FREMONT AND FREEDOM!

WEST PENNSBORO AWAKE!

The friends of FREMONT and Free Kansas are requested to meet in Plainfield, on SATURDAY EVENING, the 27th inst. Several addresses may be expected.

OUR COUNTY TICKET.

We have not thought it necessary to speak in special personal eulogy of each individual on our county ticket. They are all well known to the intelligent people of the county. Their qualifications are conceded by all. They are known as good citizens, as good farmers or as good business men, whose uprightness and integrity of character challenges universal confidence. They will not only receive the united vote of the party which has made them its candidates, but as we have good reason to believe, many votes from their political opponents. The majority which the Union candidate for Canal Commissioner received last fall in Cumberland county, affords abundant evidence that the Union County Ticket can be carried this year by a majority of from THREE to FIVE HUNDRED! Then we were divided—now we are united. But nothing is accomplished without labor. Our friends must not work for a mere majority, but a large and sweeping majority! To effect this let ALL GO TO WORK!

STATE ELECTIONS.—California held its State election on Wednesday, the 3d instant, and we may expect to hear from it in a couple of weeks. There are now no further State elections this month. Georgia and Florida come off on the 6th, and Pennsylvania, Ohio, Indiana and South Carolina on the 14th October. No other State elections take place, after these, till November. Louisiana holds hers on the 3d; Illinois, Michigan, New Jersey, New York and Wisconsin on the 4th—the day of the Presidential election; Mississippi on the 3d and 4th, Maryland, on the 5th, Massachusetts on the 9th, and Delaware on the 10th.

Don't neglect to be assessed!

THE OCTOBER ELECTION.

The First Great Contest!

However they may be divided upon Presidential candidates, the friends of both Fremont and Fillmore are all cordially united in the support of the UNION STATE TICKET for Auditor General, Surveyor General and Canal Commissioner. A few weeks longer, and they will be summoned to the ballot boxes, not only to choose these important State officers, but also members of Congress, and members of the State Legislature. Are they prepared to assume all the responsibilities involved? Are they ready to commence the campaign, and in earnest? All eyes are at this moment, says the Philadelphia Inquirer, a Fillmore paper, directed towards Pennsylvania. She may be said to hold the result in her hand. Let her vote go against the Cincinnati platform, and the Presidential struggle may be regarded as over. That the Opposition of this State constitute the majority, we have not a doubt. All that is necessary, is UNITED ACTION ON THE SECOND TUESDAY IN OCTOBER. On that day, there must be A FULL VOTE THROUGHOUT THE ENTIRE COMMONWEALTH. Let Pennsylvania then speak as she should speak, and there will be a hearty response in every section of the Union. That, we repeat, will be the first great and important struggle. The Opposition have but a single ticket in the field, and they should support it, not only with unanimity, but with confidence and enthusiasm. As Pennsylvania votes in in October, so will the nation at large vote, at the still more important struggle which is to take place in November. The freemen everywhere throughout the State should so understand the case, and govern themselves accordingly. All minor issues should be thrown aside, and a hearty, zealous and unwavering rally should be made for the UNION TICKET, as agreed upon by the various branches of the Opposition.

PROGRESS OF THE CAMPAIGN.—Thus far twenty members of the thirty-fifth Congress have been elected in the States of Iowa, Arkansas, Missouri, Vermont and Maine. Politically, they divide thus:

Table with 4 columns: State, Fremont, Buchanan, Fillmore. Rows: Missouri, Arkansas, Maine, Iowa, Vermont, Total.

In the present Congress the representatives from the above States stand equally divided. At this rate the anti-slavery force in the next House of Representatives will be much greater than it is at present.

The United States Senate consists at present of 37 supporters of Mr. Buchanan, 15 of Mr. Fremont and 7 of Mr. Fillmore. The N. Y. Post calculates that at the beginning of the next Congress the Senate will stand 29 for Buchanan, 25 for Fremont, 8 for Fillmore.

COL FREMONT NO CATHOLIC.

The Newark (N. J.) publishes the following letter from the Rev. Henry Ward Beecher, written from his country residence. It ought to satisfy the doubts of those who still have fears that Col. Fremont is a Catholic.

LEXON, Aug. 25, 1856.

DEAR SIR:—The story of the dog Noble is true, and the record of it you enclosed to me I wrote. Nothing can be more silly than the attempt to fix upon Col. Fremont the Catholic religion. I am personally acquainted with Col. Fremont and his excellent wife; and have repeatedly talked with both upon this subject, minutely, and I must say that in all my life I never knew a lie, so utterly baseless and persisted in, after contradiction, with such wilful malice.

But it is plain that where personalities make up the substance of a campaign argument, there is little else upon which they care to make an issue. It is well the great moral principles, and the civil doctrines which lay at the foundation of our Government are on the Republican side.

Let the falsehoods, and the gross personal abuse be left to those who choose to employ them. Should Colonel Fremont become our next President, I believe that we shall have taken a long and firm step towards the purity of Washington's Administration.

Very truly yours, H. W. BEECHER.

Read the accounts of outrages in Kansas, on our 7th page, and then vote for Fremont.

HON. LEMUEL TODD.

The unanimity with which the Hon. Lemuel Todd has been nominated by the opponents of Buchanan, for a second term in Congress from this district, is, as the York Republican truly observes "a mark of their confidence which is well deserved. The Republican adds that—

The course of Mr. Todd during the late session of Congress, when he proved himself "faithful among the faithless," has secured for him the respect of all who assisted in his elevation to the seat he holds with so much credit, to himself and benefit to the district. He was an influential and industrious member,

such an one as this County and district have reason to be proud of, and, it is not doubted, they will again entrust to him the charge of representing their interests. When a candidate two years since, many persons were doubtful if he would prove true to the trust which was then confided to him, and some went so far as to withhold from him their support, and a number cast their votes for his opponent. This will not be the case now. Everybody has been satisfied with him as a representative—with his position on all questions, and with the broad and comprehensive view of national affairs which characterized his action at Washington. His speeches in the House proved him to be an able and ready debater, and were searching to those who caused him to advert on their principles and conduct. They were of such a character as to please his constituents and command their admiration, whilst they reflected credit on the district. Heretofore, in too many cases, this district has been heard of too little, but in the present Congress men have been made to know that there are such counties in the State of Pennsylvania as York, Cumberland and Perry. We are no longer a blank in Congress; and for this we are indebted to the talents, energy and industry of our present representative. The district, through the ability of Hon. LEMUEL TODD, has taken a proud stand, and whilst he remains as its representative will continue to occupy and maintain that position. For these and other reasons, Mr. Todd is again before the people, placed there without solicitation on his part, but called to serve us again by the spontaneous action of the people of all the counties of the "big district." When a representative has thus met with the enthusiastic approbation of his constituents, all history shows that his re-election has been certain. Such will be the case in this instance, and Hon. LEMUEL TODD WILL GO BACK TO WASHINGTON WITH SUCH AN ENDORSEMENT OF HIS COURSE AS ANY MAN MAY BE PROUD OF. Let us all go to work to obtain this endorsement for a faithful representative. We can elect him by as triumphant a majority as we did two years ago, and LET US RESOLVE TO DO IT.

Our friends in York and Perry may be assured that Cumberland will do her duty by our talented and faithful representative. From every quarter of the county we have the most cheering intelligence in relation to his prospects, and feel warranted in saying that Todd's majority in this county will fall little if any short of his former unprecedented triumph!

The people of Cumberland have no notion of letting down their character for intelligence and discrimination by rejecting a man of genuine ability like LEMUEL TODD to elevate a man so much his inferior in qualification and fitness as Dr. Ahl. They are determined to maintain the present high reputation of the district, and we have all confidence that Mr. Todd will be triumphantly re-elected.

WHIG NATIONAL CONVENTION.—This body will assemble in Baltimore to-morrow, and will of course endorse the nomination of Fillmore, as none but Fillmore men seem to have taken any part in electing delegates to it.

PHILADELPHIA.—The Philadelphia Times, which is laboring very earnestly for Fremont, says that Philadelphia is now good for 15,000 votes for Fremont, and promises 20,000 by November. It says:

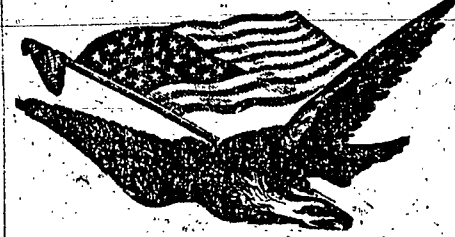

"We say then to all, trust to Philadelphia; she will do her whole duty. Let the West, as she promises to do, send us twenty thousand majority to Alton; let the North send in her ten thousand majority, and all is safe. Our friends abroad will be surprised at the result here; for the Republicans are working in this city as men never worked before, and they will continue to work until November, with as much energy as ever."

"If Fremont be elected, there is not the slightest hope that the Union will last an hour after Mr. Pierce's term expires."—Richmond Enquirer.

"Can't you say one hour and a quarter?"—N. Y. Tribune.

Small profits are not to be despised.

The Great Fremont Triumph in Maine!

BUCHANAN'S FATE SEALED!

Oh have you heard the news from Maine? Oh have you heard the news? The news cannot be news! And Buchanan he shakes in his shoes. That cotton rag, the Democratic flag, Is a peg or two lower down, And just remember, that next November, We'll have it for slaps on the ground.

The Fremont victory in Maine is the grand triumph of the times! It is unparalleled in election annals. The friends of Buchanan are in despair. Their defeat in Maine forces itself upon them as the handwriting on the wall unmistakably indicating the doom of Buchanan. Maine, Vermont and Iowa have already spoken, and their overwhelming majorities only indicate that all New England, with Wisconsin, Illinois, Indiana, Michigan, New York, and New Jersey will thunder the same result, while Pennsylvania will crown the magnificent triumph! The mighty movement for FREEDOM cannot be checked! Its starry standard is borne by FREMONT, the youthful Conqueror, and as dashing aside every obstacle and danger he planted the National Flag on the topmost peak of the Rocky Mountains, so will he bear forward the ensign of Freedom from Victory to Victory!

LATEST RETURNS FROM MAINE.

25,000 Majority!

The latest returns show the vote for government in 323 towns as follows:

Table with 2 columns: Party, Votes. Rows: Hamlin, Republican; Wells, Democrat; Paton, Whig.

Hamlin's majority over Wells is 24,312; over both Wells and Paton, 18,786. The magnitude of the victory may be estimated when it is remembered that in 1852 President Pierce carried Maine by a majority of over 9,000 and that last year the combined majority of the Democrats and Whigs over the Republicans was 7,500! The recent election therefore shows a Republican gain of over 25,000! The six Congressional districts are all carried by the Republicans, by heavy majorities. The largest is that of F. H. Morse, in the Kennebec district, who has about 7,000 majority! The smallest is that of Foster, in the sixth district, who has about 1,000. The State Senate will be unanimously Republican, as is the case in Vermont. Such is the triumph in Maine.

VERMONT AND IOWA.

Full returns from Vermont make the Republican majority fully 25,000! The official returns from Iowa make the Republican majority in the first Congressional district, 6,017, and in the second district, 995. Total Republican majority in the State 6,972! Last year it went Democratic.

ANOTHER ENTHUSIASTIC RALLY.

A large and enthusiastic meeting of the friends of FREMONT and Freedom was held at Glass's Hotel, on Thursday evening last. Mr. JACOB DUZY, an old citizen of the borough, was called to the chair. Mr. Duzy has voted with the sham Democracy all his life and voted for Pierce in 1852, but like scores of others in our midst, is not willing that the iniquitous administration of Franklin Pierce shall be perpetuated by the election of James Buchanan. He is opposed to the extension of slavery and now goes for securing the rights of Free Labor in Kansas and other new territory. Messrs. Frederick Dinkle and George Weise were also elected Vice Presidents, and James Mullin Secretary.

After a number of inspiring national airs had been performed by Spangler's String Band, a company of talented young musicians, who were present, James S. Colwell, Esq., rose and in a few appropriate remarks introduced to the meeting, Col. S. CRAIGHEAD, of Dayton, Ohio. Mr. Craighead spoke at length and in a truly eloquent strain, dwelling upon the slavery question as the great issue before the country—depicting with graphic interest the outrages and atrocities committed by the Border Ruffians to establish slavery in Kansas, and holding up to marked scorn and condemnation the course of Pierce, Douglas and Buchanan, whose reckless subserviency to the Slave power, for the accomplishment of their own ambitious designs, has plunged the country into three sectional agitation, and made the fair plains of Kansas a scene of crime, pillage and civil war. In conclusion the speaker dwelt in terms of eloquent eulogy upon the character of Col. JOHN C. FREMONT, whose distinguished career he traced from boyhood through scenes of trial, difficulty and danger, in all of which he had displayed the lofty courage and integrity of a true hero and won the highest admiration of his countrymen, who now regard the heroic conqueror of California and the intrepid explorer of the Rocky Mountain region, as the very man for the times and the age! Col. Craighead's speech was listened to with the warmest interest throughout, and frequently interrupted by the heartiest demonstrations of applause.

After voting their thanks to Col. Craighead for his eloquent and interesting address the meeting adjourned.

A DRY TIME.—The long protracted drought is the topic of anxious thought and conversation everywhere. Most of the farmers have suspended their seeding operations until a good rain shall put the ground in better condition.
