dies, but, in all cases in which they are produced by drinking had water, which is almost universally, the cause of them, it operates as a sure proventive.

The distressing effect upon the Stomach, Bowles, and Bladder, of travelers, new residents, and all persons unscrussioned to them, produced by the waters of nearly and Alabama, from the large quantity of decayed vegatable matter contained in them, in a state of solution, is well known; as is also that of the waters of limestone regions. In producing Gravel, Cylichla, and stone in the Bladma. The AROMATIC SCHIEDAM SCHINAPPs is an absolute corrective of all these injurious properties of bad water, and consequently prevents the discusse which they occasion. It is also found to be a cure and preventive of Fever and Ague, a complaint caused by the conjoint effects of vegetable malaria in the atmosphere, and vegetable put rescences in the water of those districts in which it principally prevails. The Aromatic Schiedam schinapps is consequently in great demand by persons traveling on about to settle in those parts of the country especially; as well as by many in every community where it has become known, on account of its various other remedial properties.

More than three thousand physiclans, among whom are numbered the greatest names belonging to the faculty of medicine in this country, have certified, over their own signatures, to the valuable medicinal properties of such an article, as the severest tests have proved the Schiedam Aromatic Schnapps to be and have accepted it as a most desirable addition to the Macrata Merley.

Put up in quart or pint bottles, enveloped in yellow paper with my name on the bottle, cork rand seal. For safe by all respectable Druggists and Grocers.

ollowing letters from physicians:

LABORATORY.N. Y. May 2. 1823,

"MR. UDGLPH WOLFE—Dear Sis: I cannot speak too highly of the purity of your Schledam Schnapps. It is decidedly superior to anything of the kind in the market. it is perfectly free run the admixture of fusil oil, or of any of those anylic compounds which produce such a mischievous and irreparable effect upon the constitution, and which very few alcoholic distilled highers are without—most of them being largely impregnated with it. I have personly inspected the various procession distillation practiced at Schiedam, and know that unusual care is taken to separate the noxious elements from the pure alcohol, and your Schinaps is a striking proof of its success. As a medicinal agent for chronic and remainatections, I have successfully prescribed it, and recomend it as an agreeable conduct and harmless stimulant, and shall continue to do so; as well as to use it as a source of pure alcohol for chemical investigations and experiments.

Yours obedient.

Consulting Analytical Chemist."

Dr. Charles A. Leas, Commissioner of Health, Ealti-

Dr. Charles A. Leas, Commissioner of Health, Ealtimore, writes as follows in relation to the value of Schnapps as a remedy in chronic catarrhal complaints, &c. The letter is dated July 27, 1853:

"I take great pleasure in bearing highly creditable testimony to its efficacy as a remedial agent in the disease for which you recomend it. Having a natural tendency to the mucous surfaces, with a slight degree of stimulation, I regard it as one of the most important remedies in chronic catarrhal affectious, particularly those of the genito urinary apparatus. With much respect your obedient servant,

CHARLES A. LEAS, M. D.

"Mr. Udolpho Wolfe, No 22 Beaver st. N. Y.—Dear sir: Last seakon the writer received, through your agent in this city, a bottle of your Aromatic Schiedam Schnapps, and since that period has prescribed the same in certain forms of urinary complaints; also in cases of dobility in aged persons. So far, the Schnapps has been of much hence to those using it * * * in conclusion, where a diurctic and stimulant is required. I she uid use the Aromatic Schiedam Schnapps. Thanking you for your kindness, I am respectfully yours,

A. D. CHALONER, M. D., 180 S. Eighth st.

The subjoined letter from Dr. Paine, of Manchester, N. H., relates to encof the most valuable medicinal prop-erties posessed by the Aromatic Schnapps, and shows that it nots as a specific in a very paintal disease—the

"MR. WOLFE:—Permit me to address you a few lines, which you are at liberty to use it you think proper, in respect to your medicine, called Schledam Schnapps,—I have had a very obstinate case of gravel and stone, of some five years' standing, causing very acute pain in every attempt to urinate. After using many remedies without much relief, I was induced to try a bottle of your medicine. In the course of three days it proved effectual, disloging large pieces of stone, some of which was as large as a marrowlat pea. I continued the cordial according to directions, and the patient continued to gain, and is fast recovering. I think a medicine of somuch value in so distressing a complaint, should be known to the public, and the world at large. And I for one, must give it my approbation and signature. "Mn. Wolfe:--Permit me to address you a few lines. ne. must give it my approbation and signature.

From Dr. John S. Reese, Chemist, Baltimore, Md. Sept.
16, 1852:
"A number of our physicians are ordering the article, and several have already prescribedit. Personsto whom I have sold it speak very highly of its qualities. A Gentlemen of my own personal acquaintance, having suffered greatly with an affection of the kidneys and bladder took two bottles and subsequently passed astune of considerable size, and was greatly relieved. It will no doubt go into general use,"
