ACOB NOFFSINGER.

To farmers.

THE ATKIN'S SELF-RAKING 

the Factory.
CHRISTIAN STOUFFER, Agent at Chambersburg;
H. I., BURKHOLDER, Travelling Agent at Carlisle;
Henry, Herr, Agent at Harrisburg, and James Patton,
General Agent at the Factory, at Harrisburg, for Pennsylvania. Order through the above agents.

What better evidence of true worth could be given than such unparalleled increase—I in 1852—3000 in 1850! And though so little km wn, and all the odium to come of numerous failures of other Self-rakers, yet not two-thirds of the customers could be supplied last year. More will be disappointed the next; for, if farm ers can gut a reliable Self-raker, they are detecuded to have it; and this is now thoroughly established in the confidence of the farming public. It has a raker always on hand and doing the work, particularly in a heavy or lodged crop, better than a man. Saving at least another hand in binding; is even a greater train Saver than Labor Saver, and is also a first-rate Mower. If you intend getting rid of your old fashioned back-breaker, and to get a Raker with Bone and Muscle of Iron and Wood; you must be moving, for 3000 hext. Harvest will by no means supply the demind, as the 1200 which were so insufficient the past season.

Strong, Reliable, Good Materials, and Well Built—A Reaper that constantly gets out of order is a nuisance and dear at any price. Breakages with this have been inconsiderable, notwithstanding the increase of genting by the laker, owing to the care used in good materials and putting them together thoroughly. Mans have out from 100 to 300 acres and over with one without detention, or any expense for repairs. The invest is a hurrying season; you want a machine that can be relied upon, and this is the one, as experience hows. What better evidence of true worth could be given

in friest is a hurryling season; you want a machine that can be relied upon, and this is the one, as experience hows.

In ease of Management, this is not surpassed. Pow purchasers the past year, and not one Agant in ten had had any experience with it; and generally machines were shipped so late as only to be received just at harvest, or after it was begin. Hence there was no time to experiment and learn about it, which is conerally so necessary with new machines. This will be obviated the caming season, with those who are wise in ordering earlier than last spring. Some, too, fell into improper hands, as orders were filled indiscriminately, till the supply failed. In several instances, machines were returned, and sold again to proper parties, and they gave excellent satisfaction. Yet under all these disadvantages, not two per cent, cave any serious trouble; and we will guaranty much less next season.

A First Rate Moiter—Knife Never Chokes.—From the first introduction of this machine, farmers have, said that to give it the lead far ahead of all others, we had only to make it as good in grass as in grain. We succeeded protty well with the grass last season; but the motion of the knife was hardly fast enough to cut prairie grass, and some other kinds. A faster goar was made and supplied to a part of the pirchasers, which gave excellent satisfaction, and this will be used on all this season. With this motion, and thurry's patent for puting on the back sickle edge, by which choking is obviated; and to guard against contention, and insureour customers against molestation, we have bought the right to use threa and Forbush's patents on the knife as we build it. The change from Reiper to Mower is vory simple and made in a few minutes; and a wheel is attached to the outer end of the mowing bar, to regulate the height of cutting, to facilitate backing, and move from field to field.

Points to Consider in fluying a Reaper.—Every farmer, by himself or with a neighbor, should have a Reaper. It you have home, or oven if you h

2d-Strong and reliable, not getting sick when need-

ed.

3d Essily Managed, that you, your hoys and hands
can work without difficulty.

4th—Not hard upon the Team, neither of heavy draught, galling their necks by heavy weight upon the pole, nor thumping their shoulders at every obstruction there should be no side draff, and working well in all thats

kinds.

3. 19. Upon the first flye points no Reaper excels At 18 19. Upon the first flye points no Reaper excels At 18 19. So I lister, and few equal it, not with standing the addition of the baker.

5 th—Saying at least another hand in Binding, by hering the gravels well laid.

5 th—Saying at least another hand in Binding, by hering the gravels well laid.

5 th—Saying at the gravels and Raking, not shattering by the reel, and by the Raker jurking it off the platform.

oy the real, and by the maner joining it on the flat-form.

9th—Saving: Wastage after. Binding, the grain being laid so evenly and straight as to be bound securely, proventing scattering in the after handling, and pro-tecting the heads well when stacked.

9. Upon the Sixth, Eighth and Ninth points, we unhesitatingly claim superiority over all other Rea-pers ever invented. The saving or wasting grain in increasing with machines; is a point not properly ap-preciated. Even between those considered good and the Atkin's there is a difference, at present prices, of zeten to twenty dollars per day, and over.

and small cost.

167-5000 old fashloned back-breaking Reapers can be used for mawing, but no other Solf Raker; and no convertible machine claiming to be a good Reaper is supervertige machine cannot go so so seek o char topours in grass.

"Itth—Knife uever chokes. By Murray's back sickle odge, for which we own the oxelusive patent, the great trouble in Mowing Machines—the choking—is effectually obviated.

unity obviated.

Carlisle, Pa., Sept. 5, 1855.

J. S. Wright, Esq.—Dear Sir—Having purchased in July, last Atkin's Self Raking Reaper and Mover from your agent, H. L. Burkholder, Esq., I take pleasure in recommending it as the most economical Resper for the farmer to buy. I am sure I never before cut and put up the same amount of grain with so little expense, so httle help, and so well. I believe I have saved the one third of the price of the Reaper this year.—Not only that, but it runs light on the horses. The Raker saves a good man. The even and regular depository of the gravels will save one man in four in binding. We have had from twenty to thirty farmers looking at it when going, many of whom had other Reapers but not the Raker, and the most of them said it was the best, and it performed well. I know of no machine equal to it. The Mower, after we had it started, cut o's acres from 6 o e'eck to 10 o'clock. It was timethy. If these lines can be of any avail to you, you may use them as you think best.

Yours Respectfully.

Carliste, Oct. 9, 1855.

To J. S. Whioht, Esq.—Dear Sir—In July last. I purchased of your agont in Carlisle, Henry L. Burkholder, one of Atkin's Self-raking Reaning Machines, and can safely recommend it as the most complete economical bears of the kind yet introduced into this part of the country; although my farm is hilly, it performed its work to my entire satisfaction, and to the admiration of a great number of farmers who were present on the occasion. of its trial. Hesides making the cleanest work of any Reaper I have ore seen jit requires but hiff the power to move it that Reapers do generally. Two horses or mules can draw it with case, though I used four on account of the land being somewhat rough and uneven.

To J. S. Whioht, Esq.—Dear Sir—In July last. I purchased of your agont in Carlisle, Henry L. Burkholder, and Santa Shawis from \$15 to \$20. French in great variety, long Brochas shawis from \$15 to \$20. French in Silk shirts and Draws. Dress Triumings in great variety with other Sancy and Staple Goods.

N. W. WOODS.—The subscriber has just returned, from the city and is opening a general assortment of Yancy and Staple Goods, consisting of French Merinees, Coburgs, Alpaceas, Printed Cashmeres and Mous de Laines. Dress Silks in great variety long Brochas shawis from \$15 to \$20. French in Silk Shirts and Draws. Dress Triumings in great variety with other Sancy and Staple Goods.

YEW GOODS.—The Subscriber has just returned, from the city and is opening

OREINEL, Oct. 8th, 1855.

MR. HENRY L. BURRHOLDER—Dear Sir—I take great pleasure in bearing testimony to the invaluable character of "Atkin's Solfraking Resperand Mower," I had both in use on my farm and such performed its work to my entire satisfaction; and to the atinization of muniformers who witnessed them in operation. I recommend this machine, as one of the most important inventions for the farmer, and a great economical—labor-saving machine.

You, as the agent for Mr. J. S. Wright, have done a lasting benefit to our farming community by the introduction of the Reaper into this county. Very respectfully, W. M. HENDERSON,

Oakland, Cumberland county, Pa.

York Sulphur Springs, Pa., Oct 1, 1955. I.

J. S. Wright Dear Sir—The Automaton Self-faking Reaper I bought of you did its work well, cutting and raking better than I have ever had grain lifted from a hand-rake, and taking off the heaviest and-most weight to builds. It is of easy draught and well built, and I think it will give perfect satisfaction to every farmer that wants one. I would not have any other.

W. F. BONNER,

ITARRESURG, Pa., Sept. 30, 1855.

J. S. WRIGHT—Dear Sir—The Respect that I bought of your agent, Albert Jaques, I tried on my farm in the prefere of some fifty of the best furners; in Dauphin county, and it gave perfect satisfaction to them all—I cut my harvest with the Reaper, and It Louid integet another I would not take one thousan dollars for it. If this, is of any use to you you may use it as you choose.

TRENTON, N. J., Oct. 17, 1855:

J. S. WRIGHT—Dear Sh—The Reaper that you sent me I was highly delighted with; it done its work to my entire satisfaction in grain and grass, and I consider it the best Reaper in use; and I recommend it to the farmers of New Jersey.

ELIJAH MOUNT.

Marieta, Pa., Oct. 18, 1855.

J. S. Wrioht.—Dear Sir—In regard to Atkin's Solf-raking Reaper and Mower I bought of your agents. P. Morris & Co., of Philadelphia, and I must say, it done its work with entire satisfaction in grass and grain, and would recommend it to the farmers of Pennsylvania.

JOHN MUSSER.—

TRENTON, N. J., Oct. 1,1855.

J. S. WRIGHT—Dear Fir—Your agont, H. G. Bennet, called on us this summer, to see if we would accept the agency of the Atkin's Self-taking Heaper. We had made up our minds not to accept the agency of any Repper or Mower, until we could get one that we could have confidence in to recommend to our customers, as we are manufacturing agricultural implements at Trenton. Now, Sir, we would be glad to accept the agency of Atkin's Reaper here, as we have implicit confidence to recommend it to the Farmers of New Jersey and Pennsylvania.

Carlisle, April 16, 1866.

chains from 30-to \$125. Home made traces of all kinds, also a lot of spread, fifth, breast, butt, carrying halter and log chains—also a very large lot of shovels, forks, spades, hoes, rakes, and in short everything and anything wanted by the Farmer—Remember the old stand hast Main St. Carlisle.

REAT EXCITEMENT

JOHN MARSH, MASONIO TEMPLE, OHESNUT STAabove Seventh, Philidelphia, respectfully informs the
public that he is prepared to make the following SPLENDID OFFER:

TWENTY Hoardman, dray & Co.'s celebrated PIANOS,
and TWENTY & W. Fisk & Co.'s PREMIUM MELODEONS will be placed in the hands of a committee, of
gentlemen, to be by them distributed among the holders

of my cortificates.

To each purchaser of my Popular Music, a certificate
will be presented, entilling the holder to an interest in
ONE PIANO and ONE MELODEON, to be disposed of by
the Committee for the benefit of those holding certificates when ONE THOUSAND DOLLARS' worth of Music
shall have been sold, so that each person investing One
Dollar will not only receive in; and the value of money
paid out, but will inver secured to him an interest, incommon with other certificate holders, in the above distribution. The succeeding distributions will be continued, subject to the same regulation, until the 20
Plianos and 20 Melodeons are distributed.

Particular attention is invited to that feature of this
plan which calls for adisposal of the instruments when
but 1000 certificates have been issued, thus avoiding the
vexatious delay and probable disappointment attendling certain schemes now before the public.

Music may be selected from my entire stock, which
comprises every Catalogue in the United States.

Orders forwarded by mail will be faithfully and
promptly attended to.
N.B.—Constantly on hand a splendid assorpment of
Phanos, from the celebrated manufactories of Boardman,
Gray & Co., of Abbany, anceb Chickering & A. W. Ladd& Co., of Boston; liy & Manger, and Bennett & Co., of

Coal- Naids.

LAMILY COAL -500 TONS LY AMILLY COAL, Broken and rescreened, propared expressly for family use and kept unper cover, so that I can furnish it DRY and TOLKAN during the winter season. I have also on hand and for sale the LUKE FIBLER COAL from the mines of Boyd, Rosser & Co., and SHAMOKIN COAL from the mines of Cocharan, Peal & Co., all of which I will sell it small profits for cash, and deliver to any part of the borought may, 14, 55.

W. B. MURRAY, Ag't.

PREVORTON COAL

The Trevorton Coal Company are now propared to furnish the citizens of Carlisle, and vicinity with an abundant supplyof the Genuine Trevorton Coal through their dealers W.M. B. MURICAY and JACOB SHIROM, where consumers can procure the various sizes viz: Lump, Steam Boat, Broken, Egg, Stote and Lime Burners. We can recomend it to all as superior to any other coal for steam, domestic purposes, and lime burning. For the information of the citizens of Carlisis we would inform them, this is that superior coal, a sample of which was sent by E. Helfaustine, Egg'r, of Trevorton, about the winter of 1852 and gave so much satisfaction.

Trevorton Coal Company Port Trevorton, Union county, Pa. Aug. 22, 1855.

DEST FAMILY COALS!

The S.E. B. AMILLY COALS!

AT THE NEW COAL XARD.

The subscriber would respectfully inform the citizens of Carlisle and vicinity that he is now prepared to furnish the GENUINE THEVORTON COAL, of various sizes, a sample of which was furnished to a number of citizens, three years since by Mr. R. Hellenstein, and which gave such perfect satisfaction:

Also best qualities of Lykens Valley and Shamokin Coal.

Also BLACKSMITH'S and LIMEBURNER'S COAL of the different kinds, constantly on hand, at the new Coal-Yard near the gas works. Sept. 5'55 JACOB SHROM.

OTTOE TO CONSUMERS. OTICE TO COAL!! COAL!!

The subscriber would respectfully inform his frignds and the public, that he is now receiving 1000 tons of that very superior RED ASH COAL, from the Luke Fidler, mines of Boyd, Rosser & Co., the only Red Ash Coal brought from the Shamokin Basin, introduced and known in Carliste as the Holienstine Coal. It is ontirely free from slate and all other impurities, and is perfectly adopted to all mechanical and domestly purposes; Its readiness to ignite, renders it particularly desirable for small stoves, while its intensity of host and given durability in burning makes it equally so for large ones. He sman stoves, while its intensity in light and grand direction billity in hurring makes it equally so for large ones. He would also call the attention of farmers and others to a superior article of CHESNUT COAL, from the same mines, for steam and line purposes.
