THE MAIN LINE NOT SOLD .- On Tuesday evening of last week, the main line of the Pennsylvania State works was put up for sale, at public auction, at the "Merchants' Exchange, in Philadelphiabut not a single bid was made. Gov. Pollock was present, and after giving a reasonable time to the persons assembled when it was discovered that no bids were

... likely to offer, the whole matter was adjourned sine dic.

The failure of this sale is certainly a matter of great regret. The works can never be productive in the hands of the Commonwealth, and the sooner she is rid of them the better. It is to be hoped that the Legislature will remodel the bill next winter, and rid it of the objectionable features which have prevented the transfer of the work to other hands.

CROPS ABROAD .- Accounts by the last Steamers state that the prospects of an abundant harvest are promising in England and France, as well as in this country. The papers speak very highty of the enormous yield. Potatoes are said to be in great abundance in England.

NEW BANKS .- The success which attended the applications for new banks before the last Legislature, has given encouragement to a host of others, and the next Legislature will be literally overrun with them. The Harrisburg papers contain notices of intended applications for seventy-six new Banks, and the recharter or increase of capital asked for is thirty-seven millions of dollars!

COMMUTATION OF MRS. ROBINSON'S SEN-TENCE,-The Governor of New York has commuted the sentence of Mrs. Rabinson, 'the veiled murdress," to imprisonment for life, contrary to the will of the eccentric lady, who had expressed herself anxious to get out of this wicked world.

The Bands of Music in line were the Mcchanics' Brass Band, of Chambersburg, the Valley Band of Shippensburg, both of whom wore handsome military uniforms, and the Keystone Band, of Mechanicsburg, whose ad

mirable performances contributed argoly to the spirit and enthusiasm of the parade. After marching through the principal streets the procession proceeded up Main street to the College Campus, where in the cool green groves a substantial repast had been provided by the Committee of Arrangements. The appointed orator of the day not having attended according to expectation no address was delivered. After dinner therefore the companies again formed into line. and marched to the public square, where after a brief but eloquent address from the gallant Marshal, who always for Harrisburg, cheers for Carlisle, and cheers No. 111 C delphia.

This is a new company and made its first parade with its new hose carriage on this oc-casion. The members were white shirts and black pantaloons, and the new carriage which is a beautiful affair, was splendidly arched and adorned with flowers and evergreens. The military were represented in the pro-cession by Capt. Stevenson's Company of Junior Cadets, of Carlisle, who with their gay uniforms and "arms and accoutrements in good order," marched with the steady, if not stately, tread of veterans. The little Cadets were special objects of interest and attraction in the procession. The Bands of Music in line were the Me-
