NATIONAL K. N. COUNCIL.

It is said that an American National Council will assemble this week in Philadelphia. The special purpose of its assembling is not distinctly known, but the results of its labors, says a cotemporary, "are anxiously awaited, and the positions the Councils may adopt, for the Party, on questions of great public import, such as the slavery question, the revenue system, the currency, internal improvements, our foreign relations, &c., will not only materially retard, impede and arrest, or improve and impel the movement to still greater achievements, but seriously injure or advantage all other parties in their future operation, and vitally affect the future destinies of the country itself. Though it has triumphed in all parts of the country, wheeling one State after another into the American line, it is yet, as a party, in its incipient stages, without fixed and well ascertained principles and measures, and can hardly be said to have National character and enjoy a National existence. The first and important business will therefore be, for the members from the various States to come to a general understanding among themselves, as to the character, principles and measures to which the party shall be publicly pledged and their next step ought to be, after having come to an understanding among themselves, to be understood by the country."

The Convention will evidently have a stormy time of it, as the South is fully represented, while among the Northern delegates is the Hon. Henry Wilson, one of the United States Senators from Massachusetts, who in a recent speech to the order in Brattleboro, Vermont, declared that the Know Nothings must abandon their secret organization, make open nominations and take a firm stand against slavery and its further extension. Mr. Wilson is the man who started the great "flare up" in the Whig National Convention of 1844, and if he carries the same spirit into the K. N. convention there must be considerable "agitation." The result will be known in a few days.

A FUSION MOVEMENT.-The Whig and Democratic Standing Committees of Allegheny county-have both resolved not to call conventions to nominate county tickets for their respective parties the present year. The object, of course, is to make a fusion ticket, and unite in its support all who are opposed to the Know Nothings The mode adopted to accomplish their object will make their move ment a formidable one, and it behooves the Americans to act wisely in making their nominations.

Soule vs. Perry.-The Louisiana fire-eater, Pierre Soule, publishes a letter in the New Orleans papers stating there is not one word of truth in the recent letter of Mr. Perry, the present acting charge at Madrid in Spain. He says the baseness of the impudent writer is only equaled by his hypocrisy and cowardice. Mr Soule says he is now preparing for publication a picture of Mr. Perry's doings during his (Soule's) mission to Spain.

DEFINING Positions.—The Hon. James C. Jones, one of the Tennessee U. S. Senators, has declared his opposition to the Know Nothings. Senator Toombs and Hon. A. H. Stephens, the Georgia disunionists, have taken a similar position

Since the lynching of Phillips, by a Weston, Mo., mob, several other Northern emigrants have been warned to leave the territory on specified days, or remain at their peril. Phillips himself has gone back to Leavenworth, armed, to defend himself to in the art of war. But the officers themselves the last extremity. A hotel, kept by a northern man, at Kanzas City, Mo., has been mobbed by a band of desperate outlaws, and only saved by the fact that the place was well armed and defended .-The Mayor and Marshal of the town were sent for, but refused to protect the hotel. Meetings in favor of mob rule are also being held in all the Western counties of Missouri, and a general mass gathering of the Atchison party, for the same end, is to be held at Lexington, Mo., on the first Monday in June.

OPEN ORGANIZATION .- Since the Virginia election the clamor for open organization has been loudly renewed by companions, when an accidental bullet put an many American papers-the Harrisburg Herald among the rest. A movement to the same end has been started by many of the leading K. N's. of the city of New York, who have called a meeting for the purpose of not only urging the abandonment of the secret organization, but also to make a public declaration that "the

> THE BRITISH OFFICERS at the siege of Sebastopol, one might suppose, would find enough to occupy their time in preserving the discipline of their corps, remedying defective arrangements, inspecting the moments of the enemy, and endeavoring to perfect themselves appear to be of a different opinion. A recent letter from the British camp to one of the London papers, gives an exciting account of a horse race; and it seems that they have these diversions regularly. The same writer tells us that "dog hunting" is also a favorite sport in the camp. These officers are evidently of the same sort as a party of others sent by the British commanders to Heligoland, in the Baltic, and who took with them such an amount of baggage, that the people of Heligoland thought they had come for a long stay. Among the articles they brought with them were pianos for their families.

DEATH OF "DOESTICKS."-It is announced that Mr. Mortimer Thompson, better known to the public as "Doesticks, was accidentally killed on Wednesday morning at Ann Arbor, Michigan, where he was spending a few days. He was out shooting at a mark with some an end to his life. The Tribune says that Mr. Thompson was a native of Michigan, about 23 or 24 years of age, of a singularly modest, simple and manly nature, and endowed with taleuts and aspirations which would have secured for him an honorable place in literature. His "Doesticks" letters he himself regarded as but a youthful extravaganza, and their remarkable popularity never caused him to exaggerate their worth.

American party does not desire the exclusion from office of any Foreigner who is a Protestant!" This is a new plank for the platform.

VIRGINIA ELECTION.—According to the Richmond Enquirer, the majority for Wise in one hundred and thirty-nine counties is 10,159

The should be universally known—for it is strictly true—that indigestion is the parent of a large proportion of the fatal diseases. Dysentery, diarrheas, cholera morbus, liver complaint, and many other diseases enumerated in the city Inspectors weekly catalogue of deoths, are generated by indigestion alone. Think of that dyspepties? think of it all who suffer from disordered stomachs, and if you are willing to be guided by advice, founded upon experience, resort at once (don't delay a day) to Hofland's German Bitters, prepared by Dr.-C. DEPARTURE OF TROOPS .- The four Companies of the Second Regiment of U. S. Infantry, under command of Gen. Hitchcock who have been stationed at Carlisle Barracks the last year, left on Sunday morning last about 2 o'clock, in a train of cars provided by the Central Rail Road Company. They arrived at Pittsburg, we presume, the same evening. The detachment numbered about 350 men, rank and file. They are bound for Fort Pierre on the upper Missouri, but will stop at Fort Levenworth to await a rise in the river. Fort Pierre is about eight hundred miles above Leavenworth, in the heart of the Sioux

INDUSTRIAL EXHIBITION .- The officers of the Big Spring Literary Institute advertise their Second Anual Exhibition this week, and we trust our Carlisle mechanics will avail themselves of the occasion to make a creditable display of their skill. But few of them contributed any thing last year, though what was sent from Carlisle was highly creditable. The managers of the Eair are making every arrangement for a full and sati-factory exhibition, and with their increased experience and facilities we have no doubt the sec ond Fair will far surpass that of last year.

THE FOURTH IN MECHANICSBURG.-Arrangements are making, we are informed for a grand celebration of the Fourth of July in Mechanicsburg. All the military companies in the county are expected to be present-a public dinner is to be prepared in a grove near the boreugh-an oration is to be delivered and a display of fire works exhibited in the evening. An efficient Committee of arrangements mises to be a most enthusiastic and attractive

DISAPPOINTMENT.—The Continentals who were announced to give a concert on Thurs day evening last, were prevented from doing so by the sudden illness of Mr. Frisbic, one of the party, who we regret to hear is suffering from an affection of the lungs.

DEMOCRATIC COUNTY CONVENTION.-At the recent meeting of the standing Comnittee, it was directed that the democratic del gate meetings should be held on Saturday the 6th of June and the County Convention on Monday the 18th. The Convention is called at an earlier period than usual in order to ap point delegates to the State Convention which neets on the 4th of July at Harrisburg. The Convention is also empowered to nominate a ticket at the same time if deemed expedient The Committee directs also that the votes of all those who continue to act and vote-with the proscriptive and intolerant Know Nothings shall be rejected at the delegate meetings. Of ourse they will be-as they were last year

PARADE.-The "Quitman Guards" of Churchtown paraded on Saturday last at Boilng Springs. The inclemency of the weather marred the attractiveness of the display, but they were compensated by the excellent entertainment of mine host Costamagna, who furnished the dinner on the occasion and did it to the satisfaction of all.
