ANOTHER FUSION.

The Harrisburg Telegraph, which may be presumed to be the organ of the State Administration, proposes a grand union of the Whig, American and Anti-Nebraska forces...

This, in our opinion, can only be accomplished by meeting fusion with fusion... (text continues)

The Telegraph adds that it should prefer the candidate thus nominated to be of Whig antecedents... (text continues)

REACTION IN MISSOURI.—A law and order meeting was held lately by the citizens of Ray county Mo., at which while denouncing "abolitionism in its true meaning," they declared in favor of abiding by the laws of the State of Missouri and the United States...

THE PRESIDENTIAL ELECTION.

A portion of the Southern press have lately been speculating with some earnestness upon the chances of the next Presidential election. With a keenness which is characteristic of the North American, they have already perceived, what has escaped the attention of most persons in this section...

Now as to the chances of a popular election. There are three distinct and separate parties, which may be designated as anti-Nebraska, Know-Nothing, and Democratic. It is generally believed that the anti-Nebraska party will carry all New England, New York, Michigan, Wisconsin, Ohio, Indiana, Illinois and Iowa...

The removal of Gov. Reeder excites deep and general indignation throughout the Northern States, the feeling extending even to those who have hitherto said little or nothing respecting the Kansas outrages. The Harrisburg Democratic Union denounces the act unequivocally in an article of some length...

PHILADELPHIA NOMINATIONS.

The Americans of Philadelphia, judging from the tone of their papers there, don't seem to have been very fortunate in their nominations; and the system of general balloting, the papers say, has resulted in more intrigue and corruption than any system ever before introduced.

The Sun goes on to picture the results of the late balloting, stating the distracted state of the party produced by the bad nominations made, and says that the better portion of the party "aver that there is nothing in the laws or regulations of the party compelling them to vote for 'natural fools.'"

Grahams Magazine for August, is illustrated with a well-executed engraving of "Washington crossing the Allegheny River," and a colored plate of the Fashions. There are besides a number of engraved designs of minor articles of female dress...

SOUTHERN ELECTIONS.

North Carolina.

The election in this State took place on the 2d inst. and was for members of Congress and State Legislature only. The result shows that the twelfth section of the Philadelphia platform was not sufficient to put Sam through. The following which is the latest despatch, reports the election of 6 Democrats and 2 Americans:

WILMINGTON, (N. C.) Aug 6th.—The Journal says that H. M. Shaw (Dem.) is elected in the First Congressional District; Thomas Luffin, (Dem) in the second; Warren Winslow (Dem) in the third; L. O. B. Branch (Dem) in the fourth; Baxter C. Craig (Dem) in the fifth; Thomas J. Clingan (Dem) in the sixth; and that E. G. Beale, (K. N.) in the 7th, and R. C. Tom year, (Whig) in the sixth, are believed to be elected.

WASHINGTON, Monday evening, Aug. 6.—A despatch from Norfolk, says the result in Shaw's district is very close, and the result doubtful.

Tennessee Election.

MEMPHIS, Aug. 4.—The returns from 35 counties of Tennessee show a net gain for Gentry. The Whig and Know Nothing candidate for Governor, is Gentry. The Democrats claim the election of their candidate, believing that East Tennessee, from which nothing has yet been heard, will show large gains for Governor Johnson. The Democratic majority for Governor Johnson in 1853 was 2270.

LOUISVILLE, Aug. 6.—8 P. M.—The result in Tennessee is still undecided.

Kentucky Election.

LOUISVILLE, Aug. 6.—The election in Kentucky for Governor, was held today. The majority for the American ticket in Louisville is 1000. There were riots in the first night wards of the city. Several persons were killed, and many wounded. Two blocks of buildings were fired and are still burning.

The mob having fired several blocks in the Eighth Ward, are now moving up town with cannon. There are rumors of a contemplated attack upon the offices of the Times and Courier newspapers. The returns from the other portions of the State indicate the success of the American ticket.

Later despatches say that Gentry is elected in Tennessee. The bloody work at Louisville still continues.

DEMOCRATIC INDIGNATION.

The removal of Gov. Reeder excites deep and general indignation throughout the Northern States, the feeling extending even to those who have hitherto said little or nothing respecting the Kansas outrages. The Harrisburg Democratic Union denounces the act unequivocally in an article of some length, the tone of which may be imagined from the opening viz:—

"A blow which will recoil with terrible effect has been struck by the National Administration. Whether it was impulse of a galvanized imbecility, ill judging counselors, malice or disappointment, we little care. A gross and flagrant wrong has, however been perpetrated, a wrong which, ere long, will bring shame and reproach upon those who were its investigators and doers. The hour has passed when a specious tale will deceive the people. No puerile charge of land speculations can buffet an instant against the storm of wrath which will be aroused. A high minded, honorable, fearless and determined man has been wantonly and bagily stricken down, because he asserted and would vindicate the rights of freemen against a horde of lawless and law breaking ruffians."

The Eastern Argus, published at Reeder's former home, tells us that his removal has elicited the strongest expressions of indignation there. But the Argus besides speaking its own sentiments, clearly and fiercely tells some unpleasant truths respecting the President. We quote:—

"Immediately after the first election held in Kansas, one after another of the Missouri invaders called upon the President and filed their complaints against the Governor, charging him with neglect of his official duties, illegal speculations in lands, &c. We state upon authority that cannot be disputed that President Pierce at that time told a friend, 'I am satisfied that Governor Reeder possesses firmness, honesty and capacity, and a man who has these three qualities, don't often get wrong.' We happen to know, too, that our Chief Magistrate gave Gov. Reeder repeated personal assurances that he approved of his course, and would have acted precisely as he did in the same position."

The Lancaster Intelligencer also joins in the denunciation of Gov. Reeder's removal.

J. Scott Harrison, son of the former President of the same name, has been nominated as a candidate for Governor of Ohio by those who are discontented with the nomination of Chase. Mr. Harrison was a member of the last Congress, and is also a member elect to the next one.

Town and County Matters.

C. V. R. R.—Another change has been made in the arrival and departure of trains on the Rail Road. See advertisement.

NEW ORDINANCE.—A new ordinance in reference to weights and measures has been passed by Council, which will be found in today's paper. The appointment of a Wood Corder by the Council, we think would be approved by the public.

NEW VILLE INDUSTRIAL FAIR.—Every body we believe intends going to the Exhibition of the Big Spring Literary Institute, which commenced yesterday and will continue until Saturday, when an address will be delivered by A. K. McClure, Esq., of Chambersburg.

AMERICAN COLLEGE.—A body which we presume (not being of the initiated) to be the Central Council of the American party, met in Carlisle on Saturday last and seemed to have a representative from each township. The business of the meeting we learn was to receive general nominations for office. From the list of nominees thus made up the local Councils made their choice of candidates who are to be settled on the ticket. All the candidates whose cards are in our paper for Sheriff and Treasurer were put in nomination Saturday together with a "smart sprinkling" of gentlemen who would not take serious offense if their names happened to "turn up" as the choice for Assembly, Commissioner, &c. We did not learn their names but understand that about eight individuals were proposed for Assembly and three for Commissioner. The Council will meet again on Saturday a week next to ascertain the result and the ticket will then be made public.

ACKNOWLEDGMENTS.—The proceedings of a meeting of the Hope Engine and Hose Company are published in the Harrisburg papers, in which we find the following expression of thanks:

Resolved, That the company gratefully recognize the kindness and hospitality of the fire department and citizens generally of Carlisle, upon the occasion of their recent visit; and that they feel indebted to the ladies especially, particularly to Mrs. Eby, Mrs. Gorgas and Miss Gorgas for their beautiful bouquets.

Similar acknowledgments are made by the Chambersburg Firemen. We extract the following card from the Chambersburg papers, signed by a joint committee of the two companies:

The undersigned, on the part of the Fire Companies of Chambersburg, return our sincere and heartfelt thanks to our fellow Firemen of Carlisle, for the generous and handsome manner in which they received and entertained us, on the occasion of our visit, on Saturday last.

W. M. J. McCartney of the Cumberland Company, Mr. Morris of the Union, Mr. Allison of the Good Will, and to Col. Noble Chief Marshal of the day, our thanks are especially due for their untiring efforts to promote our comfort and pleasure, and for the many evidences of good will and esteem of which they made us the recipients.

In conclusion, the undersigned would express, on behalf of the Companies they represent, the hope that they may be enabled to reciprocate at an early day the kind attention of their fellow Firemen of Carlisle, and that the intimacy which has developed itself between us may continue to exist, and be equally agreeable to each.

RIOT AND DISORDER.—We would suggest that our High Constable be either relieved from duty and put on night duty instead, or else that Night Watchmen be appointed by the Council for the preservation of the public peace. Disturbances of the peace at night are becoming so common on our streets lately, as to require some effectual check.
