Upon the whole, your Committee are well satisfied that the lastinuton has been well managed for the year just expired. We also see the great necessity of having a Hospital separate and apart from the main bullning, from the fact of persons being sent there with infections diseases, and consequently have to be put into the same house with the rest of the paupers, which ought not so to be. We therefore recommend the erection of a suitable building to be occupied as a Hospital-Respectfully, &c.
