PHILADELPHIA MARKETS:,

MONPAY EVENING, June 25. The Flour market continues inactive for --- the want of stock ; there is some demand for export, but at a price below the views of hold ers, who are generally demanding an advance on previous sales. Standard brands are quoted at \$6,371a6,50 per bbl, most holders - asking the latter rate, but the only sale we hear of is 200 bbls good superfine at our high est figures : 900 bbls extra were sold Saturday. evening, and not before reported, at \$7, and adout 400 bbls condemned Western at \$4,50 per bbl. The home demand continues moderate within the range of \$6,50a8,50 per bbl for common retailing brands to extra and fancy family Flour. Rye Flour and Corn Meal re-

main inactive; the former is held at \$8,25, with small sales, and the latter at \$2,621 per bbl for Penn's Meal, and rather scarce.

Grain comes in slowly, and prime wheat continues scarce and in acquest at full rates Sales include about 2,500" bushels Penna and Delaware red-at-145a150c. mostly-at-the latter rate for prime: 200bushels mixed at 140c; 2,500 bushels poor white at 127c. Rye is in demand with but little offering or selling, and about 1,000 bushels Pennsylvania sold in lots at 73c, in store. Corn is wanted at the late advance, and all offered, only some 3000bushels, were disposed of at 540 for Southern yellow, including, inferior lots at 40a45c, and 300 bushels white at 53c, the latter in store-Oats are plenty and dall with further sales of 5000 bushels Southern at 32a33c, affoat, and

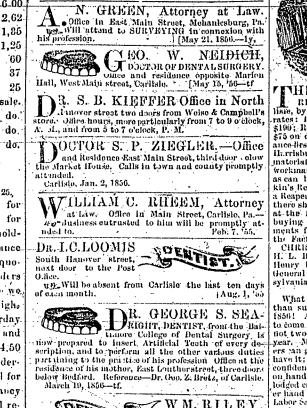

3,500 bushels prime Pennsylvania 35c, in store. . wei

FREMONT AS A LEGISLATOR -C !. Fremont sat in the U.S. Scuate during a portion of one session. Yet, says the Boston Atlas, during that short time, by his excellent judgement and indomitable persistance, he urged through the Senate, against the most formidable opposition, a law for working the gold mines, which settled one of the most difficult practical questions in the world, and settled it for the benefit of free labor. Congress, urged by powerful speculators, both in and out of California, was much inclined to manage the mines on the public domain after, the old Spanish fashion, farming them out so as to derive a large revenue to the government. and leaving the laborers to become either vir tual or actual slaves.

Col. Fremont's bill prevented all this by minute subdivision of the gold bearing terris tory, and granting permits to work them to actual miners on easy conditions. When Col. Fremont was advocating the bill before the Senate, he thus briefly characterized its scope, showing the true pith of his Democ.

ready stated them, are, to exclude all idea of making a National revenue out of these mines -to prevent the possibility of monopolies by monied capitalists-and to give to natural onpital, that is to say, to labor and industry. a fair chance to work, and the secure enjoy ment of what they find."
