WHITE WHEAT per bushel RED. RYE Córn CLOVERSEED TIMOTHYSEED. WINTER BARLEY.

New Abvertisements.

Is, no doubt, the most wonderful discovery of this age of progress, for it will restore, permanently, gray hair to its original color, sover the head of the haid with a most luxuriant growth, remove at once all dandruf and itching, cure all secofula, and other cutaments cruptions, such as seald head, etc. It will cure, as if by magic, nervous or periodical headache; make the hair soft, closey, and wavy, and proserve the color perfectly, and the hair from falling, to extreme oid age.

The following is from a distinguished member of the medical profession:

PROFESSOR O. J. WOOD—

Dear Siz:—Unsolicited, I send you this certificate. After being nearly baid for a long time, and liaving tried all the hair restoratives extant, and having no fatth in any, I was induced, on-hearing of yours to give it a trial. I placed myself in the hands of a barber, and had my head rubbed with a good stiff brush, and the restorative then applied and well: rubbed in, till the scalp was aglow. This I repeated every morning, and in three weeks the young hair appeared and grew rapidly from August last till the present time, and is now thick, black and strong—self and pleasant to the touch; whereas, before, it was barsh and wirry, what little there was of it, and that little was disappearing very rapidly. I still use your restorative about twice a week, and shall soon have a good and perfect crup of hair. Now, I had read of these things—and who has not? but have not seen hitherto say case where any person's halr was really besiefited by any of the hair tonic, etc., of the day-rand-it really gives me pleasure to recent the reparation to others, and it already has a large and generous sale throughout the Torritory. The people here knew its effects, and have confidence, in it. The supply you sout us, as wholesale acents for the Territory, is mearly exhausted, and daily inquiries are made for it. You deserve oredit for your discovery, and I for one, return you ny that despaired long ago of over effecting any such result. PROFESSOR O. J. WOOD-

De n Sin:—Having become premiturely qiffic gray. I
was induced, some six weeks since, to make a trial of
your Restorative.

I have used less than two bottles,
but the gray hair has an diseppeared; and although
my hair has no had all diseppeared; and although
my hair has no change—is gradually-going—on-and-I-nain great of proofs. I have also been much gratified at
the middly moisture and vigor of the hir, which beseen harth and dry, and it has ceased to come out

CARLYLE, Illinois, June 19, 1856. I have used-Professor Wood's Hair Restorative Andve admired its wonderful effect. My limit was because, as I thought, prematurely gray, but by the use of a "Restorative," It has resumed its original color, and have no doubt, permanently so.
