MARVEILOUS REMEDY, FOR A MARVELLOUS AGE!

HOLLOWAY'S OINTMENT.

By the aid of a microscope, we see millions of little openings on the surface of our bodies. Through these this Ointment, when rubbed on the skin, is carried to any organ or inward part. Diseases of the Kidneys, disorders of the Liver, affections of the heart, Indiamation of the Liurs, Asthmas, Coughs and Colds, are by its means effectually cured. Every housewife knows that sait passes freely through bone or ment of any thickness. This healing Ointment far more readily penutrates through any bone or fleshy part of the living body, curing the most dangerous inward complaints, that cannot be reached by other means.

that cannot be reached by other means.

ERYSIPELAS, SALT RHEUM AND SCORBUTIC HUMORS.

No remody has over done so much for the cure of diseases of the Skin whatever form they may assume, as the Ointment. No case of Salt Rheum, Scurvy, Sore Heads, Serofula or Erysipelas, can long withstand its influence. The inventor has travelled over many parts of the globe, visiting the principal hespitals, dispensing this Ointment, giving advice as to its application, and has thus been the means of restoring countless numbers to health.

SORE LEGS, SORE BREASTS, WOUNDS AND ULCERS Some of the most scientific surgoons now rely solely on the use of this wonderful Ointment, when having to cope with the worst cases of sores, wounds, ulcers, glandular swellings, and tumors. Professor Holloway has, by command of the Allied Governments, dispatched to the heaviles of the East, large shipmants of this ed to the hospitals of the East, large shipments of this Ointment, to be used under the directions of the Medical Staff, in the worst cases of wounds. It will cure any ulcer, glandular swelling, stiffness or contraction of the joints, even of 20 year's standing.

PILES AND FISTULAS.

These and other similar distressing complaints can be effectually cured if the Ointment be well rubbed in over the parts affected and by otherwise following the printed directions around each pot.

BOTH THE CINTMENT AND PILLS SHOULD BE USED IN THE FOLLOWING CASES:

CHIEDAM AROMATIC SHNAPS.

1 bog leave to call the attention of the citizens of Pennsylvania.—

1 bog leave to call the attention of the citizens of Pennsylvania to the above article, manufactured by my sell exclusively, at my factory in Schiedam, Holland, expressly for medical purposes.

1t is made from the best Burley that can be selected in Europe and the essence of aromatic Italian berry, of acknowledged and extraordinary medicinal preperties; and it has long since acquired a higher reputation both in Europe and America, than any other dietetic beverige,

rage,
in Gravel, Gout, and Rheumatism; In obstructions of
the Bladder and Kidneys, and debility of the urmary
functions, its effects are prompt, decided and invaribly
reliable. And it is not only a remedy for these manddies, but, in all cases in which they are produced by
drinking bad water, which is almost universally, tha

cause of them, it operates as a sure preventive.

The distressing effect upon the Stomach, Bowels, and Biadder, of travelers, new residents, and all persons unaccustomed to them, produced by the waters of nearly all of our great Inhaud rivers, like the Ohio, Mississippi and Alabama, from the large quantity of decayed vegatable matter contained in them, in state of solution, is well known; as is also that of the waters of limestone regions, in producing Güavel, Cylcul, and stone in the Blander. The AROMATIC SCHIEDAM SCHNAMPs is an absolute corrective of all these injurious properties of BLADDER. The AROMATIC SCHIEDAM SCHAAPIS is an absolute corrective of all these injurious properties of bad water, and consequently prevents the disease which they occasion. It is also found to be a cure and preventive of Fever and Ague, a complaint caused by the conjoint effects of vegetable malaria in the atmosphere, and vegetable put resconces in the water of those districts in which it principally prevails. The Aromatic Schiedam Schnappig is consequently in great demand by persons traveling, or about to settle in those parts of the country especially; as well as by many in every community—where it has become known, on account of its various other remedial properties.

cry especially, and the country, and account of its various office remedial properties.

More than three thousand physicians, among whom are mathered the greatest names belonging to the faculty of medicine in this country, have certified, over their own signatures, to the valuable medicinal properties of such an article, as the severest tests have proved the Schiedam Aromatic Schnapps to be and have accepted it as a most desirable addition to the MAYERIA MEDICA.

Put up in quart or pint bottles, enveloped in yellow paper with my name on the bottle, cork and seal. For sale by all respectable Druggists and Grocers.

ollowing letters from physicians:

"MR. Uponen Worre-Dear Sis: I cannot speak too highly of the purity of your schiedam Schnapps. It is decidedly superior to anything of the kind in the market. It is perfectly free oran the admixture of fusil oil, or of any of those arraylic compounds which produce such a mischlevous and irreparable effect upon the constitution, and which very tew alcohold dis-liked fluors are with ut-most of them being largely impregnated with it. I have personly inspected the various processor distillation practiced at schiedam, and know that unusual care is taken to separate the noxious elements from the pure alcohol and your Schnaps is a striking proof of its success. As a medicinal agont for chronic and retural elections! I have successfully prescribed it, and recomend it as an agreable cordial and haroless stimulant, and shall continue to do so; as well as to use it as a source of puro-alcohol terchemical investigations and experiments.

Dr. Charles A. Leas, Commissioner of Health, Baltimore, writes as follows in relation to the value of schnappe as a remedy in chronic catarrial complaints, Ac. The letter is dated July 27, 1853:

"I take great pleasure in bearing highly creditable testimony to its efficacy as a remedial agent in the disease for which you recomend it. Having a natural tendency to the nuceum surfaces, with a slight degree of stimulation. I regard it as one of the most important remedies in chronic catarrhal affections, particularly those of the genito urhavy apparatus. With much respect your obedient servant,

"Mr. Udolpho Wolfo, No 22 Beaver st. N. I.—Bear sir:
Last season the writer received, through your agent in
this city, a bottle of your Aromatic Schledam Schnapps,
and sluce that period has prescribed the same in certain
forms of urinary complaints; also in cases of debility in
aged persons. So the, the Schnapps has been of much
