

CARLISLE, PA.

WEDNESDAY NOVEMBER 21, 1855.

THE LARGEST AND CHEAPEST NEWSPAPER IN CARLISLE, PA.

Terms—Two Dollars a year, or One Dollar in Advance. Fifty Cents, if paid punctually in Advance. \$1.75 if paid in the year.

ORGANIZATION OF CONGRESS.

Although the Administration is in a meagre minority in the House of Representatives, the opposition may yet fail to elect a speaker if party intolerance or sectional feeling is allowed to sway the course of the Anti-Administration Representatives.

The Chambersburg Whig truly remarks upon this subject, that as the organization of the House will give a tone, character and direction to the political campaign of 1856, its importance can scarcely be over-estimated.

NEW YORK ELECTION.

The official returns of fifty-one counties (leaving only seven to be heard from) shows the following vote for the several leading candidates on the State ticket:

Table with 2 columns: Candidate and Votes. Includes Headley, American (141,369); King, Republican (123,773); Hatch, Soft (82,310); Ward, Hard (53,048).

The remaining counties it is said will increase Headley's plurality to nearly 20,000. This is truly a signal triumph for the American party.

WISCONSIN ELECTION.

The Wisconsin election result is still a matter of doubt though the probability is that the Republicans have been successful for Governor.

END OF THE WAR PANIC.

The Washington Union of Saturday puts an end to the war-panic by what may be regarded as an official announcement from the Administration.

THE ENGLISH WAR PANIC.

The foreign news by the steamer Pacific, shows that the London Times has raised quite an excitement by its gascade against this country.

DALLAS PROBABLY INELIGIBLE.—The birth of George M. Dallas seems, like that of many other great men, to be involved in some obscurity.

THE LATE ELECTIONS.—Later accounts from Louisiana go to show that the State has gone Locooco by a small majority.

NEW BOOK BY FANNY FERN.—Fanny Fern is coming out with a new novel called "Rose Clark."

PRESIDENTIAL.

In order to unite the American party North and South on the Presidential question, such combinations as Fillmore, of N. Y. for President, and Kenneth Rayner, of N. C. for Vice President, are talked of.

Col. A. K. McClure has retired from the Chambersburg Whig, which paper will be united with the Transcript, and Geo. Eyster, Esq., one of the proprietors of the latter journal will be associated with Washington Crooks, Esq., in the proprietorship and immediate editorial control of the united press.

MEETING OF CONGRESS.—The first session of the 34th Congress will commence at Washington on the 3d of December, a little less than two weeks from this.

Hon. J. J. Crittenden, of Ky., arrived in Philadelphia on Monday. In the evening his political friends assembled in large numbers at the Girard House, where he was staying.

OPEN ORDER.—The American State Council of New Hampshire, at a meeting held last week, wisely resolved; "that in the judgment of this Council all ceremonies of initiation into the American party, and all obligations, except such regulations as the Council or clubs in their respective towns shall think proper to adopt for their own government, be discontinued and removed."

ANOTHER WHIG ELECTED!—James D. Armstrong, Whig, was elected to the Senate of Virginia last week, to fill a vacancy in the Hampshire, Hardy and Morgan district.

THE FIRST RAILROAD IN IOWA.—The Mississippi and Missouri Railroad is to be opened to the city of Muscatine, Iowa, on the 20th inst. and we were honored by some unknown friend with a formal invitation to be present.

NORTHERN CENTRAL RAILROAD.—We have already stated that the letting of this road between Sunbury and Harrisburg, which was to have taken place on the 16th inst., has been postponed.

LIGHT WEIGHT.—The Philadelphia Ledger occasionally raps the retail coal dealers of that city over the knuckles, for their maintaining the ton of 2000 pounds instead of the legal United States standard ton of 2240 lbs.

THE PRESIDENT.—The Cincinnati Gazette, in an article upon the subject of "the Presidency," replying to the National Era, remarks, that "without the aid of the American party, Ohio could not have been, and cannot be, carried against the Democratic party."

Another snow storm this morning.

Town and County Matters.

THANKSGIVING SERVICES.—We are requested to state that by arrangement among the several Pastors of churches, the First and Second Presbyterian Churches, and the German Reformed Church, will be open for Divine Service on Thursday thanksgiving-day, at 11 o'clock, A. M., when appropriate discourses will be delivered.

We are requested to state that the Carlisle Deposit Bank will not be open for business on Thanksgiving-day.

FIRST LECTURE.—Our community will be glad to learn that the Union Frie Company's Course of Lectures is to be resumed this winter. The first will be delivered by Rev. John McClintock, on Thanksgiving Evening.

NOVEMBER COURT.—But few cases were tried in the Court of Quarter Sessions last week, and those of no great interest or importance, though they afforded sufficient illustration of depraved human nature.

The first case unfolded a theft somewhat after the "chloroform game," by which Mr. Harlan of the upper part of the county was relieved of a gold watch and a small amount of money. Mr. Harlan was in town in October last, and while in one of our public houses was speaking of the suffering he was then enduring from the kick of a horse sometime before.

Two cases on the civil list were tried. The first that of Wm. H. Irvine and wife vs. Catharine Sibbet, an action of ejectment for a tract of land in Southampton township.

THANKSGIVING DAY.—The custom of appropriating one day in the year to evincing our gratitude to God for his manifold goodness and mercy, has always seemed to us to be a peculiarly beautiful one, and eminently adapted to touch the heart of every one whose heart is at all susceptible of gratitude.

Another snow storm this morning.

every side, and thanksgiving and praise to the "giver of all good" should fill our hearts. The day has heretofore been observed with great propriety in our community, and the same spirit we cannot doubt will mark its observance this year.

RETURN OF THE DRAGOONS.—We are glad to learn, as we do from the most reliable source, that the War Department has concluded to remove the U. S. Cavalry Depot back to Carlisle Barracks.

COSMOPOLITAN ART ASSOCIATION.—We invite the attention of our readers to the advertisement of this association, which we publish in our advertising columns.

A MILD WINTER.—We hope, for the sake of the poor, that the prognostics may be true. The Indians regard the thin husk on corn as an indication of a mild winter.

An Exchange paper hopes that when Toombs, of Georgia, goes up to Boston this winter to deliver his lecture on Slavery, that he will take a little pains to ascertain the precise time when he can call the roll of his slaves under the shadow of Bunker Hill Monument, as he boasted some time ago, he would yet do!

THE 'AMERICAN ORDER' IN SOUTH CAROLINA.—A telegraphic dispatch from Charleston says: "The Grand Council of the American party in this State has recommended that the subordinate lodges disband and absolve the members from their obligations."

[Letter from Hon. J. Minor Botts, of Virginia.] Richmond, July 20th, 1855.—Messrs. Wm. S. BEERS & Co., Gentl.—Considerations of duty to the afflicted alone prompt me to send you this voluntary testimonial to the great value of CARLISLE'S VEGETABLE BITTERS for that almost incurable disease, SCROFULA.

Without being disposed or deeming it necessary to go into the particulars of the case, I can say that the astonishing results that have been produced by the use of that medicine on a member of my own family, and under my own observation and superintendence, after the skill of the best physicians had been exhausted and all the usual remedies had failed, fully justify me in recommending its use to all who may be suffering from that dreadful malady.

Dr. Isaac Thompson's much celebrated EYE WATER. "Its merits stand unshaken." This eye-water, tried and invaluable remedy for all diseases of the eye, after having stood the test of over fifty years, and the demand for it is still increasing, is now, and has been for the past two years, offered for sale in an entire new dress.

The proprietor has been compelled to make the change in the style of the wrapper owing to the large quantity of counterfeit which for the past few years has been palmed upon the community, and especially at the west.

WM. H. CARYL, IMPORTER AND JOBBER, AND WHOLESALE DEALER IN CURTAIN MATERIALS, FURNITURE COVERINGS, &c., &c., &c. WITH EVERY DESCRIPTION OF TRIMMINGS TO MATCH. NEW MASONIC TEMPLE, CHESTNUT STREET, ABOVE SEVENTH.

CHARCOAL.—Charcoal constantly on hand and for sale by W. D. MURRAY, Agt. Nov. 21, '55.
