THE PEOPLE'S CANDIDATES

FOR PRESIDENT. JOHN C. FREMONT, of California. FOR VICE PRESIDENT, WM. L. DAYTON, of New Jersey.

ELECTIONS YESTERDAY .- State elec tions took place yesterday in Pennsylvania. Ohio and Indiana. In all these States Congressmen were to be electedin Pennsylvania twenty-five-in Ohio twenty-one-in-Indiana eleven, making fifty seven in all.

Union Electoral Ticket.

The State election being now over it is the duty of the opponents of Buchanan to take immediate steps for uniting their strength on the same Electoral ticket. We publish to-day the address of the Union State Committee in which they propose a plan of union, and the holding of a State Convention on the 21st inst. to carry the plan into effect. A call for a County Convention to appoint delegates to represent Cumberland county, will be found under our editorial head, and we trust will be promptly responded to. The proposed plan we are confident will be accepted alike by Fremont and Fillmore men as entirely FAIR and JUST toward both branches of the opposition. And as it is to the mutual interest of each to unite, we hope delegates will be sent to the Convention and the plan carried into effect without delay.

CHANCES IN THE HOUSE. - Should the Presidential election go into the House of Representatives, the following will be the exact condition of the vote: -For * Fremont-Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New York, Pennsylvania, New Jersey, Ohio, Indiana, Michigan, Wisconsin-13. For Buchanan-Virginia, North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana, Arkansas, California-10. For Fillmore -Delaware, Maryland, Kentucky, Missouri-1. The three States of Tennessee, Texas and Iowa would not vote at all, because Tennessee and Texas are each exactly divided between Eillmore and Buchanan, and Iowa divided between Buchanan and Fremont.

GEARY'S PEACE IN KANSAS !-- Advices from Kansas to the 1st inst. state that Gov. Geary had caused to be arrested and confined in Lecompton on the charge of murder in the first degree one hundred and seven free State men, who are mostly under the charge of Col. Titus.

The first returns of the Congressional election indicate the success of Whitfield, the pro-slavery candidate. The Free State did not probably vote at all.

FLORIDA ELECTION--The Governor's election in Florida, which took place on Thursday lust, is still in-doubt, the vote being exceedingly close between Walker, the American candidate, and Perry, the democratic candidate for Governor. The Americans had made large gains in the counties heard from.

The Richmond Enquirer is abating somewhat the tone of fierceness it lately assumed. It now concedes that there are Southern men who will take office under Fremont. Is this not a most gracious concession? Is it not wonderful that the first families would do any such thing?

The Election -Our Defeat.

We shall not attempt to give expression to the chagrin we feel over the result of yesterday. It is not worth while to indulge in dolorous whining. "We have met the enemy and they are our" -conquerers! The Union may be safe, but the Union Tickets are gone to smash.

the result, at the time of going to press, our candidate for Congress, the Hon. Lemuel Todd, has about 140 majority in Cumberland county, and a flying report from Perry gives him about 150 majority there. But as York is reported to have gone against him by 1000 or more, he is consequently defeated; and that he should be beaten by a man so infinitely his intellectual inferior, we feel. for the credit of the district, to be most mortifying. The Democratic majority on the State ticket in Cumberland coun ty will probably be from 150 to 200.

From other counties we have the fol lowing reported majorities, which if cor rect indicate the success of the Democra tic State ticket.

Botts on Wise.

The Hon. John M. Botts has deliving in Petersburg, Virginia, equally spirited and remarkable with his previous efforts in the present campaign. He went there by invitation of the Executive Committee of the American party in Petersburg, and the audience he addressed numbered two thousand persons. He hurled a haughty defiance at Governor Wise, denounced him as a traitor and a madman, characterised his threats as mere baby talk, spoke of southern disunionism as the old cry of "wolf," blamed Henry Clay for having by his compromise prevented Gen. Jackson from hangdefend Mr. Fillmore's disunion speech at assertion of Col. Fremont." Albany. He took a vote on the question whether disunion should be the remedy in case of Fremont's election and not a single person in all the assembly rose in favor of disunion \ In conclusion, Mr. Botts expressed his belief that the election for President would go into the House of Representatives, when he thought it likely that Fremont would be elected.

The following are some of the points ho

made against Mr. Wise:
Mr. Wise, forgetting so far his high office, calls me a traitor, when he knew that the question of my pardon, if convicted, might come before him who had already prejudged the case. He has the boldness to denounce, but lacks the courage to do what he calls on the Mayor of the city to do for him-arrest me. As if I had committed treason against the Common Council of Richmond! He for gets it is his business to arrest me for trenson that he is liable to be impeached for neglect of duty-his sworn solemn duty. Yet he feels at liberty to play the braggart-dishonoring his office and fomenting discord by writing letters to Forney—it was Forney, I believe— that the election of Fremont would be the cause for a dissolution of the Union, Well, Mr. Mayor, I am at your service. All I ask is that Scott and Wise shall prosecute me, and I shall have the privilege of defending my-

As the charge that Botts would accept office under Fremont, he said:

When John Tyler shook those thirty pieces of silver at me I shook my fist in his face. He shook them at Wise, and Wise pocketed

In regard to the braggart threats of lynching and hanging so freely made, against him by the Richmond Enquirer, Mr. Botts said that he might be overcome, as he never carried arms, but the difficulty was to find some one to head the line to attack him.

FREMONT'S RELIGION-

As the opponents of John C. Fremont are still circulating the base falsehood that he is a Catbolic, making it do service among the credulous, the ignorant, and the uninformed, it is well perhaps to meet it occasionally with evidence to the contrary. It is one of the worst features As nearly as we are able to arrive at of our society—one which every honorable man must deprecate—that partizan strife should constantly degenerate into personal warfare, and that slanders which have time and again been disproved, should by a mean, debased and malignant party press, be iterated and reiterated, until, by the mere force of repetition credulous minds are induced to give them credence. It is so with this Catholic falsehood. Col. Fremont has repeatedly denied that he is or has been a Catholic. Some of the most intelligent men in the community, including a number of eminent divines, have investigated the story and convinced themselves that it is without the shadow of foundation. friends and acquaintances of Col. Fremont, almost without number, have testified to the contrary, and all the evidence which has been brought forward to sustain the charge has been disproved. Yet still the curs bark at the empty hole, and will bark there until after the election. Their course is mean and cowardly, and would be contemptible, if their power for mischief was not infinitely disproportionate to their moral character and standing in the community.

Among the numerous letters from gentlemen who have called upon Col. Fremont, and have heard from his own lips the emphatic declaration that he is no Romanist but belongs to the Protestant Episcopal Church, the recent letter of the ered a speech at an American mass meet- Rev. GEO. DUFFIELD, now Pastor of the Central Presbyterian Church of Philadelphia, is most clear and emphatic. Mr. Duffield is well known and esteemed by our community as the son of the venerable Dr. Duffield, now of Detroit, but formerly Pastor of the first Presbyterian church of this borough. To Mr. Duffield, as to every person else who has ever called upon him, Col. Fremont gave the most in the isstitution which can only be held by s distinct and emphatic denial of the charge graduate, and a graduate of the highest merit, of Romanism, so industriously and maliciously circulated against him. Hereafter, says Mr. Duffield, in the conclusion of his letter, which we will publish entire ing Calhoun in 1833, as he believed him in our next, "all the inferential testito have been the real cause of all our mony in the world will not have a feath present sectional troubles. BALTIMORE CITY ELECTION.—The City election in Bultimore for Mayor and Council, on Wednesday last, resulted in a sweeping victory for the Americans The majority for Thomas Swan, American, for Mayor, is 1580. The Americans have also a majority in each branch of the City Councils. This may be regarded as securing the State for Fillmore.

The election was characterized, especially during the latter part of the day, by great disorder and much fighting. in which pistols and guns were freely used. The fighting in the Fourteenth and Eighth wards was particularly severe, four men being killed and some twenty persons wounded. Among the latter were three children.

More Democrats Abandoning Bu-CHANAN.-GEO. A. COFFEE, the recent editor of the Philadelphia Argus, who has just returned from stumping Pennsylvania for Buchanan, has joined the Democratic Fremont Club in Philadelphia, with a speech endorsing the Republican doctrines. Mr. Coffee was the person who formally announced to Mr. Buchanan his nomination when the Keystone Club visited Wheatland, on their returning from Cincinnati. He was also the orator of the Fourth of July Democratic meeting in Independence Square. HENRY C. WEBB, one of the Democratic State Electors of Wisconsin, has declined the position, and written a letter renouncing Democracy.

CHANGE OF TRAIN'S .- A change of hours on the C. V. Rail Road was made on Monday last. The Morning train for Harris burg now leaves Carlisle at 10.25 o'clock and the afternoon train at 3.55. The morning train from Harrisburg will arrive in Carlisle at 10.05 o'clock, and the afternoon train at 2.40.

DR. G. W. Neidich.-Our young ownsman, Dr. George W. Neidich, we learn has received the appointment of "Demonstrator of Operative Dental Surgery," in the Baltimore Deutal College and has entered upon the duties of his post. As this is a position it may be regarded as a most flattering toke on the part of the Faculty of the College of their high appreciation of Dr. Neidich's abili ties. Last year Dr. N. occupied the positio of Assistant to the Professor of Mechanica Dentistry in the same institution. His pres ent appointment is therefore a decided promotion. From our knowledge of Dr. Neidich' character and skill in his profession we have all confidence that the expectations of the faculty in thus elevating him will be fully met by his satisfactory discharge of the duties.

DON'T FORGET THE FAIR !- In the midst of the election excitement our County Agricultural Fair must not be forgotten. It opens to-day and will continue until Friday. the following resolution was unanimously Since last year material changes have been made in the grounds and new buildings erect ed which will give greater facilities to exhibitors. We learn that yesterday a considerable number of miscellaneous articles, besides farm stock, were brought to the grounds, and we trust the display will come fully up to the gratifying exhibition of last year. clared for Fremont will find it convenient to be present at the Convention.

TRUE SOUTHERN FEELING.—The N. Y. Times gives the following extract of a letter written by a gentleman in North Carolina to a merchant in New York:

"The Presidential contest is the absorbing topic here as elsewhere. The entire vote of the slave States will probably be given to Mr. Buchanan; but we begin to apprehend that Col. Fremont will be the next President, nor will two-fifths of our population regret it. The threat of our politicians that in case he is DALLEY'S GENUINE PAIN EXTRACTOR WILL

elected they will dissolve the Union, is the veriest nonsense that was ever uttered and is so regarded by the great mass of the people. Have you read the speech of Mr. Botts at Richmond? That tells three counties in the State went democratic by decided majorities.
