ORANGE BUDD, Publisher,
No. 191 Water-street, New York. ONLY ONE BOTTLE OF DR SANDFORD'S Invigorator, or Liver Remedy

Invagorator, or Invest intermenty
In required to gue any, one troubled with Liver Complaints, unless the most desperate of clises, when the second bottle will, with system a single failure, restore the patient to health and vigor. We wish to call the attention of all to these facts, that the invigorator is compounded by a physician who has used it in his practice for the past twenty years with a success almost credulous, and that it is entirely vegetable, being composed wholly of gume. Some idea of the sirength of these guns may be formed when it is known one bottle-of the invigorator contains as much strength as one hundred does of the lower of l

lomel without any of its detections ejects.

One bottle is the surest thing known to carry away the bad effects of indicard polson of any kind.
Only one bottle is heeded to throw out of the system the effects of medicine after a long sickness.
One bottle taken for Jaundice removes all yellowness or uniatural color from the skin.
One of the effect of the skin of the effect of the skin when the effect of the skin One dose taken at night loosens the bowels gently, and cures costiveness.
One dose taken after each meal will-cure Dyspepsia.
One dose of two tea-spoonsful will always relieve

One dose of two teas-poonsful will always relieve Bick Headache.

The bottle taken for female obstruction removes the cause of the disease, and makes a perfect cure, 'Only one dose immediately relieves Choile, while One dose often repeated is a sure cure for Cholera. Morbus, and a sure preventative of Cholera. One dose taken often will prevent the resurrence of billious stacks, while it relieves all painful feelings. As 'One or two doses taken occasionally is one of the best remedies for a cold over known.

Thousands of cases of inflammation, and weakness of the lungs have been circed by the Invigorator.

One dose taken a short time before cathing gives vigor to the appellic and makes food digest well.

Due dose often repeated cures Chronic Diarrhea, in its worst forms, while summer and bowel complaints yield almost to the first dose.

One or two doses cares attacks caused by worms, while for worms in children, there is no surer, safer and speedler remedy in the world, as it never fails.

There is no exaggeration in these statemeLts, they are plain and sober facts, that we can give evidence to prove, while all who use it are giving their unanimous testimony in its favor. . 25 beaves, average weight, 395 pounds, (9,875 lbs.) 30 hogs, average weight, 194 pounds, (9,820 lbs.) 7 calves, verage weight. 55 pounds, (446 lbs.) 29 sheep, average weight, 35 pounds, (402 lbs.) making to all 17,252 lbs. We wish all who are sick and dobilitated to try this remedy, and test it theroughly, and any who are not benefited by its use we should like to bear from the hare yet to hear from the tree to the tree of the state of invigators without receiving bounds, for there are sich astonishing modified virtues in it, that all, no matter how long they have been affected, if their complaint arises from a deranged liver, will be benefitted, if not entirely cured.

In no doubt, the most wonderful discovery of this age of progress, for it will restore, permanently, gray halt to its original color, cover the head of the bald with a most luxuriant growth, reinove at once all dandruff and itching, cure all scrofula, and other cutaneous cruptions, such as scald head, etc. It will cure, as if by ungle, nervous or periodical headache; make the hair soft, closy, and wavy, and preserve the color perfectly, and the half from failing, to extreme old age.

The following is from a distinguished member of the medical profession: Sr. Paul, January 1, 1855. PROFESSOR O. J. WOOD-

PROFESSOR O. J. WOOD—

DEAN SIR:—Unsoligited, I send you this certificate. After being nearly baid for a long time, and having tried all the hair restoratives extant, and having no faith in any two hair presentatives extant, and having no faith in any the analysed of hearing of yours to give it a trial. I placed myself in the hands of a barbor, and had my head rubbed with a good still fursh, and the restorative then applied and well rubbed in, till the scalp was aglow. This I operated every moraling, and in three weeks the young hair appeared and-grew rapidly from August last till the present time, and is now thick, black and strong—as Rand, pleasant to the touch; whereas, before, it was harsh and wiry, what little there was of it, and that little was disappearing very rapidly. I still use your restorative about twice a week, and shall soon have a good and perfect crop of lar?. Now, I had read of these things—and who has not? but have not soon lithest only case where any person? hair was really benefitted by any of the hair toulg, etc., of the day; and it really gives me pleasure to record the result of my apprehence. I have recommended your preparation to others, and it already has a large and generous sale throughout the Certificity. The people here know its offects, and have confidence in it. The supply you sent us, as wholesale acounts for the Ferritory, is nearly exhausted, and daily inquiries are made for it You deserve credit for your discovery, and I for one, return you my thanks for the benefit it has done me. for I certainly had despaired long ago of over effecting any such result.

De a Sin:—Having become preciaturely quite gray, I
was laduced, some fix weeks slice, to inake a trial of
your Restorative. I have used less than two bottles,
but the gray hairs have all disappeared; and although
my hair his not fully attained its original color, yot
the process of change is gradually going on, and I am
in great hopes that in a short time my hair will be as
dark as formerly. I have use been much gratified at
the healthy moisture and vigor of the hair, which before was harsh and dry, and it has cassed to come out
as formerly.

Respectfully yours.

Respectfully yours, D. C. M. RUPP. Cirry, Illinois, June 19, 1856.

I have used Professor Wood's Hair Restorative, and have admired its wonderful effect. By hair was become ing, as I thought, prematurely gray, but by the use of his "Restorative," it has resumed its original color, and SIDNEY BREESE, Ex-Senator United States For sale in Carlisle, by S. Teacher in Primary Department in Model Schools.

This institution will be opened for the reception pupils on Wednesday, the 8th of April, 1857. BUILDINGS AND LOCATION.

This school will occupy the convenient and tastefulbuilding of the "Big Spring Literary Institute," in the
borough of Newville, by whose munificent liberality it
has been donated for the use of the school.

The building is a spacious, brick edifice, seventy by
forty feet, three stories in height, and affords ample
room for hall, recitation rooms, the standard advantages
for the location of this school. Easy of access, healthy,
and situated in a bighly intelligent community; it
offers a desirable situation for the teacher and student
to vigorously presecute their studies.

DESIGN.

The Board of Trustees, composed of one Director from

The Board of Trustees, composed of one Director from each school district, in Cumberland, county, have established the school, with the design, that teachers may be properly trained and qualified in the different branches, necessary for a proper prosecution of their professional duties; and, to furnish as far as possible, a model of a well-organized and "Galicintly conducted school, to all others who may desire to attend, and prepare themselves for other positions in life.

COURSE OF STUDIES.

The annexed list of studies is arranged in deparments, without regard to the order, in which the varus branches will be pursued, or to the length of tim which may be devoted to them. BROLISH LANGUAGE.—The Elementary sounds, Spelling and Definition of words, Reading. Elecution, English Grammar, Composition including Rhetoric, the Art of Dotate ora, Geometry, Surveying, Mathematical Geography, in-luding the use of Globes.

THEORY AND PACTICE OF TEACHING.—Intellectual Philosophy, the study of School Systems, Lectures of Education and the Details of Teaching, Practice in Model Schools. Vocal Music throughout the course. Students who do not design to become teachers can select their stud or from the above list, and will be classified according to attainments.

select their stud os from the above list, and will be classified according to attainments.

LECTURES ON TEACHING.—Those Loctures, will be frequent and practical, and comprehend the less modes of application of instruction and discipline in schools. Although not relied upon as the chief basis of instruction; yet, in connection with a rigid study of Text Books, their attility is unquestionable and fully acknowledged. The catechtical mode will be discarded. The student will be expected to master his subjects and rectic them in clear and well chosen language or his own.

MODEL SCHOOLS.—There will be three Model Schools connected with the Normal School, which will be at all times open for observation and practice. The Normal student will be frequently called upon by the Principal to take part in the management and to daspt a propersystem and method in his attempts to teach the young.

DISCIPLINE.—No school can prosper without good discipline. The coverament of the Normal and Model Departments will be such as to afford a model worthy of imitation in our public schools. It will be rigid and impartial, yet, relying much upon the selfer-spect of the pupil. Dismissal will follow all immortality as dungentermally deportment.

TERMS OF TUITION.

Sessions will continue three months.—The tuition will be \$5 per three months including use of apparatus a.c. payable in advance to J. H. Herrori, Esq. Treasurers, Extrilie, Ph. No extra charges will be allowed for any purpose. No deduction made for absence. Books, Stationery, &c., will be furnished at Philadelphia retail prices.

Good board can be obtained in respectable families at \$2,25 per week, including all except washing. The pupils will frequently be visited by the members of the Faculty, and a care exercised over them at all times.

CONDITIONS OF ADMISSION. Male pupils must be sixteen years of age, and female pupils fifteen. Satisfactory evidence of good moral character must be furnished, and the pupils must have healthy constitutions.

EXAMINATIONS. There will be public examinations at the close of each term, both in Normal and Model schools, which the public in invited to attend. A certificate will be awarded to those, who give satisfactory ovidence of accurate attainments combined with ability to treath.

tainments combined with ability to trach.
