THE PEOPLE'S CANDIDATES

FOR PRESIDENT. JOHN C. FREMONT, of California FOR VICE PRESIDENT. WM. L. DAYTON, of New Jersey.

ADDRESS OF THE PRESIDENT. OF THE UNION STATE CONVENTION. TO THE PEOPLE OF PENNSYLVANIA.

At a convention of delegates representing the several elements of opposition to the Cin cinnati platform and its nominee-James Bu chanan-held in Harrisburg on Tuesday th 21st inst. it was unanimously agreed to reco mend the Union Electoral ticket, made by the Executive Committees of the American and Republican parties, to the confidence and support of the people of Pennsylvania, as the best and most certain method of saving the State from casting its vote in favor of the Sham Democracy. The basis upon which the Electoral Ticket

The basis upon which the Electoral Ticket is formed, is just and equitable, and enables every voter to carry out his proferences and principles, whilst it efficaciously provides against the evils that would inevitably grow out of a continued separation between the friends of Mr. Fillmore and Mr. Fremont.--The electors are pledged to cast their votes pre-cisely in proportion to the popular...vote given for the respective cand dates as will be seen from the following resolution of the Canvenfrom the following resolution of the Gonven ion, wit: -Resolved that the Union Electoral Ticke

nominated this day, was formed upon a basis of equality and cquity, called for by necessi-ty which admitted no denial except in utter defeat; formed to advance the principles of all and to sacrifico the principles of none opposed to the Sham Demogracy: it is eminent-ly worthy of our hearty support, and we here-by ratify it and pledge ourselves to procure

Its election. This arrangement is a fair and liberal one, and gives to the friends of the respective Pres. and gives to the friends of the respective l'es-idential candidates every opportunity of secu-ring a majority of the Electoral College, and of giving expression to the neutanl-sentiments of the people. While each party is certain of its due proportion of the ticket, their com-bined strength will be directed against a com-mon foe, who must fall before them, stimula-ted as they will by by a generous rivalry, to redoubled exertions. The necessity for the lora-mation con Bloetorial ticket upon the heating mation of an Electoral ticket, upon the basis adopted, is undeninble, and admits of no qual-fifostion: Without union, our dissevered fora oes must necessarily be defented; but, thus united and consolidated, the strength of one party will aid and make effective that of the pitter, and produce by their joint habors a tri-imph that otherwise would be utterly hopeless umph that otherwise would be utterly hopeless. He need ask no favors or give them, and may rest secure in the assurance that every vote deposited for his candidate will be fairly, fully and honestly represented. We, therefore, earnestly call upon all to hopefully enstain the Union ticket, and by its triamphant election, rescue our State and Country from the danger which hangs imme-

Oll Line Democrats!

Do you know that the following resolution word for word, was passed by the Democratic State Convention of Penusylvania, which me at Pittsburg in 1849 75 Rend it, consider it, and see how totally it differs from the Slavery extension doctrines of the C meinnati Platform, bidding of the South, new call upon you to support:

Resolved, That the Democratic party adheres now, as it ever hus done, to the Con-stitution of the country. Its letter and spirit tliey will neither weaken nor destroy, and they re-declaro that Slavery is a domestic local institution of the South subject to State Legislation along and with which the general government has nothing to do. Wherever the State law extends its jurisdiction, the local Institution can continue to exist. Esteeming it a violation of State rights to carry it leyond State limits, we deny the power of any citizen to extend the area of boundage beyond its present dominion, nor do we consider it a part of the compromises of the appnstitution that Slavery should-forever-travel with the advancing column of our territorial progress ! in our history the whole vote exceeds 400,000, reaching the extraordinary fig-- ure of 422,978. The highest vote even cast before was in 1852, when the total vote for President reached 887.844. The increase this year upon the vote of 1852 is therefore 35,114. This result is full of encouraging facts to the friends of the Union Ticket. In a popular vote of nearly half a million the democratic majority does not reach even the paltry amount of three thousand 1 The aggregate vote in the Congressional districts -- shows a still more flattering result. ... In the combined Congressional districts the Buchanan majority is but 1818! Such a vote as the friends of the Union ticket polled this year, would in any; former contest have given them the State by an immense majority. In 1854, the whole vote for Gov. Pollock was 204,511, five thousand less than our vote of this yearand yet he had nearly 38,000 majority These facts should inspire our friends with fresh courage. We have not lost ground but have steadily advanced. We made a good fight in October and we can make a better one in November. Let as again white, and on NEXT TUES-DAY, strike another gallant blow for VICTORY!
