But a few years ago in the flush of health and youth, and buoyancy of spirits, rapidly, and apparently inexplicably, becomes a feeble, sickly, sallow, debilitated wife, with frame emaciated, nerves unstrung, spirits depressed, countenance bearing the impress of suffering, and an utter physical and mental prostration, arising from ignorance of the simplest and plainest rules of health as connected with the marringe state, the violation of which entails disease, suffering and misery, not only to the wife, but often HEREDITARY COMPLAINTS UPON THE CHILDREN

Here every woman can discover, by comparing her awn symptoms with those described, the nature, character, causes of, and the proper remedies for, her complaints.

The wife about becoming a mother has often need of instruction and advice of the utmost importance to her future health, in respect to which her sensitiveness forbids consulting a medical gentleman, will find such in struction and advice, and also explain many symptoms which otherwise would occasion anxiety or alarm as all

the peculiarities incident to her situation are described. How many are suffering from obstructions or irregular Ities peculiar to the female system, which undermine the health, the effects of which they are ignorant, and for which their delicacy forbids seeking medical advice. Many suffering from prolapsus uteri (falling of the womb), or from fluor albus (weakness, debility, &c) Many are in constant agony for many months preceding confine ment Many have difficult if not dangerous deliveries, and slow and uncertain recoveries.
