cannot but be regarded with disquietude, as it is evident that we shall have very serious trouble yet with these people,
