THE CASH SYSTEM ADOPTED.

On and after the 1st of January next, the Pennsylvania Telegraph will be owned and conducted by the undersized, who will give their best energies to make it worthy of its friends and its cause. The weekly will signalize its entrance on the new year by appearing in entrance in the new year by appearing in entrance of the new year by appearing in entrance of the new year by appearing in entrance of the new year by appearing in the sessions of the Legislature on a single sheet of twenty-four col. mins, and WEEKLY during the remainder of the year on a double sileer or quarto form of forty-eight columns; and the new proprietors will spare no pains or expense to make it a first class Political and Family new spaper. The very best talent that can be commanded will be employed at every point where information of general letterest is presented.

The Telegraph will advocate a liberal political policy, and aim to unite all those who, though animated by the same common purposes and looking to the same beneficient results, seem distracted by the conflict of distinctive organizations. It will sustain the highest standard of American Nationality, and, while yielding a sacred obedie ace to the compromises of the Counstitution, will determinedly resist the extension of Human Slavery. It will give a cordial, earnest but independent support to the administration of Gov. Pollock,

The Telegraph will coutain a comprehensive summarry of the proceeding of the Legislature; and all important general laws passed will be published in full in its columns.

tant general laws passed will be published in full in its columns.

The Telegraph will be conducted STRICTLY ON THE CASH SYSTEM. In no other way can a first class journal be conducted successfully in Harrisburg, without charging enormous subscription rates and making cash patrons pay heavily to make up for dubious credits. The Telegraph will be furnished much cheaper than any other paper ever printed at the Capital of the State, and it can be sustained only by advance payments.

The proprietors will bring abundant capital to the enterprise to establish it on a firm and, they trust, an enduring lassis; and they condently appeal to an intelligent public to give success to their efforts. By a little effort blubs can be formed in every district of the State, and subscriptions should be forwarded before the 1st of January, as but a limited number beyond that actually demanded will be printed.
