UNION STATE TICKET.

CANAL COMMISSIONER, THOMAS E. COCHRAN, of York Co. AUDITOR GENERAL, DARWIN PHELPS, of Armstrong Co. SURVEYOR GENERAL, BARTHOLOMEW LAPORTE, Bradford. PIERCE'S LAST BID.

The recognition of the Walker government in Nicaragua—which it was understood was stoutly opposed by Mr. Marcy, Secretary of State, and other members of the Cabinet—has at last been formally made by President Pierce and may be considered his last bid for the Presidential nomination at Cincinnati. Parker H. French, the former Minister, it will be remembered was driven away from Washington with contempt, but the new Minister, who is announced as Padre Vijil, a native Catholic Priest from Nicaragua, is now received with all the honors. The N. Y. Herald says of this recognition, that "it is nothing more than a sop for Buncombe. International duty, international courtesy, government policy, had nothing to do with it. It was purely the trick of a desperate player for the Cincinnati Convention. But it has come too late. The Walker government was as firmly established when Col French reported himself to Marcy, as it is now, if not a little more so. Nothing whatever has transpired, within or without of Nicaragua, since the repeated refusals of Mr. Marcy to recognize the Walker government in the person of French, to give a stronger coloring of validity or solidity to Walker's establishment than it possessed when French was driven from Washington. Presidents and premiers, however, like many other men, are wiser to-day than they were yesterday. They live and learn. The late speeches of Senators Douglas and Weller appear to have opened the eyes of Mr. Pierce to a great flaw in his arrangements for Cincinnati. Altogether, the urgent necessities of Mr. Pierce in reference to the Cincinnati Convention are pushing him into complications in this Central American business which otherwise he would not have the hardihood to confront. But the Cincinnati nomination is worth the risk of unsettling our commercial and financial relations with England and France, especially when, after the Cincinnati Convention, the administration will be perfectly free to back out. Perhaps this consideration may have quieted the fears of Marcy in consenting to the warlike programme for the 30th of June. Who knows?"

WASHINGTON MATTERS.—What shall be done with the British Minister, is now the exciting question at Washington. His own government, it is said, has resolved not to recall him and our government will therefore be obliged to offer him his passports. The British government will then probably retaliate by offering Mr. Dallas his passports and diplomatic intercourse be suspended for a time.

The various Foreign Legations at Washington it is said have resolved not to recognize Padre Vigil, the Nicaraguan Minister, either socially or officially. The Minister from the Netherlands is much censured for refusing to testify in the Herbert homicide case. He is said to be willing to give a simple statement of facts witnessed by him, if that will satisfy both parties.

ANOTHER SPLIT.

The American State Council which met in Harrisburg, on Tuesday of last week, failed to agree on the Presidential nominations. Resolutions were introduced by Gen. Small, of Philadelphia, ratifying the nomination of Fillmore and Donelson, and denouncing the National Administration for the repeal of the Missouri Compromise. These resolutions were warmly urged by the Philadelphia delegation. Counter resolutions were offered by Ex-Gov. Johnston, approving of the action of the delegates who retired from the Philadelphia Convention, and calling a new Convention to meet in New York on the 12th of June to nominate a candidate for the Presidency. Gov. Johnston's resolutions were supported by the Western delegates. Other delegates were in favor of postponing all action on the Presidential question to a later period. After a warm debate Gen. Small's resolutions were adopted and the others rejected by a vote of 33 to 22. Gov. Johnston and those who agreed with him then retired from the Council. They subsequently met and drew up a protest against the action of the Council and united in a call to send delegates to the New York Convention. The nominations of Cochran, Phelps and Laporte for State offices by the Union Convention were ratified by the Council. Forty-six counties had no representation in the Council.

THE KANSAS TROUBLES.

The latest intelligence from Kansas shows that the troubles are rather on the increase than otherwise in that territory. The U. S. Marshal has issued a proclamation stating that he had been resisted by a mob, while endeavoring to make arrests, and calling upon the people of the territory to aid in executing the laws. Under this proclamation hundreds of newly arrived Southern emigrants have been enrolled as a force to aid the Marshal, and, according to the accounts of correspondents, were marching to the scene of action. Some of them calculated upon surprising Lawrence, but, it was said there were 1500 men at Lawrence, armed with Sharpe's rifles, with a strongly fortified breastwork and two pieces of artillery, who declare that they will resist all attempts at their arrest.

The Lecompton Union, a Kansas proslavery paper, states that Reeder, Robinson and other Free State men, have been indicted in the U. S. Court, for treason. Robinson had been arrested and Reeder is said to have fled the country. The administration seems to be exerting all its power to "crush out" the Free State movement.

PRESIDENTIAL CONVENTIONS.

Three or four more Conventions are to be held soon, to place some more candidates in the field for the Presidency. The present prospects are that there will be at least four or five candidates running for the Presidency; and as a consequence, some one who is not the choice of the majority of the people will probably be elected to the high office of President. The Loco Convention will meet at Cincinnati, on the second of June. The American Convention, composed of those of the party dissatisfied with the Philadelphia Convention, will meet in New York, on the 12th of June. The Republican Convention, called as a "People's Convention," will meet in Philadelphia on the 17th of June.

JUDGE McLEAN'S OPINION.—In a brief letter to Gen. Cass, in the National Intelligencer, Judge McLean, of the U. S. Supreme Court takes the ground that Congress has the power to prohibit but not to establish Slavery in a territory. This is the true doctrine, always held and enforced by Jefferson, Madison and the early statesmen of the country.

CHAMBERSBURG.—The citizens of Chambersburg have subscribed \$20,000 for the erection of Gas Works in that borough.

Town and County Matters.

DICKINSON COLLEGE.—The annual catalogue of this ancient and popular institution of learning shows the number of Students in the several classes as follows:

Table with 2 columns: Class and Number of Students. Seniors: 17, Juniors: 21, Sophomores: 46, Freshmen: 36, Partial course: 10, Grammar School: 56, Total: 185.

The number of Students is somewhat less than that of last year although considerably higher than the average of preceding years. The falling off may be fairly attributed to the high prices which have prevailed during the last two years, the effect of which has been to curtail the patronage of educational institutions generally. Notwithstanding this the situation of the college may be regarded as prosperous and flourishing. With a Faculty composed of gentlemen of a high order of ability, zealous in their efforts to promote the intellectual and moral welfare of those placed under their care, with extensive libraries, museums, philosophical apparatus and all other facilities for natural and scientific illustration, Dickinson College certainly possesses the means of imparting a sound and liberal education to an extent not surpassed by any other institution in the country. The course of study is adapted to the most thorough mental development and training. The discipline of the college is mild but firm and calculated to give elevation and steadiness of character to the student. The several libraries of the college and the societies, all of which are accessible to the students, now comprise an aggregate of 29,396 volumes and are annually increasing. The means of education are now as rendered more available to students of moderate circumstances through the cheap scholarships, which are still for sale at the rate of \$25 for 4 years; \$50 for 10 years; \$100 for 25 years. Tuition is \$33 per year. Opportunity is therefore afforded to secure for \$25 what has hitherto cost \$132; for 50 what cost \$30; and for \$100 what cost \$225. The advantages of these scholarships, which may ere long be difficult to procure except at advanced rates, will be sufficiently obvious to parents. Some of the most distinguished statesmen and jurists of our country are graduates of Dickinson College, and long may the venerable institution continue to prosper.

NEW HAT STORE.—The large and elegant new store room in Irvin's building, on the north east corner of the public square has been taken by Mr. J. B. Keller, who has just opened a beautiful and extensive assortment of Spring and Summer Hats of the most fashionable and tasteful styles, together with a splendid stock of Boots and Shoes of all qualities and prices. In the line of hats and shoes he has an assortment which cannot be surpassed in the borough either for elegance or cheapness. The new store is well worthy of a visit.

ETHIOPEAN CONCERTS.—Sharpley's Minstrels will give their third concert this evening in Marion Hall. This band is composed of excellent singers and their delineations of Negro character are amusing and laughable. They have drawn crowded houses for the last two evenings.

The advertisement of Messrs. LANDETH & Son is well worthy the attention of our agricultural readers. At their establishment in Philadelphia, our Farmers and Gardeners can supply themselves with all things useful in the shape of Implements or Seeds, of the very best quality, and on the most reasonable terms.

THE JUNE MAGAZINES.—Harper's Graham's, Godey's, Putnam's and Ballou's Magazines for June, have just been received at Mr. Piper's Book and Periodical Store on Main street.

PRESBYTERIAN GENERAL ASSEMBLIES.—New School.—The Sixty-second Annual Meeting of the New School Presbyterian General Assembly was commenced in New York on Thursday. The Rev. Dr. William C. Wisner, of Lockport, N. Y., preached the Annual Sermon. Dr. L. P. Hikos, of the Synod of Albany, N. Y., was then elected Moderator. After the transaction of some customary formal business, the session closed. Old School.—The Old School General Assembly met in New York on the same day. Rev. Dr. Rice, Moderator of the last Assembly preached the annual sermon. Rev. Dr. McFarland, of Virginia, was elected Moderator, and Dr. Campbell, of Albany, Clerk. The Assembly then adjourned.

SUDDEN DEATH.—Judge Samuel C. Bonham of York, Pa., who participated in the reception of the Hon James Buchanan in that borough, on Monday last, was taken ill with spasms, on the same evening, and died on Wednesday following. He served as an Associate Judge for ten years, and died at the age of 65.

STILL LATER FROM EUROPE.

The steamship Asia, from Liverpool, reached her dock at New York on Friday. Her mails contain some items of interest. After the official proceedings of the Peace Congress had been concluded, a free expression of opinion took place on the part of the Plenipotentiaries, and quite an exciting discussion arose upon the demand of Count Cavour for a secular government for Italy. The Count's demand had caused a panic at Rome. The proposal of Great Britain to capitalize the Sound Dues did not prove acceptable to Denmark. The insurgents of Syria had been defeated. Trouble between the natives and the English had occurred at the Cape of Good Hope.

LATER FROM CALIFORNIA.

The steamer George Law arrived at New York on Friday morning, with California dates to the 21st ult., and dates from Aspinwall to the 7th inst. She brings \$1,670,000 in gold. The citizens of Panama had formed a guard for the protection of property, and the government had taken steps to prevent further violence. A spicy correspondence had taken place between the commander of the sloop-of-war St. Mary's and the Governor of Panama. By a terrible accident on the Panama railroad thirty persons were killed and over fifty wounded. The Indians continue active hostilities in Oregon and Washington Territories, and seem to be preparing for depredations in Northern California. A party of regular troops had been defeated on Rogue river, but in other conflicts the whites had been successful. Heavy rains in California had given mining operations a new start.

APPOINTMENTS.—Gov. Pollock has appointed Warren J. Woodward, of Wilkesbarre, President Judge of the new judicial district composed of the counties of Columbia, Wyoming and Sullivan; Robert Parke, an Associate Judge for Chester county; John W. Bohn, an Associate Judge for Fulton county; James Covert, Coroner of Northumberland co.; James P. Brown, Sealer of Weights and Measures for Westmoreland county; Benjamin Moran, of London, England, Commissioner of Deeds for the United Kingdom, under the act of the last Legislature; and Dr. John Curwen, of Dauphin, Dr. R. R. Reed, of Washington, and Hon. S. A. Purviance, of Butler, Managers of the Western Pennsylvania Hospital.

A NEW IDEA IN TRADE.—The Pottstown Ledger, of a recent date, publishes the following as having actually occurred in that place. It is decidedly rich, and opens up new ideas in trade: "A farmer living a short distance from this Borough, purchased of one of our store keepers a bill of goods, some five years ago. Payment being delayed year after year, suit was entered for the amount, in all, between five and six dollars. Judgment was given against the debtor, who, however, appealed, on the ground of having a bill against the store-keeper, as an offset. A meeting was held before a Justice of the Peace, last week, when the debtor brought in a bill of \$9.50 for coming to Pottstown to purchase the goods! Of course the bill was not allowed."

LICENSES IN LANCASTER COUNTY.—The Court of Common Pleas of Lancaster county, announced their decision on the applications for Tavern Licenses last Saturday. Thirty-three were granted in the city of Lancaster, nine in Columbia, and one hundred and thirty-nine in the rest of the county—in all 181. Ninety-nine applications were rejected, viz: 14 in the city, 9 in Columbia, and 76 in the county; and one was held over until June. The Court appointed the fourth Monday of June, for the hearing of applications for Eating Houses. It is expected that a number of the rejected applicants for tavern licenses, will then apply for Eating House licenses.

NORTHERN CENTRAL RAIL ROAD.—We have learned that this road, which is an important one to the interests of Pennsylvania, is being rapidly completed, and it is thought that the track can be laid from Harrisburg to Sunbury early in the coming fall. Some of the contractors labor under great disadvantages for the want of a sufficient number of hands to carry on their contracts. We cannot understand why this is so, as the wages they offer are good—one dollar and twenty-five cents per day. The Harrisburg Union says that laboring men would find steady employment in that neighborhood at these prices.

WASHINGTON, May 19.—The Kansas Congressional Commission forwarded by Gov. Robinson a large quantity of testimony taken by them, enclosing it in a sealed package addressed to the Speaker of the House. On Gov. Robinson's detention at Lexington, Mo., his wife, at his request, continued her journey. At Columbus, Ohio, she handed the package to the Hon. C. K. Watson, one of the Committee on Elections, who to-day delivered it to the Speaker, privately. The Commissioners request that it may remain with the seal unbroken until their return. This is the testimony which it is said the Missourians threatened to destroy.

Holloway's Ointment and Pills, a wonderful Cure of Ulcers in the Leg.—Frederick Hilt, of Houston Texas, was afflicted for eight years with seven ulcers in the leg, like the keys of a flute, which discharged continuously and rendered his life one of the greatest wretchedness and misery. Many remedies were tried in vain, he became worse, at last he had recourse to Holloway's Ointment and Pills, and by persevering with these remedies, in accordance with the printed directions for nine weeks, he was radically cured, and is now able to walk better than ever he was in his life.

ANOTHER SPLIT IN THE NEW YORK DEMOCRACY.

A split has occurred in the Soft Shell wing of the Democratic party in New York. The Syracuse Convention having adopted strong pro-slavery resolutions, a minority of the delegates, some of whom have been prominent members of the Soft Shell party declare that these resolutions do not express the sentiments of the Democracy, and they have issued an address, in which they repudiate Pierce, and take strong ground in favor of freedom in the territories. It is supposed they will unite with the Republican Party. This bolt is believed to favor the admission of the Hard Shell delegates to the Cincinnati Convention.

GREAT CURE OF PILES. HUNTSVILLE, N. C., Nov. 1 1853.—Dr. C. M. Jackson—Dear Sir—Allow me to express to you my sincere thanks for your discovery of a medicine, which, to say the least of it has effected a cure that all other medicines that I have taken have entirely failed to do. "Hochland's German Bitters," have cured me of the most stubborn and aggravated case of PILES that, perhaps, ever fell to the lot of man. My case is not a stranger to this community, as I am well known in this and the surrounding counties, and can truly say that my recovery has astounded all my friends and relations, as I had tried everything recommended, and nothing did me any good until I was prevailed upon to try the Bitters. You are at liberty to make use of this communication, for the benefit of the afflicted, as you may think proper. Truly yours, WM. J. ATWOOD. See advertisement.

IMPORTANT NOTICE.—Those afflicted with Tumors, Wens, Cancers, Deafness, Eye Diseases, or Blindness, Baldness, and any growth or sore that (if curable) they can be cured without knife or pain. No remedy on record ever cured so many hopeless cases. All other diseases treated with positive success. For future particulars write and state disease, and enclose 25 cents. In other letters enclose post stamp. The remedies for blindness and deafness will be mailed to any address on the receipt of One Dollar. Address C. L. KELLEY, Mechanicburg, Cumberland Co., Pa.
