NORTH MIDDLETON RALLY!

A meeting in favor of the UNION STATE AND COUNTY TICKETS will be held at Middlesex, on MONDAY EVENING, the 29th of September.

WEST PENNSBORO AWAKE!

The friends of FREMONT and Free Kansas are requested to meet in Plainfield, on SATURDAY EVENING, the 27th inst.

ARE YOU ASSESSED?—Our friends in each election District in the County and State should see that every opponent of Buchanan is assessed in due season.

Burlingame Coming!

We have assurances upon which we can rely that the distinguished champion of Freedom, Hon. ANSON BURLINGAME, of Mass., accompanied probably by Ex-Gov. REEDER, of Pa. will speak in Carlisle during the first week of October.

READ BUCHANAN'S TESTIMONY!

"Old documents are ugly things!" So thought the exulting Buchanan men when with fiendish malignity they raked out Col. Fremont's old accounts of war expenditures in California in order to prove him a swindler and defaulter.

VIRGINIA AND MARYLAND.—Full electoral tickets in favor of Fremont have recently been nominated in these States.

The Volunteer's Misrepresentations.

The Volunteer has opened its batteries with furious energy upon the Hon. LEMUEL TODD, our able and faithful Representative in Congress, and evidently expects to put him down by reckless falsehoods and unscrupulous misrepresentations.

The Volunteer commences by calling him a Black Republican and denounces him as an Abolitionist. And so, if THOMAS JEFFERSON, the sage of Monticello, were living, might he be as justly denounced, for Lemuel Todd holds the same principles which Thomas Jefferson incorporated into the celebrated ordinance of 1787!

The Volunteer next endeavors to make the impression—it dare not directly charge him with it—that Mr. Todd voted for the new Compensation bill, which gives members a salary of \$3000 a year. But Mr. Todd VOTED AGAINST that bill and the Volunteer knows it!

The Volunteer's third assertion that the Republicans had the control of the House of Representatives and that by their delay in the election of a Speaker they squandered over \$250,000 of the people's money, disproves itself. The Republicans had not the "control" or they would have elected a Speaker the first day.

The Volunteer in fact tells but one truth, which is that Mr. Todd voted in favor of the proviso to the Army Appropriation bill, denying the President the use of the money until the tyrannical laws of the Kansas Border Ruffian Legislature were repealed. In relation to that vote we have only to say that he and his friends stand ready to defend it.

Southern Buchana Doctrine.

The Richmond (Va.) Enquirer says "the great evil of Northern Free Society is that it is burthened with a servile class of mechanics and laborers, unfit for self-government," and the South therefore have Slavery in the new territories!

Ex-Gov. REEDER OUT FOR FREMONT!

The N. Y. Evening Post publishes a letter from Ex-Gov. Reeder, announcing his intention to take the stump in favor of FREMONT! Gov. Reeder's active influence cannot fail to give a vast accession of strength to Fremont in Pennsylvania.

A GLORIOUS WORK.

The telegraph on Thursday announced the joyful tidings that the Republicans and Americans of Massachusetts had united. The same news came from the Empire State. They have dropped their distinctive significations, and united upon the one great principle of the non-extension of slavery.

There is no doubt that the Buchananites hoped much from the threatened bickerings in Massachusetts. They anticipated a split on the local ticket in New York. All these things are now harmoniously settled. The anti-Buchanan forces are now thoroughly united upon a State ticket throughout every Northern State.

CONCLUSIVE EVIDENCE.

We call the particular attention of our readers to the article in to-day's paper from the New York Evangelist giving the result of the visit of a committee of prominent clergymen of that city to Col. Fremont, at his residence, and his explicit declarations on the subject of his alleged Romanism. This must be regarded as conclusive evidence by every honest man.

A NEAT SPEECH.

Col. Fremont is a man of action rather than of words; but when he does speak it is right to the point. The book-sellers and publishers of the country who were drawn to New York last week, to the number of several hundred, in attendance at the annual Book trade sales, took a vote among themselves, which revealed the fact that over three fourths of their number were for Fremont.

Colonel Fremont: These gentlemen, my friends and booksellers from different parts of the country, take you cordially by the hand. We are not only your political friends, but being also your personal friends, have taken the liberty to call upon you and congratulate you, as the standard bearer of the Republican party of the American Union—a party which, we firmly believe under God, is destined to achieve a moral and political revolution in November next only equal to that which made us a nation. (Applause.)

COL. FREMONT'S RESPONSE.

I have to thank you, gentlemen, for this opportunity to make your acquaintance; I trust to have opportunities hereafter of improving it. (Applause.) It seems to be a distinguishing feature in this great movement of the people to regenerate the Government, that throughout the country the men who are most immediately engaged in elevating and directing our social progress, are acting very cordially at work with us.

When he had ceased speaking, there was a renewal of congratulations, and after nearly an hour spent in pleasant conversation, the publishers and sellers retired.

Town and County Matters.

ANOTHER ENTHUSIASTIC DEMONSTRATION.

Short as was the notice for the meeting, the Court House was crowded to its utmost capacity on Monday evening by the friends of the Union State and County tickets. The meeting was organized by the election of the following officers:

President—JACOB RITZEN, Esq., of North Middleton. Vice Presidents—John McGinnis, John Phillips and Samuel Holliday, of Carlisle; Thos. A. McKinney, of Newville, and Thomas Lee, Jr., of Dickinson. Secretaries—James M. Allen, E. Beatty and George Zinn, of Carlisle. After the officers had taken their seats, James R. Smith, Esq., introduced to the meeting the Hon. ANDREW G. CURTIN, of Centre Co., the popular and distinguished Secretary of the Commonwealth.

ENTHUSIASTIC UNION MEETINGS!

A large and spirited meeting of the friends of the Union State and county tickets was held in Blossville, on Saturday evening, September 12th. The officers were, PAUL RANDOLPH, President; Wm. Blosser, Jr., Jacob Emsinger, Frederick Metzner and Samuel Diller, Vice Presidents; James B. Leckey and William Wagner, Secretaries.

LEWISTOWN GAS WORKS.

The borough of Lewistown, Pa., was illuminated with gas on Thursday night last. The works were constructed by Mr. THOS. S. IRISH, of this borough, the skillful and indefatigable Engineer of the Carlisle water and gas works, and the Lewistown papers award him warm and just praise.

PURCHASE OF GAS WORKS.

"Isabella" Gas Works in Frederick City, Md. were purchased at public sale last week, by Messrs. Brown and Irish, of Carlisle, for the sum of \$24,750. They originally cost over \$40,000.

PAPERTOWN.—A correspondent of the

Baltimore Sun, writing from Papertown, in this county, speaks of that place as "fast attaining celebrity in affording a climate of inestimable value in cases of diseased lungs, bronchitis, or any and all affections of the throat and chest. There is a peculiar softness and dryness of the atmosphere derived from the perpetual circulation of fresh and strong breezes rushing through the gorge of the mountain resembling the high winds of Sharon and Katskill, which prevent dampness sufficient to generate dew, so fatally deleterious to health, as air like water in ponds stagnates for want of circulation, inducing physicians to caution their patients against night air. Here it is as balmy and innocent at midnight as mid-day. The oldest inhabitant informs me," says the writer, "that the average full of dew does not exceed six nights in the year, and then only previous to a long continued storm. The inhalation from the groves of pine and cedar, which give such attraction to Aiken, South Carolina, is here equally balmy and healing."

The early discovery of the peculiar salubrity of this delightful summer resort is ascribed to Dr. T. H. Buckler, a distinguished physician of Baltimore. The excellent and spacious Hotels of Major Patton and Mr. Mopre, it is said, proved entirely insufficient to accommodate the many visitors who applied for rooms during the past season.

A FUGITIVE RECLAIMED.

On the arrival of the train from the West, on Thursday-morning last, at 7 o'clock, a negro man, a passenger, was arrested by a couple of citizens of Virginia who laid claim to him as a fugitive slave. He was taken before Thos. M. Biddle, Esq., U. S. Commissioner, and after a hearing we understand was identified as a fugitive. He was therefore given in possession of the claimants, who in an hour or two more were on their way with him back to Slavery. We were not present at the hearing and did not learn the names of any of the parties. The matter caused no excitement.

TRIBUTE OF RESPECT.

At a meeting of the officers and teachers of the first Lutheran Sabbath School held in the Lecture room of the church, on the evening of the 16th inst., a committee was appointed to draft the following resolutions, expressive of the feeling of the school in the recent death of Mr. JACOB BEEEM:

YORK COUNTY FAIR.

The annual exhibition of the York County Agricultural Society will be held at York, Pa., on Wednesday, Thursday and Friday, the 1st, 2d and 3d days of October. The Society has made every preparation for a creditable exhibition. The premiums offered are quite liberal, and inducements are held out to competitors without regard to locality. All articles intended for the exhibition will be transported by the several Railroad Companies free of charge, and it is expected that visitors to the Fair will be furnished with tickets at reduced rates.

In 1851 there were eleven post offices named Fremont, and only two Buchanan. In Lippincott's Gazetteer we find twenty towns named Fremont and only six for Buchanan. We have also Fremont's Peak, and Fremont Lake. Buchanan nothing that we have ever heard of. These are small things, but show the two men in their true colors—the one all life and energy, the other dull, plodding and prosy.

PERFUMED BREATH.

What lady or gentleman would remain under the curse of a disagreeable breath when by using "THE BALM OF A THOUSAND FLOWERS" as a dentifrice would not only render it sweet but leave the teeth white as alabaster? Many persons do not know their breath is bad, and the subject is so delicate their friends will never mention it. Pour a single drop of "Balm" on your tooth brush and wash the teeth night and morning. A fifty cent bottle will last a year.
