

RELIGIOUS REVIVALS. The extraordinary revival of religion now in progress throughout the country, is a leading topic of the press, and is increasing in interest from day to day.

In many of the cities and towns of New England, religion seems to be the chief concern. In Boston, mid-day prayer meetings in South Chapel, are so crowded, that other churches are open every day at noon, and the entire city is distracted off for special religious labors.

In Philadelphia, thousands are attracted daily to Jayne's immense Hall, for the exercises of prayer and exhortation, and on a recent occasion, a congregation, estimated at five thousand, assembled to hear a sermon from the Rev. John Chambers.

In St. Louis, a number of interesting revivals have been going on in the various churches, and great success has attended the efforts of Presbyterians, Methodists and Baptists.

In Madison, Indiana, morning and evening prayer meetings and lectures are held daily, and are nightly in the Presbyterian church and daily in the churches there, have been visited by revivals.

The Western Christian Advocate, published at Cincinnati, of March 10th, contains two columns of brief notices of the revivals in Ohio, Illinois, and Indiana.

GOV. PACKER'S PARDONS. The Volunteer that week gives Gov. Packer a hard rap over the knuckles and the cream of the joke is, that his excellency richly deserves it.

COMING TO THEIR SENSES. Some of the Democracy, and especially some of those of that household, have at last acknowledged Republican truths.

"An effort is to be made to give southern weakness and selfishness an advantage over northern strength and freedom—to place the foot of southern tyranny upon the neck of northern growth and progress, and to sacrifice our interests at the command of arrogance. This is, unfortunately, too true."

"We have always been taught that the will of the people was to be obeyed. In Kansas, four-fifths of the citizens desire a free State, and consequently oppose the Leocompton Constitution, which was made by a meagre minority, and established by force."

"It was by such falsehood and fraud upon the people of Pennsylvania, that Mr. Buchanan secured his present place, but we consider him to be a consistent representative of his party, and of the men who labored most to inflict him upon the country."

"The closing portion of the last question we have made above, brings us to the 'Dread Scott Decision,' as it is called. The Democratic doctrine now, is according to that dogma and the President's 'Kansas Message,' that 'Kansas, or any other Territory, is as much a Slave State as Georgia,' and that the 'Constitution carries slavery into the territories, and wherever else its provisions extend, and by its authority slavery is established there.'"

When the Charter of exploded Popular Sovereignty—the Nebraska bill—was before Congress, no other man made himself so obnoxious in the estimation of the people as did Mr. Douglas. The ease with which he invented falsehoods, his malignant misrepresentation of the Republican party, his indecent and unchristian abuse of the three thousand New England clergymen, and the evil purpose for which the "Missouri Compromise" was repealed—certainly these things are not forgotten.

THE KANSAS BILL. The bill to admit Kansas under the Leocompton Constitution passed the Senate on Thursday last by the following vote: Yeas—Messrs. Allen, Bayard, Benjamin, Briggs, Bright, Brown, Clay, Evans, Fessenden, Fremont, Green, Hamard, Hendricks, Houston, Hunter, Iveson, Johnson, of Arkansas, Johnson of Tennessee, Jones, Kennedy, Sill, Wilson, Pearce, Polk, Bechler, Smith, Thompson, of Kentucky, Thompson, of New Jersey, Toombs, Wright and Yale—63.

Public Prayer Meeting. We understand that a public daily prayer meeting has been commenced in Irving Female College, at Mechanicsburg and will be held every afternoon at 8 o'clock. The great cause of the country is at stake.

SWEARING-THEAT BY.—The following obligation was administered to the graduates at the late commencement of the Oglethorpe Medical College of Savannah.

"You hereby promise and declare, on the receipt of your diploma, that you will maintain the honor, dignity and respectability of the legitimate profession in which you have been educated, and that you will not countenance nor affiliate with any system of irregular practice, nor engage either in manufacture, sale, or recommendation of 'quack' nostrums or patent medicines, nor countenance the practice of the senseless dogmas of Hydropathy, Homoeopathy, or Thompsonianism, under the penalty of having the degree conferred upon you, revoked by your Alma Mater."

FANATICISM.—Judge Loring has at length been removed by the Legislature of Massachusetts, Gov. Banks, having signed the resolution. This proceeding is not very complimentary to the intelligence either of Gov. Banks or the Legislature.

A JAUNT TO DOUBLING GAP. From early childhood we have had a strange predilection for wandering off, and many have been the anxious moments of indulgent parents when their hopeful three year olds have not returned to the shelter of the parental roof.
