CHIEDAM AROMATIC SHNAPS. TO THE CITIZENS OF PENNSYLVANIA .-

I beg leave to call the attention or the citizens of Pennsylvania to the above article, manufactured by my solf exclusively, at my factory in Schledam, Holland, expressly for medical purposes.

It is made from the Lest Barley that can be selected in Europe and the essence of aromatic Italian berry, or acknowledged and extraordinary medicinal preperties; and it has long since acquired a higher reputation both in Europe and America, than any other dictoric teve-

In GRAVEL, GOUT, and RHEUMATISM; in obstructions of

In Gravel, Gout, and Rheumatism; in obstructions of the Bladder and Kidneys, and debility of the urmary functions, its effects are prempt, decided and invaribly reliable. And it is not only a remedy for these manadies, but, in all cases in which they are produced by drinking bad water, which is almost universally, the cause of them, it operates as a sure preventive.

The distressing effect upon the Stomach, Lowels, and Bladder, of travelers, new residents, and all persons unaccustomed to them, produced by the waters of nearly all of our great Inland rivers, like the Ohio, Mississippl and Abdama, from the large quantity of decayed vegatable matter contained in them, in a state of solution, is well known; as is also that of the waters of limestone regions, in producing thayea. Cylectal, and stoke in the Bladder. The AROMATIC SCHILDAM SCHENAPPS is an absolute corrective of all these injurious properties of had water, and consequently prevents the disease which they occasion. It is also found to be a cme and preventive of Fever and Ague, a complaint caused by the conjoint effects of vegetable malaria, in the atmosphere, and venetal be putrescences in the water of those districts in which it pribeipally prevails. The Aromatic schiedam Schnapps is consequently in great demand by presons traveling, or about to settle in thosy perison the country especially; as well as by many in every community where it has become known, on account of its various other remedial preperties.

More than three thousand physicians, among whom are numl cred the greatest names belonging to the seculty of the medicine in this country, have certified, over their own signatures, to the valuable medicinal preperties of such an article, as the severest tests have proved the Schiedam Ar matic Schiedam in the country, have certified, over their own signatures, to the valuable medicinal preperties of such an article, as the severest and have accepted it as a mest desirable addition to the Marina Medica.

The subjoined letter from Dr. Paine, of Manchester, N. H., relates to one of the most valuable medicinal proporties possessed by the Arematic Schnapps, and shows that it acts as a specific in a very painful disease—the

"Mr. Welfe:—Permit me to address you a few lines. "Mr. Wolff:—Permit me to address you a few lines, which you are at liberty to use if you think, projer, in respect to your medicine, called Schiedam Schnappe.

I have had a very obstinate case of gravel and stone, of some five your's standing, causing very acute pain in every attempt to urhate. After using many remedies with ut much relief, I was induced to try a lettle of your medicine. In the course of three days it proved effectual, disloging large pieces of stone, some of which was as large as a marrowist pea. I continued the cordial according to directions, and the patient continued to gain, and is fast recovering. I think a medicine of so much value in so distressing a complaint, should be known to the public, and the world at large. And I for one, must give it my apprebation and signature.
