THE LARGEST AND CHEAPEST NEWSPAPER IN CUMBERLAND COUNTY

Terms—Two Dollars a year, or One Dollar and Fifty Cents, if paid punctually in Advance. \$1 75 if paid in the year.

THE WHIG TICKET.

The Whig and American parties hold opinions so much in common, that for one we sincerely desired to see them united in the support of the same ticket at the ensuing general election.

The proceedings of the Nominating Convention which met on Monday will be found in another column and speak for themselves. The merits of the ticket will be at once acknowledged.

The remainder of the ticket as we remarked, will compare most favorably with either of the other tickets which have been nominated.

The whigs generally sincerely desire that all the opponents of the Administration of Franklin Pierce should act in concert.

THE POPULAR RESPONSE!

We are glad to be able to say that the Whig nominations are greeted with the warmest popular approbation. The ticket is admitted to be of that high character which the best men of our party have for years desired.

FALSE REPORT.

We understand the report is industriously circulated that the candidates on the Whig ticket are not expected to stand. The report has no foundation in fact.

JUST SO HERE.

The Harrisburg Telegraph makes a warm appeal to the old-line Whigs of Dauphin county to refrain from making any distinctive Whig County nominations.

If the Americans of both Dauphin and Cumberland had only opened their eyes to this fact at the proper time it would have been infinitely better for the political prosperity of both the Whig and American parties.

THE NORTHERN AMERICAN CONVENTION.—The representatives of the twelve States which seceded from the National Convention, at its session in Philadelphia, have published an address announcing that they have decided to co-operate with Pennsylvania as proposed by the action of her State Council at Reading.

SECESSION OF VIRGINIA AMERICANS.—The Grand Council of the State of Virginia has disapproved of the call of a National Convention on the 22 of February, and recommended the 4th of July next.

The Whig State Convention will meet at Harrisburg, on Tuesday, the 11th of September.

THE AMERICAN TICKET.

We subjoin the American ticket as finally agreed upon on Wednesday last. There are several of our old Whig friends on it, but the democratic Americans have the full half of the ticket, and came near having more, although they do not compose more than one fourth of the Order.

Assembly—VALENTINE FREEMAN, New Cumberland, JACOB BOMBERGER, Shippensburg. Sheriff—WILLIAM RILEY, Carlisle. Treasurer—JOHN G. WILLIAMS, Carlisle.

THE RESOLUTIONS.

The resolutions passed by the Whig Convention are well drawn and we believe will meet the views of our friends. The whigs are sound upon the American question. They believe that "in native hearts and native hands the highest hopes of freedom rest."

CURIOUS ORATORY.—Capt. Tom Ford, the Republican candidate for Lieutenant Governor of Ohio, is thus reported in the Cincinnati Gazette. The occasion was a recent stump speech of his in that city:

"I have not come here for the purpose of exciting—the boys—if I had my shoes off I could speak better. I've got a new pair of shoes on and they hurt me. [Cries of 'Take 'em off, take 'em off,'] and the speaker deliberately stooped down and removed the shoes from his feet, after which he resumed."

The Capt. undoubtedly brought the South "out of its boots" in that speech he delivered in Philadelphia, which we published some time since, and we suppose when he engages in such operations there must be no clogs to impede his soaring eloquence.

AMERICANS ON KANSAS.

The President of the American order in this State, and a Committee appointed at the meeting of the State Council at Reading, have issued an address "to the people of Pennsylvania." The address is devoted principally to the great question of slavery extension, and takes the strongest anti-Nebraska grounds.

The address takes strong ground for the principle recognized by the Republican party, and in speaking of the attempt made at Philadelphia to slaveize the American party by the passage of the '12th article,' uses the following language:

"The Pierce administration has been constantly adding fuel to the flame on this subject. It has seen Kansas outraged and overrun by armed ruffians, who took possession of the polls, and returned a sham Legislature; but the Government had no word of condemnation to utter. It has seen mob law triumphant—the rifle and bowie knife substituted for the popular vote; but still it made no sign."

Would not the American party of Pennsylvania be mad to set itself against this torrent? Would it not be worse than mad to set itself against its own convictions of right and truth and duty? Thank God, no such disgrace is before us. Our State Council at Reading, true to the interests of the State, true to the instincts of freedom and of justice, trampled the Twelfth section into the dust, where it belongs.

Town and County Matters.

MURDERS IN CALIFORNIA.—We have the painful news of the murder of our former young townsman, Charles Rheem, in California, at the hands of a band of desperadoes. Mr. R. emigrated to California, when the gold fever first broke out and has resided there ever since.

The friends of Wm. R. Gould, whose death in California we announced a few weeks ago, have since received reliable information that he also was murdered by the men who pretended they had discovered him in a dying condition.—Dem.

FRANCON'S CIRCUS.—By reference to our advertising columns it will be seen that FRANCON'S AMERICAN FORESTHYM ARENA AND FRENCH CIRCUS will perform at Carlisle on Friday evening next.

THE INVENTOR. Quimby, Haskell & Co., 271, Broadway, New York. This is a valuable monthly magazine at the low price of \$1 per year, devoted to new inventions, architecture, &c.

THE NEW YORK FLOUR MARKET.—The New York correspondent of the Philadelphia Inquirer, after stating that common grades of Western flour are down to \$7, and that good extra Ohio, which at the first of last week brought \$9 a \$9 25, sold on Saturday at \$8, says:—Notwithstanding the heavy decline shippers do not appear very desirous to purchase, and only occasionally take small parcels.

ABUNDANT CROPS AT THE WEST.—A letter from Washington county, Ohio, states that along the banks of the Ohio river, at any point of which the farmers always find a ready market, wheat is selling at one dollar a bushel, and plenty to be had. Oats are held at twenty-five cents, but would have to fall before sales could be effected, and potatoes were offered at present at two bits (shillings) but, says the writer, the latter article will soon be down to eighteen cents, as the stock on hand is enormous.

Corn and all other crops are wonderful out in this Western country. Oats are down from 40 cents per bushel to 15 cents. Wheat is at \$1.—Contracts have been made for corn at 25 cents per bushel, deliverable between now and January 1st, 1856. There is one stack of corn tied to an awning post near my office, which measures seventy feet and four inches in length, and there is now at Indianapolis, seventy miles distant, a stalk measuring eighteen feet two inches. Pretty tall corn! It averages about thirteen feet in height throughout this country. Farmers are grumbling at the prospect of a very large surplus.
