Berald & Expositor.

CARLISLE, PA WEDNESDAY, JULY 22, 1857

Union State Ticket,

For Governor. DAVID WILMOT, of Bradford Co. For Judges of the Supreme Court. JAMES VEECH, of Fayette Co. JOSEPH LEWIS; of Chester Co.

For Canal Commissioner. WILLIAM MILLWARD of Philad'a

THE CAMPAIGN. Although the Gubernatorial campaign has not yet fairly opened, it is time that our Republican friends should arouse to a sense of the importance of a thorough county organization. A ticket, headed by such an array of names as Wilmot, Millward, Veech and Lewis, deserves more than a mere passive approval. If we believe that the principles and policy of the party which placed these men before the people, are founded on TRUTH. and RIGHT, we should allow no other county, in the Commonwealth, to go a step beyond us in bold, earnest advocacy

of their election. To do this, successfully, requires intant and efficient organization, in every township and election district, in the County. Vigorous, active, energetic support, you owe as a duty, to those, who are placed in the front rank of the battle, and on you rests the responsibility of victory or defeat. Do not suppose for a moment, that the Democratic party, confiding in their strength, are sitting inactive, around their camp-fires, like the old French Guard, amusing each other with incidents of the late campaign; while some are superintending a general division of the spoils, others are busy marshaling the forces for the coming conflict. Having obtained possession of the General Government they are determined now if possible, to secure an asendency in the State; to counteract their efforts requires vigilance and activity on your part. Go to work with a will, form Wilmot clubs in every township, register your force and make every vote tell.

The northern and western counties, will roll up Wilmot majorities so large as to put all previous calculations at defiance, and if the people of the eastern and middle counties 'do their duty the result will be a signal triumph.

AMENDMENTS TO THE COSSTITUTION. -Ever-since the adoption of the New Constitution by the people of Pennsylvania, there has been a constant tinkering at it by successive Legislatures, until it bids fair to rival in patch-work the shepherd's coat, which, had been so often mended that it was impossible to tell what

part was the original. At the election in October next, the people will be called on to vote, for or against, four proposed alterations, or a mendments to the State Constitution, which have been adopted at the two last sessions of the Legislature, and will be voted upon separately, They are

1: In relation to the creation of Public Debts, prohibiting any increase of the State Debt, or the borrowing of money for state purposes except upon temporary loans, and preventing the state from becomming a stockholder in any corporation or loaning her credit thereto.

2. In reference to the erection of new counties.

· Legislative apportion 3. In re ments and proposing the election of Representatives by single districts.

4. In relation to charters of incorporation, proposing to give the Legislature the power to alter or revoke, any charter when deemed necessary.

We invite the attention of our readers to these amendments, which they will find on the third page of our paper:

It is unfortunate perhaps, for a fair expression of the will of the people, that the vote on the new Constitution, and on all the subsequent, amendments, has been taken at the general elections, in October when in consequence of more exciting issues, constitutional questions have been forgotten or overlooked. One thing is certain however, the state Department is using every means to "Keep it before the people, " by extensive advertising, and no voter, who wishes to inform himself on the subject, can plead ignorance, when he comes to-deposit his vote.

TIME KEEPER .- The Harrisburg Daily Telegraph, makes a daily compla int, against the clock on the Capitol, be cause it 'can't come up to time' why do not, the Harrisburg folks get a clock of their own?.

They have a rickety old Court house with a dilapidated looking Indian on the top of it, that would hardly be tolerated

in a wildcat county. The population, trade and position of Harrisburg would justify the erection of a Court House and county buildings second to none in the State. That once accomplished, with a reliable time-keeper on it, we have no objection to call Harris-

burg a "city." CONVICTED. - After a trial which lasted eleven days, and produced intense interest in the community, the Jury rendered a verdict of guilty of murder in the first degree against Charlotte Jones Henry Fife and Monroe Stewardt, for the murder of the Wilson family, at McKeesport, Allegheny county.

FOR SALE .- Gen G: W. Bowman is about to retire from the Bedford Gasette on account of ill health and offers his establishment for sale. He has conducted it for twenty five years

MONUMENT TO HINEY CLAY ON the 4th inst, the corner stone of the Clay Monument, was laid at Lexington Ky., with ceremonies of much interest in presence of a large concourse of young and old of both sexes, residents and stran-

In the procession, and the only one admitted into the cemetery grounds was the carriage still in good keeping, that was presented to the Hon. Henry Clay by the city of Newark, New Jersy, Nov-28d, 1833. It was ornamented by four-waving white funeral plumes at the corners, and in the rear seat was placed a bust of Clay; also the engraving of Clay's leave taking from the Senate of the Uni-ted States. Within sat the old coachman of Mr. Clay, a venerable, but hale-looking gray haired negro, "Aaron Dupee," who had been bred and born at the "Slashes," in Old Hanover, Va. He traveled with him, he said, when there were no turnpikes in Portugal or in England. He commenced service with him when Jefferson was going out of the Presidency, and has been his faithful servant until the decease of his much be-

loved master. A few aged men were present, who had known the sage as the young Harry tion of some interest, to know who is to rep-of Ashland, who heard him in person denounce the interference of Government in personal liberty, and that of the Press, as early as the alien and sedition laws some had heard his bold advocacy of the war of 1812, of internal improvements and of the American system-his commencement and close of life a Statesman.

Political followers and antagonists, now disarmed, were here to testify to the sincerity, ability and purity of Mr. Clay; men who knew by experience, and youth who had read and heard of his gallant deeds, trooped into the Fayette county seat, and on the early hours of the Fourth Lexington was filled with people from all the adjacent counties .-

The sidewalks were jammed, the windows and housetops were crowded with in the House, and independence enough, to men, women, and children, gazing upon withstand the tribe of borers, who are conthe pagant, that for two hours was passing-through-the avenue, which-was ored with waving flags, and pendant banners, and which thundered with the explosion of artillery, the rattle of drums, and the music of brazen throated instru-

Rev. Robt. S. Breckenridge, himself a proud representative of Kentucky in alents and lineage, stepped forward and addressed, for near two bours, the vast

and attentive auditory.

It was not an address seeking in fine words and glowing periods to creet a monument to the speaker, of his rhetori-cal powers, or to the writer, of his ability in composition, but a noble, simple, earnest, eloquent memorial, in high wor al strains, and deep philosophic teaching by example, from the humble commencement of the Orphan boy of Hanover, to the lofty acquittal by him of every duty faithfully until he, as an American Senator, folded his robes around him to die

in the National Capital. The immense concourse spent an hour about the grounds after the address. Picnic dinners and public barbeoue furnish ed food for the inner man, while around on the green sward, parties spent soci ally the gay passing hours until the grand military review, which was a creditable ffair to the citizen soldiers.

DEATH OF WILD CAT THE SEMINOLE CHIEF.—A letter to the San Antonio You have doubtless learned before this reaches you, that "Wild Cat," the Semi-

Mr. Benjamine Whitman, has assumed the editorial control of the Harrisburg Daily Herald. Mr. W. is a part, the audience room. racy, vigorous writer, and will no doubt keep the Herald up to the same standard bas contracted to finish it by the first of next it had attained under the care of the late May. editor, J. C. Clyde Esq.

PIC-NIC .- The Printers in Harrisburg are making arangements to have a grand pic-nic, some time during the present month. We presume they will have plenty of pi, on hand, and that the Devil will be "chief cook and bottle washer."

APPOINTMENTS -- It is confidently asserted by his friends, that Capt, Geo. Sanderson, of the Lancaster Intelligencer and formerly of this place, has been appointed Treasurer of the Mint at Phila delphia. The post is said to be worth \$6000, a year.

LIGHT BREAKING IN KENTUCKY. - A meeting was held recently, in Newport, Kentucky, to aminate Republican candidates for Congress and the State Senate, at which the following resplutions were adopted:

Resolved. That the prosperity and glorious future of Kentucky, is dear to our hearts, and that the devicements of its immense agricultural and mineral resources should be an are open to an engagement—at oradier's wa-

oultural and mineral resources should be an object of our highest regard.

Resolved, That it is the paramount interest of Kentucky, if she would keep pace with the growth and onward career; of the sister States of the West, to foster and enquirage free white labor, and that all her white of the canada on the constant of the constant

we unfur our banner to the hyeers, with the words of the immortal Pstrick Henry inscribed thereon, Give me Liberty or give me death. Resolved, That we hall with open hearts and open arms, that suvging tide of emigration that is setting in upon us from the old world, and composed of those who seek for that it reedom and human happiness here that is denied ever where else.

that is denied everywhere else.

Resolved, That the existence of Slavery in Kentucky is deeply to be regretted, and that however much difference of opinion may exist n regard to the propriety of abolishing it now still, were we free from it, we would unanimously oppose its introduction here; and while entertaining these principles if appli-

osd. That we heartly adopt the principles of the great American Rapublican party, namely: "non interference (on the part of Gengress or the free States) in regard to sla-very in the sovereign States where it now exists, and non extension of slavery over there-tory now free." d, That we hold with Chief Justice

Marshall, that sovereignty is inherent in the people, and not in property.

Mr. C. G. Payne was non-inated for the State Senate, and B F. Sanford was nominaed for Congress.

WHO IS TO BE OUR NEXT REPRESEN-TATIVE ?- In many counties throughout the State, local conventions of both parties, have been held, and tickets framed, ready for a a county ticket, will press itself upon the attention of the people, and it becomes a quesresent us, in the next Legislature.

cept in a few instances, conceded as a matter of right, to the "upper end" and "lower end," but, as the apportionment bill of last session, gives this county but one member, it will be a the county, he shall be selected. The next session of the Legislature, will be one of unusual interest and it is important, that we should have a man of the right stamp, to represent Cumberland county, no matter whether he is "high up, low down, or middleway." The Union Convention, will come into existence, untransmelled by "pre-emption rights," and may fairly scan the whole county, in search of a man of sufficient ability, to "carry weight" stantly "bobbin' around" for votes, to influ ence partial, or private legislation.

As yet, there seems to be unusual apathy, in regard to the formation of a ticket, we have not heard the name of a single individual mentioned, in connection with any office in the ounty. We have no personal preferences, but, trusting that the intelligence and patriotism, of the party in this county, will ensure a popular ticket, based on a proper regard for what is due to every section of the county, we shall devote our best energies to its support, and if the people are true to their professions, Lished cards of thunks. The Laurel company there can be no fear as to the result in this

THE EMORY M. E. CHURCH.-In our Emory M. E. Church. This edifice when fin- road. ished, will be quite an ornament to the town. The dimensions of the Church, are 70 feet in depth, by 47 in width, with a height of 86 feet be the modern Gothic, the basement will be ington Union, we find the following:elevated two or three steps above the pavement, and will be divided into rooms, for Sun day School and Class-meetings; in this story. there are to be three doors of entrance, from Artillery. ... Pomfret street. Two flights of stairs lead from the vestibule to the audience room, which will be about the size of the First Presbyteripulpit will be at the north and of the church, with forty of his people, fell victims to four cotagonal turrets in front; the angle tur | were arrested by the civil efficers. rets are to be 72 feet high, and the centre

rets will be 90 feet to the pinnagles. Five windows run along each side of the er part will light the basement, and the upper

Mr. John R. Turner is the architect and he active part in restoring order.

THE HARVEST .- The weather for the this time, no doubt, the bay crop has been secured, and our farmers are now busy at their wheat and rye, and if the weather continues favorable, another week, will probably comlete the work. The accounts of the wheat crop in this county are quite encouraging, a large amount was put out last fall, and although the cool weather has kept it back somewhat, we are told that the effect has been to cause the grain to fill better than usual. Some of the wheat near town, is mildewed, but we believe it does not extend to other sections of the county. The oats crop, will be very heavy this season, and the corn looks as his sun declines from the meridian. promising. A backward spring, has thrown the summer work all together, and our farmers are unusually busy, but they'll 'feel good' FRIEND P. when the work is done, and in the meantime they asa console themselves with the reflec tion that "there is a good time coming," when field's "lines." they can "lie back in the tall grass" and sing

be song of harvest home. If any farmer wants a man who can make a

ges. , A CURIOSITY. We were shown a few were fired. The plank is from the heart of the tree and will be finished so as to expose one

of the balls.

People who are curious in such matters, can call at Mr. Fetter's ware-room and examine it, rnd while doing so, they can have an opportunity of looking at some very superior furniture.

NEW LOCOMOTIVE. -The Cumberland.

Valley Rail Road Company, have recently put

Judge Watts," in compliment to the President of the company. The driving wheels are nearly five feet, and the cylinders fourteen inches in diameter, with a stroke of twenty-two inches. Representatives of "Old America" and Young America, are conspicuously dis- dragoons and light artillery, will be detained played on the engine, and the tank is ornaneed with sketches of western life. This comotive is used for f. eight trains alone, Col. John C. Fremont is lying seri. gloser might be affaid, of susuing into the thind end of his own trein.

"Tall pare from little seep pare grow."

"THEM OATS" AGAIN A correspondent rites us the following. ... I saw some onts, few days ago, which puts Col. Nobles' in the shuds, the stalks measured, 6 feet, 64 luches, from and to and.—The heads measured 19 in chest these, i. confider deserve the pame of "call cates.—That grew on the farm of Mr. David Coover, of Upper Allen, and are but a sample of the entire field.

Mi. George Drawbaugh, of West Pennsboro township, brought to our Office yestereny, a stalk of oats, which measures 6 feet 8 inches, length of the head, 15 inches. For healthy, vigorous growth, this stalk of oats is really s

Mr. J. A. Humerich, has also sent us, from his farm in North Middleton, three stalks of Timothy one of which measures 5 feet 8 inches in length, the head measuring 9 Inches. In field of twelve-acres, the average height of he timothy is 5 feet. What makes the growth more extraordinary, is the fact, that is the bud stale loud.

Postscript .- Happy Retreat against the State.-Mr. John Sanderson, has furnished us spirited contest. In our county, as soon as with a stalk of onte, that measures 6 feet 8 the grain is out and housed, the formation of inches, length of the head 22 inches. There measured over 6 feet. This field contains 25 acres, and is farmed by James E Sanderson.

DISTRESSING TO CHEWERS .- Penny-Heretofore, with two members, it-was, expluge, Congress Pluge, Plug Uglies and Pigtail are about to enimnee in price. A hogshead of Tobacco sold in Richmond, Vs. a few days ago, at \$100 per hundred pounds. This is most point to determine, from what part of considered the highest price, yet obtained in Virginia, for tobacco in the leaf.

In connection with this subject we may state that a recipe is going the round of the papers, recommending the application of tobacco juice to make mustaches and whiskers grow. We consider the recipe a humbug, we know sev eral persons in this community, who have used tobacco, for many years, without producing any effect either on mustaches or whiskers.

TEACHER'S CONVENTION. - A State Cotnvenion of Teachers, is to be held at Champersburg, on the 11th; of August next. The Cumberland-Valley-Rail Road Company, will issue half-price tickets, to all Tecahers who attend the Convention; arrangements are making in Chambersburg to accommodate a large number of delegates. We presume the Teachers Association, of this County, will be well represented in that Convention.

A CARD OF THANKS .- The two fire companies of York, that participated in the parade at Chambersburg on the 4th, have pubabys.

"The conductors on the Cumberland Valley, Railroad will please accept our thanks for their ours and attention, both going and relast paper, we gave a brief description of the turning. They are adm rably calculated for ceremonies, at laying the corner stone of the their duties on that admirably conducted Rail-
